

WRD Entertainment, Inc.  
KZLE, Batesville, AR (Facility ID 72262)  
FRN 0006920201

#### EXPLANATION

Station KZLE's facilities were struck by lightning on or about April 6, 2023 causing extensive damage to the electrical systems and equipment, necessitating operation of licensed facilities at 50% power. The lead time on delivery of necessary equipment to restore the licensed facilities is about eight to ten weeks. As a result of the foregoing, the station is operating at 50% reduced power and will remain at reduced power until the equipment can be delivered, and the subsequent repairs completed.

WRD Entertainment, Inc. respectfully requests authorization to keep operating KZLE at reduced power until the equipment can be delivered and the necessary repairs completed.
