

## **DECLARATION OF GLEN WRIGHT**

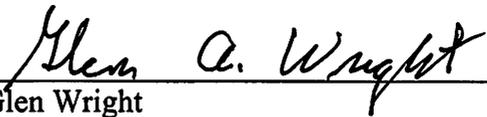

My name is Glen Wright. I am the Trustee of The Kenley D. Squier Living Trust ("Trust"), the ultimate licensee of WVLB, WCVT, WDEV(AM), WDEV(FM) and WEXP(FM) in central Vermont. This declaration is submitted to provide additional information as requested by the Audio Division of the Federal Communications Commission with regards to the pending application for assignment of license of WEXP from Woodchuck Radio, LLC to Mud Radio, LLC Facility Id. No. 65691 (File No. 00000204784).

WEXP is part of a five-station cluster located in central Vermont. The Trust is the sole shareholder or member of Radio Vermont, Inc., Woodchuck Radio, LLC and Radio Vermont Classics, LLC, the licensees of WVLB, WCVT, WDEV(AM), WDEV(FM) and WEXP(FM). Steve Cormier is the General Manager of these radio stations. I have reviewed Mr. Cormier's and Mr. Elliott Morgan's declarations which are being filed with the FCC along with this declaration. Their declarations are an accurate description of how Woodchuck Radio, LLC maintains control over the programming, personnel and finance for WEXP pending the sale of the Station to Mud Radio.

As mentioned above, WEXP is part of a five-station cluster managed by Steve Cormier, our General Manager. As he explains in his declaration, as the one-year anniversary of WEXP remaining silent approached, Woodchuck Radio was faced with a dilemma. Either incur significant costs in engineering expenses in resuming operations and finding programming for WEXP or turn in the station's license for cancellation. It cannot be stated strongly enough that absent a sale of WEXP, we would have turned in the license for the station for cancellation.

Elliott Morgan, a principal of Mud Radio, has been our broadcast engineer for several years. I am pleased that with the assignment of license of WEXP to Mud Radio, the station will continue to serve the public. Mr. Cormier will remain as General Manager for our remaining stations and will have no role with respect to the operations of WEXP after closing.

This declaration is submitted under the penalty of perjury.
