

KUFR SALT LAKE CITY EXTRAORDINARY CIRCUMSTANCES EXHIBIT:

FM BROADCAST STATION KUFR (FIN 20716) LICENSED TO SERVE THE SALT LAKE CITY COMMUNITY BY FAMILY STATIONS, INC. (FSI) WAS GRANTED AN ENGINEERING STA (LMS FILE NO. 0000203084) ON 11/1/2023 TO OPERATE FROM ANOTHER TOWER DUE TO ITS CURRENTLY LICENSED TRANSMITTER SITE BEING ON THE SOUTH TEMPLE TOWER BUILDING IN SALT LAKE CITY, UT.

THE LANDLORD OF SOUTH TEMPLE HAD NOTIFIED FAMILY STATIONS, INC. THAT THEY WERE RENOVATING THE BUILDING AND THE ROOF OF THE BUILDING FROM COMMERCIAL TO RESIDENTIAL AND WOULD BE CUTTING POWER TO THE BUILDING TO FACILITATE THESE RENOVATIONS.

FSI HAD AND CONTINUES TO HAVE AN AGREEMENT WITH WELLS FARGO CENTER TO LOCATE AN ANTENNA TO A POLE ATOP THEIR FACILITY SEVERAL BLOCKS AWAY FROM SOUTH TEMPLE TOWER TO KEEP KUFR ON THE AIR AND HAS CONSTRUCTED THE STA FACILITY WITH EQUIPMENT ON HAND.

THE STA FACILITY WITH NICOM BKG77 (SINGLE BAY) ANTENNA WAS TO AVOID BEING OFF THE AIR WOULD THE CURRENT LOCATION CUT POWER TO THE BUILDING BEFORE A TEMPORARY FACILITY COULD BE CONSTRUCTED.

SINCE STA GRANT, THE LICENSEE CONTINUES TO NEED THE STA FACILITY TO REMAIN ON THE AIR AND SERVE THE SALT LAKE CITY COMMUNITY UNTIL A MINOR MODIFICATION CAN BE FILED. IN ADDITION, FSI INADVERTENTLY MISSED THE EXTENSION DEADLINE AND IS THEREFORE FILING TO RESPECTFULLY REQUEST EXTENSION OF THE ENGINEERING STA (LMS FILE NO. 0000203084) TO CONTINUE TO SERVE THE SALT LAKE CITY COMMUNITY WITH MINIMAL IMPACT.
