LICENSE TO COVER CERTIFICATION

Dear Sir,

This document will confirm that the facility described in FCC construction permit Blank 0000214607 was constructed and has met all technical and other requirements outlined in the construction permit.

This transmission system configuration for KYMB will produce 15.0 kwatts ERP as indicated below in the transmitter system ERP calculation.

Transmission system ERP calculation:

Transmitter Power =	827 W	59.2 dBm
Transmission line loss =	81.2 %	-0.9 dB
<u>Antenna Gain =</u>	<u>22.4</u>	<u>13.5 dB</u>
System ERP =	15.0 kW	71.8 dBm

Sincerely,

Consulting Engineer
