Broadcast Engineering

## Engineer's Affidavit

May 12<sup>th</sup>, 2023

I Matthew Lightner have overseen the complete installation of the SWR FM3RA/2-EP-DA Antenna system for WPMU 89.5MHz DuBois, PA and I certify that it has been installed as per the Manufacturer's instructions and drawings, and that it meets all the parameters of the WPMU Construction Permit.

I have been a member of the Society of Broadcast Engineers since 1994, and have over 30 years of broadcast engineering experience. Over the years, I have supervised the installation of many directional antenna systems. My qualifications are a matter of record with the Commission through many filings over the years.

My firm Lightner Electronics, Inc was retained by Central Pennsylvania Christian Institute, Inc to oversee the antenna installation, and to install and commission the transmitter.

Matthew W. Lightner  
Lightner Electronics, Inc.
