

**SUPPORTING STATEMENT  
APPLICATION FOR NEW EXPERIMENTAL STA  
WKAR-TV, East Lansing, MI  
(FCC Facility ID 6104)**

**EXECUTIVE SUMMARY**

The Board of Trustees of Michigan State University (“MSU”), licensee of noncommercial educational television station WKAR-TV, East Lansing, MI (Facility ID 6014) (“WKAR”), respectfully requests that the Commission grant MSU new Experimental Special Temporary Authority (“Experimental STA”) for a term of one year to enable WKAR to continue operations at its NextGen Media Innovation Lab (“NMIL” or “Lab”).<sup>1</sup> Since its inception pursuant to authorization from the Commission,<sup>2</sup> the NMIL has acted as a testbed for new and innovative broadcast services using the NextGen TV broadcast standard (ATSC 3.0) that can be deployed across the country in support of the public service mission of non-commercial educational television stations. Based on the demonstrated benefits of the NMIL experimental operations, the Commission has repeatedly extended the Experimental STA and accommodated channel changes and technical shifts along the way.<sup>3</sup> MSU greatly appreciates the Commission’s actions that made it possible for WKAR to become the first public media station to receive FCC authorization to explore the capability of ATSC 3.0 to bring new, innovative, and interactive experiences to public television viewers, and kept the NMIL in operation for the past five years.

MSU now seeks to pivot the Lab to a new phase of operation. Since the Commission last granted an extension of WKAR’s current authorization to operate the NMIL in May 2022, Congress has recognized the important work being done at the Lab by making two separate appropriations to MSU for Congressionally Funded Community Grants (CFCGs).<sup>4</sup> As detailed below, these grants will enable MSU to take the work of the Lab to another level. The public interest therefore will be well served from the Commission’s grant of this request for a new Experimental STA.

MSU requests authority to continue operations on channel 35 beginning when its current STA expires on June 11, 2023. We acknowledge that full-service television station WLMB, Toledo, OH (FCC Facility ID No. 17076), currently operating on RF channel 5, has received Commission authority to move its transmissions to channel 35.<sup>5</sup> MSU intends to shift the NMIL’s operations to channel 27 before

WLMB begins operations on channel 35. MSU has communicated with the licensee of WLMB (Dominion Broadcasting, Inc.), which has agreed to provide 45-days' advance notice to both the FCC and WKAR before it expects to commence operations on channel 35 in order to facilitate a smooth transition. See May 22, 2023 email from Jamey Schmitz, Founder, President & CEO of WLMB-TV 40 to Shawn Turner, General Manager and Director of Broadcasting, WKAR Public Media, Attachment 1 hereto. MSU commits to filing a further application with the Commission to enable it to shift the Lab's operations to channel 27 before WLMB commences channel 35 operations. The attached engineering showing demonstrates that the Lab can be operated interference-free on channel 35 (before WLMB shifts to that channel) and on channel 27 (thereafter).

### **THE NEXTGEN MEDIA INNOVATION LAB'S WORK TO DATE**

Thanks to the Commission's grants of experimental authority, the Lab has achieved much in the nearly five years since the agency first authorized MSU to operate the NMIL. MSU has invested more than \$2.6 million in building and operating the Lab, which has developed and tested numerous applications, evaluated commercial platforms, and experimented with use cases ranging from education to emergency alerting to fundraising for public media. We have shared our work and its results with others in the noncommercial television community, so the work of the NMIL continues to help accelerate public television's adoption of ATSC 3.0. Examples of the Lab's work to date include:

- The Lab has supported the broadcast industry by testing ATSC 3.0 receivers and NextGen TVs and worked with technology partners to develop applications for the targeted delivery of enhanced content.
- Through our award-winning, locally produced children's program *Curious Crew*, we have provided custom interactive learning experiences to underserved communities, demonstrating success in encouraging young viewers to actively participate in educational broadcast programming.
- In partnership with the Lansing School District, WKAR has developed a multi-year elementary education support program and provided each kindergartener with a tablet loaded with PBS KIDS games. This program reinforces K-6 curriculum by adding interactive elements to broadcast content and allowing educators to deliver course materials over the air without the need for a broadband connection. Initially, we have targeted to ~2,500 homes in an area of mid-Michigan where more than 20% of children have limited or no broadband access.
- We have brought together emergency personnel and first responders to explore ways in which existing campus alerting systems can be integrated with or leverage the capabilities of ATSC 3.0 to direct specific information to different locations on campus during an emergency.
- WKAR has conducted purposeful outreach to the public television community and hosted other stations' executives and technical personnel at the NMIL, becoming a trusted resource for information to help stations innovate in their communities using versatile apps and other NextGen TV platforms uniquely suited to their public media missions.

Today, the NMIL is continuing to build and test applications, evaluate commercial platforms, and experiment with a variety of use cases. WKAR has focused on using the knowledge gained in the NMIL to build strategies that will guide and empower other public media stations that are preparing to leverage ATSC 3.0. Through purposeful outreach and engagement, WKAR has become a trusted resource sharing

information to help stations innovate in their communities using versatile apps and other NextGen TV platforms uniquely suited to the public media mission.

The above represents just some of the contributions MSU faculty, researchers, and other experts have made to the NMIL's work. Please refer to the statements submitted with the applications referenced in footnote 2 above for additional details.

### **A NEW EXPERIMENTAL STA WILL ENABLE MSU TO CONTINUE TO PROVIDE PUBLIC INTEREST BENEFITS**

MSU conceived the NMIL and sought authorization from the Commission in 2018 to undertake the work noted above, and while we have made significant progress, we are poised to take our work to a new level that has the potential to help address growing disparities in K-12 education. In our last request for an extension, we highlighted the success WKAR has had in infusing interactive content with dynamic data to create custom interactive experiences for viewers of our award-winning children's program, *Curious Crew*. By triggering quizzes and secondary engagement opportunities, we demonstrated, on a small scale, that it is possible to encourage young viewers, particularly those in underserved communities, to actively participate in educational broadcast programming. But this was just the first step. Our work is not done.

To realize the full potential of ATSC 3.0 in supporting the educational needs of underserved communities, we need to go beyond achieving engagement, and the Congressional funding provided through the U.S. Department of Education will enable us to do just that. We intend to collaborate more closely with educators and parents to improve methods for effectively linking in-class curriculum to broadcast content, and to assess the ability of ATSC 3.0 to serve as a learning management system capable of delivering teacher-generated content to students without easy access to broadband.

Our initial work suggests that ATSC 3.0 makes all these objectives possible, and thanks to the Congressional appropriations, we can follow through on this work on behalf of public media stations and educators across the country. In addition to continuing the prior work of the NMIL, MSU is in the process of implementing new programs through the Lab using the funding authorized in the first CFCG appropriated by Congress. The Department of Education made this grant to MSU (for \$1 million) in September 2022 to fund an "education pilot program"<sup>6</sup> and we are spending those funds currently to deliver high-quality interactive educational content to students in underserved communities who lack access to broadband. The funds are allowing WKAR to better understand the circumstances under which teachers, parents, and students will embrace and use NextGen TV technology. Details about the project and WKAR's intent to share lessons learned and best practices with the public broadcasting community were presented at the recent (May 15-17) Annual PBS meeting in San Diego. Based on the number of questions and positive feedback following the presentation, the implications of the project extend far beyond WKAR and the greater Lansing community. The public broadcasting community is eager to leverage the knowledge gained through the NextGen TV education pilot program.

MSU was identified in the fiscal year 2023 federal omnibus budget for a second CFCG grant from the Department of Education to be fully funded in October 2023. This second grant (for over \$1.4 million appropriated in the Consolidated Appropriations Act, 2023) will support the creation of a Lansing School District NextGen TV Family Technology Center, establish a comprehensive professional

<sup>6</sup> See U.S. Department of Education Grant Award Notification, PR/Award Number S215K220137; Project 84.215K – *Strengthening Equitable K-12 Access to Education to the Lansing Area Via Free Over the Air Services*, attached hereto as Attachment 2.

development program for teachers, and provide a scalable, tailored, NextGen TV learning management system to meet the unique needs of Lansing School District students and educators.

With a new Experimental STA, MSU can successfully execute these CFCGs and continue to demonstrate the capabilities of ATSC 3.0 to help address growing disparities in K-12 education and close the digital divide in vulnerable communities. In addition, MSU plans to expand ATSC 3.0 access nodes into schools, community centers, libraries, and other areas where students gather, as well as to assess the ability of ATSC 3.0 to serve as a learning management system capable of delivering teacher-generated content to students without easy access to broadband.

The Lab's work promises to help achieve the Commission's long-standing goal of closing the digital divide. By developing (and then teaching) methods for delivering curriculum-related, educational content to students who do not have easy access to a broadband connection, the Lab can help children from unserved and underserved communities overcome the disadvantages to which they have been subjected.

MSU also plans to use the NMIL to expand its ATSC 3.0 emergency alerting initiative, which has a special important to us given the tragic mass shooting that occurred on our campus on February 13, 2023. We also would continue to serve as a resource to empower other public media stations to leverage the capabilities of ATSC 3.0.

### **MSU IS WORKING TO ESTABLISH A PERMANENT HOME FOR THE LAB**

WKAR is actively engaged in discussions (both internally and with other broadcasters in the mid-Michigan area) to establish a permanently licensed home for the Lab. Doing so is a priority for the MSU College of Communications Arts and Sciences. But because MSU's current authorization for the NMIL expires on June 11, 2023, the requested new authority is required to give MSU time to complete this process.

No stations in the Lansing DMA have yet transitioned to the new NextGen TV broadcast standard. WKAR has been actively engaged with other broadcasters in mid-Michigan communities to implement a permanent solution that will bring ATSC 3.0 to the Lansing area and (we hope) provide a permanently licensed home for the Lab's operations and eliminate the need for experimental authorization from the FCC. MSU also is exploring the possibility of acquiring a licensed facility in our area where the Lab's work can be continued.

Despite the difficulties imposed by the COVID-19 pandemic, in the past five years WKAR has made substantial progress with the NMIL. Through a new Experimental STA, the Commission can help us continue this work. MSU therefore respectfully requests that the Commission grant MSU a new, one-year Experimental STA to fulfill the work called for in our federally funded grant. As noted above, we intend to continue operations initially on channel 35, and will apply to shift to channel 27 when necessary to avoid interfering with station WLMB once it initiates transmissions on channel 35 in Toledo.

### **CONCLUSION**

As demonstrated above, MSU's operation of the NextGen Media Innovation Lab has contributed tangible benefits to the Lansing community and to the public television community. MSU greatly appreciate the Commission's role in authorizing the Lab's access to available spectrum for this important work and respectfully requests your continued support in granting a new Experimental STA as requested herein.

**TERMS AND CONDITIONS**

- (1) The Office of Management and Budget requires all Federal agencies to assign a Federal Award Identifying Number (FAIN) to each of their financial assistance awards. The PR/AWARD NUMBER identified in Block 2 is your FAIN. If subawards are permitted under this grant, and you choose to make subawards, you must document the assigned PR/AWARD NUMBER (FAIN) identified in Block 2 of this Grant Award Notification on each subaward made under this grant. The term subaward means:
  1. A legal instrument to provide support for the performance of any portion of the substantive project or program for which you received this award and that you as the recipient award to an eligible subrecipient. (See 2 CFR 200.331(a))
  2. The term does not include your procurement of property and services needed to carry out the project or program (The payments received for goods or services provided as a contractor are not Federal awards, see 2 CFR 200.501(f) of the OMB Uniform Guidance: "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards").
  3. A subaward may be provided through any legal agreement, including an agreement that you or a subrecipient considers a contract. (See 2 CFR 200.1)
  
- (2) THE FOLLOWING ITEMS ARE INCORPORATED IN THE GRANT AGREEMENT:
  - 1) THE RECIPIENT'S APPLICATION (BLOCK 2);
  - 2) THE APPLICABLE EDUCATION DEPARTMENT REGULATIONS, 2 CFR PART 180 AS ADOPTED IN 2 CFR 3485, AND 2 CFR PART 200 AS ADOPTED AT 2 CFR 3474 (BLOCK 8); AND
  - 3) THE SPECIAL TERMS AND CONDITIONS SHOWN AS ATTACHMENTS (BLOCK 8).

IN ACCORDANCE WITH 2 CFR 200.308(c)(2), CHANGES TO KEY PERSONNEL IDENTIFIED IN BLOCK 5 MUST RECEIVE PRIOR APPROVAL FROM THE DEPARTMENT.

THE RECIPIENT IS REQUIRED TO SUBMIT ALL NECESSARY REPORTS TO THE DEPARTMENT OF EDUCATION WITHIN 120 DAYS AFTER THE END OF FEDERAL SUPPORT (BLOCK 6).
  
- (3) Unless this grant solely funds research, you must comply with new regulations regarding awards to faith-based organizations (FBOs) that provide beneficiary services under this grant or under a contract you award to provide beneficiary services under this grant. These new regulations clarify the rights of FBOs and impose certain duties on FBOs regarding the referral of beneficiaries they serve. See 34 CFR 75.52, 75.712-75.714, appendix A to part 75, and 2 CFR 3474.15. The Department has established a web page that provides guidance on the new regulations, including FAQs and other implementation tools, which is available at <http://www2.ed.gov/policy/fund/reg/fbci-reg.html>. If you have any questions about these regulations, please contact the Education Program Contact identified in Block 3 of this GAN.
  
- (4) To the extent that a grantee has detailed an equipment expense in its budget consistent with 2 CFR 200.439, so long as the expense is both reasonable and necessary, the Department considers the approval of the grant application as also providing the prior approval of this capital expenditure required for general purpose equipment under 2 CFR 200.439.

**US Department of Education  
Washington, D.C. 20202**

S215K220137

**GRANT AWARD NOTIFICATION**

Grantees are expected to follow all applicable Uniform Guidance requirements when using grant funds for the purchase of equipment, including 2 CFR 200.313, 200.436 and 200.439. When Congressionally Funded Community Project funds are used for capital equipment, the grantee must consult with the Department on disposition instructions in the event that the equipment is no longer needed for Federal programs. See, e.g., 2 CFR 200.310-200.313. For example, the U.S. Department of Education may be entitled to an amount calculated by multiplying the current market value or proceeds from sale by the U.S. Department of Education's percentage in the cost of the original purchase (2 C.F.R. 200.313(e)).

- (5) Reimbursement of indirect costs is subject to the availability of funds and statutory and regulatory restrictions. The negotiated indirect cost rate agreement authorizes a non-Federal entity to draw down indirect costs from the grant awards. The following conditions apply to the below entities.

A. All entities (other than institutions of higher education (IHE))

The GAN for this grant award shows the indirect cost rate that applies on the date of the initial grant for this project. However, after the initial grant date, when a new indirect cost rate agreement is negotiated, the newly approved indirect cost rate supersedes the indirect cost rate shown on the GAN for the initial grant. This new indirect cost rate should be applied according to the period specified in the indirect cost rate agreement, unless expressly limited under EDGAR or program regulations. Any grant award with an approved budget can amend the budget to account for a change in the indirect cost rate. However, for a discretionary grant award any material changes to the budget which may impact the scope or objectives of the grant must be discussed with the program officer at the Department. See 34 CFR 75.560 (d)(3) (ii) (part 75 of EDGAR).

B. Institutions of higher education (IHE)

Under 2 CFR part 200, Appendix III, Indirect (F&A) Costs Identification and Assignment, and Rate Determination for Institutions of Higher Education (IHEs), the Department must apply the negotiated indirect cost rate in effect on the date of the initial grant award to every budget period of the project, including all continuation grants made for this project. See 2 CFR Part 200, Appendix III, paragraph C.7. Therefore, the GAN for each continuation grant will show the original indirect cost rate and it applies to the entire period of performance of this project. If the indirect cost rate agreement that is applicable to this grant does not extend to the end of the grant's project period, the indirect cost rate set at the start of the project period must still be applied to the end of project period regardless of the fact that the rate has otherwise expired.

## SPECIFIC GRANT TERMS AND CONDITIONS FOR FINANCIAL AND PERFORMANCE REPORTS

### PERFORMANCE REPORTS:

**(1) FINAL REPORTS - ALL RECIPIENTS** are required to submit a final performance report within 120 days after the expiration or termination of grant support in accordance with submission instructions provided in box 10 of the Grant Award Notification (GAN), or through another notification provided by the Department of Education (Department) ([2 CFR § 200.329\(c\)](#)).

**(2) ANNUAL, QUARTERLY, or SEMIANNUAL REPORTS - ALL RECIPIENTS** of a multi-year discretionary award must submit an annual Grant Performance Report ([34 CFR § 75.118](#)). The annual performance report shall provide the most current performance and financial expenditure information that is sufficient to meet the reporting requirements of 2 CFR §§ [200.328](#), [200.329](#), and [34 CFR § 75.720](#).

Your education program contact will provide you with information about your performance report submissions, including the due date, as a grant term or condition in box 10 on the GAN, or through another notification provided by the Department. The grant term or condition in box 10 on the GAN or another notification may reflect any of the following:

1. That a performance report is due before the next budget period begins. The report should contain current performance and financial expenditure information for this grant. It will either identify the date the performance report is due or state that the Department will provide additional information about this report, including due date, at a later time.
2. That an interim performance report is required because of the nature of the award or because of statutory or regulatory provisions governing the program under which this award is made, and that the report is due more frequently than annually as indicated, e.g., due quarterly and submitted within 30 days after the end of each quarter, or due semiannually and submitted within 30 days after the end of each 6-month period ([2 CFR § 200.329\(c\)\(1\)](#)).
3. That other reports are required, e.g., program specific reports required in a program's statute or regulation.

### **(3) FINANCIAL REPORTS – SOME RECIPIENTS:**

If a financial report is required, your education program contact will provide you with information about your financial report submission, including the due date, as a grant term or condition in box 10 on the GAN, or through another notification.

A [Standard Form \(SF\) 425 Federal Financial Report \(FFR\)](#) is required if:

1. A grant involves cost sharing, and the ED 524B, which collects cost sharing information, is not submitted or a program-specific report approved by U.S. Office of Management and Budget (OMB) does not collect cost sharing information;
2. Program income was earned;

3. Indirect cost information is to be reported and the ED 524B was not used or a program-specific report approved by OMB does not collect indirect cost information;
4. Program regulations or statute require the submission of the FFR; or
5. Specific Award Conditions, or specific grant or subgrant conditions for designation of "high risk," were imposed in accordance with 2 C.F.R. part [200.208](#) and part [3474.10](#) and required the submission of the FFR.

If the FFR is required, the notification may indicate one of the following (see the form and its instructions at [Standard Form \(SF\) 425 Federal Financial Report \(FFR\)](#)):

1. Quarterly - FFRs are required for reporting periods ending on 12/31, 03/31, 06/30, 09/30, and are due within 30 days after each reporting period.
2. Semi-annual - FFRs are required for reporting periods ending on 03/31 and 09/30, and are due within 30 days after each reporting period.
3. Annual - FFRs are required for reporting period ending 09/30, and is due within 30 days after the reporting period.
4. Final - In coordination with the submission of final performance reports, FFRs are due within 120 days after the project or grant period end date (2 CFR [200.328](#)).

When completing an FFR for submission, the following must be noted:

1. *Multiple Grant Reporting Using SF 425A Prohibited:* While the FFR is a governmentwide form that is designed for single grant and multiple grant award reporting, the Department's policy is that multiple grant award reporting is not permitted for Department grants. Thus, a Department grantee that is required to submit an FFR in accordance with any of the above referenced selections must complete and submit one FFR for each of its grants. Do not use the FFR attachment (Standard Form 425A), which is available for reporting multiple grants, for reporting on Department grants. As such, references to multiple grant reporting and to the FFR attachment in items 2, 5 and 10 of the FFR are not applicable to Department grantees. With regards to item 1 of the note found in the FFR Instructions, a grantee must complete items 10(a) through 10(o) for each of its grants. The multiple award, multiple grant, and FFR attachment references found in items 2, 5, 6, before 10(a), in item 10(b), before 10(d), before 10(i) and before 10(l) of the Line Item Instructions for the FFR are not applicable to Department grants.
2. *Program Income:* Unless disallowed by statute or regulation, a grantee will complete item 10(m) or 10(n) in accordance with the options or combination of options as provided in 2 CFR Part [200.307](#). A grantee is permitted, in accordance with 2 CFR Part [200.307](#), to add program income to its Federal share to further eligible project or program objectives, use program income to finance the non-Federal share of the project or program; and deduct program income from the Federal share of the total project costs.
3. *Indirect Costs:* A grantee will complete item 11(a) by listing the indirect cost rate type identified on its indirect cost rate agreement, as approved by its cognizant agency for indirect costs.

A Department grantee that does not have an indirect cost rate agreement approved by its cognizant agency for indirect costs, and that is using the Department approved (beyond the 90-day temporary period) temporary indirect cost rate of 10% of budgeted direct salaries and wages, or the de minimis rate of 10% of modified total direct cost (MTDC) must list its indirect cost rate in 11(a) as a Department Temporary Rate or De Minimis Rate. The de minimis rate of 10% of MTDC consists of:

All direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and subawards and contracts up to the first \$25,000 of each subaward (i.e., subgrant). MTDC excludes equipment, capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant support costs and the portion of each subaward in excess of \$25,000. Other items, including contract costs in excess of \$25,000, may be excluded when necessary to avoid a serious inequity in the distribution of indirect costs (see definition of MTDC at [2 CFR § 200.1](#)).

A training program grantee whose recovery of indirect cost limits indirect cost recovery to 8% of MTDC or the grantees negotiated indirect cost rate, whichever is less in accordance with EDGAR § [75.562 \(c\)](#), must list its rate in 11(a) as a Department Training Grant Rate. The 8% limit does not apply to agencies of Indian tribal governments, local governments, and States<sup>1</sup> as defined in [2 CFR § 200.1](#)

A restricted program grantee must list its rate as a Restricted Indirect Cost Rate in 11(a). A restricted program (i.e., programs with statutory supplement-not-supplant requirements) grantee must utilize a restricted indirect cost rate negotiated with its cognizant agency for indirect costs, or may elect to utilize a restricted indirect cost rate of 8% MTDC if their negotiated restricted indirect cost rate calculated under 34 CFR [75.563](#) and [76.564 – 76.569](#), is not less than 8% MTDC. A State or local government<sup>2</sup> that is a restricted program grantee may not elect to utilize the 8% MTDC rate. Additionally, restricted program grantees may not utilize the de minimis rate, but may utilize the temporary rate until a restricted indirect cost rate is negotiated. If a restricted program grantee elects to utilize the temporary rate, it must list its rate as a Department Temporary Rate in 11(a).

Grantees with indirect cost rates prescribed in program statute or regulation must list their rate as a Rate Required in Program Statute or Regulation in 11(a). Grantees are required to follow program-specific statutory or regulatory requirements that mandate either indirect cost rate type or maximum administrative costs recovery.

For detailed information including restrictions related to temporary, de minimis, training, restricted, and program prescribed indirect cost rates see GAN ATTACHMENT 4.

4. *Supplemental Pages:* If grantees need additional space to report financial information, beyond what is available within the FFR, they should provide supplemental pages. These additional pages must indicate the following information at the top of each page: the PR/Award Number

<sup>1</sup> Note that a State-funded institution of higher education is not considered a “State government” for these purposes; and a Tribal college or university funded by a federally-recognized Tribe is not considered a Tribe for these purposes.

also known as the Federal Identifying Number or FAIN, recipient organization, Unique Entity Identifier, Employer Identification Number (EIN), and period covered by the report.

## AN OVERVIEW OF SINGLE AUDIT REQUIREMENTS OF STATES, LOCAL GOVERNMENTS, AND NONPROFIT ORGANIZATIONS

This GAN ATTACHMENT is **not** applicable to for-profit organizations. For-profit organizations comply with audit requirements specified in block 10 of their Grant Award Notification (GAN).

### Summary of Single Audit Requirements for States, Local Governments and Nonprofit Organizations:

1. Single Audit. A non-Federal entity (a State, local government, Indian tribe, Institution of Higher Education (IHE)<sup>1</sup>, or nonprofit organization) that expends \$750,000 or more during the non-Federal entity's fiscal year in Federal awards must have a single audit conducted in accordance with 2 CFR 200.501, "Audit Requirements," except when it elects to have a program specific audit conducted.
2. Program-specific audit election. When an auditee expends Federal awards under only one Federal program (excluding research and development (R&D)), and the Federal program's statutes, regulations, or the terms and conditions of the Federal award do not require a financial statement audit of the auditee, the auditee may elect to have a program-specific audit conducted. A program-specific audit may not be elected for R&D unless all of the Federal awards expended were received from the same Federal agency, or the same Federal agency and the same pass-through entity, and that Federal agency, or pass-through entity in the case of a subrecipient, approves in advance a program-specific audit.
3. Exemption when Federal awards expended are less than \$750,000. A non-Federal entity that expends less than \$750,000 during the non-Federal entity's fiscal year in Federal awards is exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503, but records must be available for review or audit by appropriate officials of the Federal agency, pass-through entity, and Government Accountability Office (GAO). Generally, grant records must be maintained for a period of three years after the date of the final expenditure report ([2 CFR § 200.334](#))
4. Federally Funded Research and Development Centers (FFRDC). Management of an auditee that owns or operates a FFRDC may elect to treat the FFRDC as a separate entity.
5. Report Submission. To meet audit requirements of U.S. Office of Management and Budget (OMB) Uniform Guidance: Cost Principles, Audit, and Administrative Requirements for Federal Awards (Uniform Guidance), grantees must submit all audit documents required by Uniform Guidance 2 CFR 200.512, including Form SF-SAC: Data Collection Form electronically to the Federal Audit Clearinghouse at:

---

<sup>1</sup> As defined under the Higher Education Act of 1965, as amended (HEA) section 101.

<https://facides.census.gov/Account/Login.aspx>.

The audit must be completed, and the data collection form and reporting package must be submitted within the earlier of 30 calendar days after receipt of the auditor's report(s), or nine months after the end of the audit period. If the due date falls on a Saturday, Sunday, or Federal holiday, the reporting package is due the next business day. Unless restricted by Federal statutes or regulations, the auditee must make copies available for public inspection. Auditees and auditors must ensure that their respective parts of the reporting package do not include protected personally identifiable information. (2 CFR 200.512)

Grantees are strongly urged to obtain the "OMB Compliance Supplement" and to contact their cognizant agency for single audit technical assistance.

The designated cognizant agency for single audit purposes is "the Federal awarding agency that provides the predominant amount of direct funding to the recipient." Grantees should obtain a copy of the OMB Compliance supplement. This supplement will be instructive to both grantees and their auditors. Appendix III of the supplement provides a list of Federal Agency Contacts for Single Audits, including addresses, phone numbers, fax numbers, and e-mail addresses for technical assistance.

For single audit-related questions, if the U.S. Department of Education is the cognizant agency, grantees should contact the Non-Federal Audit Team in the Department's Office of Inspector General, at [oinon-federalaudit@ed.gov](mailto:oinon-federalaudit@ed.gov). Additional resources for single audits are also available on the Non-Federal Audit Team's website at <https://www2.ed.gov/about/offices/list/oig/nonfed/index.html>. For programmatic questions, grantees should contact the education program contact shown on the Department's GAN.

Grantees can obtain information on single audits from:

The OMB website at [www.omb.gov](http://www.omb.gov). Look under Office of Management and Budget (in right column) then click Office of Federal Financial Management (to obtain OMB Compliance Supplement). The SF-SAC: Data Collection Form can be found at the Federal Audit Clearinghouse at: <https://facides.census.gov/Files/2019-2021%20Checklist%20Instructions%20and%20Form.pdf>.

The American Institute of Certified Public Accountants (AICPA) has illustrative OMB Single Audit report examples that might be of interest to accountants, auditors, or financial staff at [www.aicpa.org](http://www.aicpa.org).

Recipients must comply with these conditions under Executive Order 13513, "Federal Leadership on Reducing Text Messaging While Driving," October 1, 2009.

## REGISTRATION OF UNIQUE ENTITY IDENTIFIER (UEI) NUMBER AND TAXPAYER IDENTIFICATION NUMBER (TIN) IN THE SYSTEM FOR AWARD MANAGEMENT (SAM)

The U.S. Department of Education (Department) Grants Management System (G5) disburses payments via the U.S. Department of Treasury (Treasury). The U.S. Treasury requires that we include your Tax Payer Identification Number (TIN) with each payment. Therefore, in order to do business with the Department you must have a registered Unique Entity Identifier (UEI) and TIN number with the SAM, the U.S. Federal Government's primary registrant database. If the payee UEI number is different than your grantee UEI number, both numbers must be registered in the SAM. Failure to do so will delay the receipt of payments from the Department.

A TIN is an identification number used by the Internal Revenue Service (IRS) in the administration of tax laws. It is issued either by the Social Security Administration (SSA) or by the IRS. A Social Security number (SSN) is issued by the SSA whereas all other TINs are issued by the IRS.

The following are all considered [TINs according to the IRS](#).

- Social Security Number "SSN"
- Employer Identification Number "EIN"
- Individual Taxpayer Identification Number "ITIN"
- Taxpayer Identification Number for Pending U.S. Adoptions "ATIN"
- Preparer Taxpayer Identification Number "PTIN"

If your UEI number is not currently registered with the SAM, you can easily register by going to [www.sam.gov](http://www.sam.gov). Please allow 3-5 business days to complete the registration process. If you need a new TIN, please allow 2-5 weeks for your TIN to become active. If you need assistance during the registration process, you may contact the SAM Federal Service Desk at 866-606-8220.

If you are currently registered with SAM, you may not have to make any changes. However, please take the time to validate that the TIN associated with your UEI is correct.

If you have any questions or concerns, please contact the G5 Hotline at 888-336-8930.

## SYSTEM FOR AWARD MANAGEMENT AND UNIVERSAL IDENTIFIER REQUIREMENTS

### 1. Requirement for System for Award Management (SAM)

Unless you are exempted from this requirement under 2 CFR 25.110, you are, in accordance with your grant program's Notice Inviting Applications, required to maintain an active SAM registration with current information about your organization, including information on your immediate and highest level owner and subsidiaries, as well as on all predecessors that have been awarded a Federal contract or grant within the last three years, if applicable, at all times during which you have an active Federal award or an application or plan under consideration by a Federal awarding agency. To remain registered in the SAM database after your initial registration, you are required to review and update your information in the SAM database on an annual basis from the date of initial registration or subsequent updates to ensure it is current, accurate and complete.

### 2. Requirement for Unique Entity Identifier (UEI) Numbers

If you are authorized to make subawards under this award, you:

1. Must notify potential subrecipients that they may not receive a subaward from you unless they provided their UEI number to you.
2. May not make a subaward to a subrecipient when the subrecipient fails to provide its UEI number to you.

### 3. Definitions

For purposes of this award term:

1. System for Award Management (SAM) means the Federal repository into which a recipient must provide information required for the conduct of business as a recipient. Additional information about registration procedures may be found at the SAM internet site (currently at <https://www.sam.gov>).
2. Unique Entity Identifier (UEI) means the identifier assigned by SAM registration to uniquely identify business entities.
3. Recipient means a non-Federal entity that receives a Federal award directly from a Federal awarding agency to carry out an activity under a Federal program. The term recipient does not include subrecipients. See 2 CFR 200.86.
4. Subaward means an award provided by a pass-through entity to a subrecipient for the subrecipient to carry out part of a Federal award received by the pass-through entity. It does not include payments to a contractor or payments to an individual that is a beneficiary of a Federal program. A subaward may be provided through any form of legal agreement, including an agreement that the pass-through entity considers a contract. See 2 CFR 200.92.

5. Subrecipient means a non-Federal entity that receives a subaward from a pass-through entity to carry out part of a Federal program; but does not include an individual that is a beneficiary of such program. A subrecipient may also be a recipient of other Federal awards directly from a Federal awarding agency. See 2 CFR 200.93.

\_\_\_\_\_ Statutory Requirement or Other Special Condition

**When completing an FFR for submission in accordance with the above referenced selection, the following must be noted:**

1. While the FFR is a government wide form that is designed for single grant and multiple grant award reporting, the U.S. Department of Education's (EDs) policy is that multiple grant award reporting is not permitted for ED grants. Thus, an ED grantee that is required to submit an FFR in accordance with any of the above referenced selections must complete and submit one FFR for each of its grants. The FFR attachment (Standard Form 425A), which is available for reporting multiple grants, is not to be used for ED grants. As such, references to multiple grant reporting and to the FFR attachment in items 2, 5 and 10 of the FFR are not applicable to ED grantees. With regards to item 1 of the note found in the Federal Financial Report Instructions, it is EDs policy that a grantee must complete items 10(a) through 10(o) for each of its grants. The multiple award, multiple grant, and FFR attachment references found in items 2, 5, 6, before 10(a), in item 10(b), before 10(d), before 10(i) and before 10(l) of the Line Item Instructions for the Federal Financial Report are not applicable to ED grants.
2. Unless disallowed by statute or regulation, a grantee will complete item 10(m) or 10(n) in accordance with the options or combination of options as provided in 34 CFR 74.24(a)-(h) and 34 CFR 80.25(a)-(h). A grantee is permitted, in accordance with 34 CFR 74.24(a)-(h) and 34 CFR 80.25(a)-(h), to add program income to its Federal share to further eligible project or program objectives, use program income to finance the non-Federal share of the project or program; and deduct program income from the Federal share of the total project costs.
3. A grantee will complete item 11(a) by listing the rate type identified in its indirect cost rate agreement, as approved by its cognizant agency. An ED grantee that does not have an indirect cost rate agreement approved by its cognizant agency, and that is using the ED approved temporary rate of 10% of budgeted direct salaries and wages, must list its rate in 11(a) as an ED Temporary Rate. A training program grantee whose recovery of indirect cost is limited to 8% of a modified total direct cost base in accordance with EDGAR § 75.562 (c), must list its rate as an ED Training Grant Rate. A restricted rate program grantee (such as one with a supplement-not-supplant grant provision) that has not negotiated an indirect cost agreement with its cognizant agency and that has limited the recovery of indirect costs in accordance with 34 CFR 75.563 and 76.564 (c), must list its rate as an ED Restricted Rate.
4. Quarterly, semi-annual, and annual interim reports shall be due within 45 days after the end of the reporting period. Although the Office of Management and Budget (OMB) published in its December 7, 2007 Federal Register Notice (72 FR 69236) that interim reports are due within 45 days of the interim reporting end dates instead of within 30 days as originally identified, OMB has not revised the FFR instructions to reflect this change. Grantees are, nevertheless, permitted to exercise the 45 day period as published by OMB

within the Federal Register. Final reports shall be due no later than 90 days after the project or grant period end date. Extensions of reporting due dates may be approved by the program office upon request by the grantee.

5. If grantees need additional space to report financial information, beyond what is available within the FFR, they should provide supplemental pages. These additional pages must indicate the following information at the top of each page: Federal Grant or other identifying number, recipient organization, Data Universal Number System (DUNS) number, Employer Identification Number (EIN), and period covered by the report.

## KEY FINANCIAL MANAGEMENT REQUIREMENTS FOR DISCRETIONARY GRANTS AWARDED BY THE DEPARTMENT OF EDUCATION

The Department expects grantees to administer Department grants in accordance with generally accepted business practices, exercising prudent judgment so as to maintain proper stewardship of taxpayer dollars. This includes using fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds. In addition, grantees may use grant funds only for obligations incurred during the funding period.

Title 2 of the Code of Federal Regulations Part 200, "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards," establishes requirements for Federal awards made to non-Federal entities. The Education Department General Administrative Regulations in 34 CFR (EDGAR) 75, 76, 77, 79, 81, 82, 84, 86, 97, 98, and 99 contain additional requirements for administering discretionary grants made by this Department. The most recent version of these regulations may be accessed at the following URLs:

[The Education Department General Administrative Regulations \(EDGAR\)](#)

[2 CFR Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards](#)

The information on page 2, "Selected Topics in Administering Department Discretionary Grants," highlights major administrative requirements of 2 CFR Part 200. In addition, a few of the topics discuss requirements that the Department imposes on its discretionary grantees under EDGAR, Part 75 (Direct Grants). The specific sections of 2 CFR Part 200 and of EDGAR that address the topics discussed are shown in parentheses. The Department urges grantees to read the full text of these and other topics in EDGAR and in 2 CFR Part 200.

Grantees are reminded that a particular grant might be subject to additional requirements of the authorizing statute for the program that awarded the grant and/or any regulations issued by the program office. Grantees should become familiar with those requirements as well, because program-specific requirements might differ from those in 2 CFR Part 200 and in EDGAR.

The Department recommends that the project director and the fiscal management staff of a grantee organization communicate frequently with each other about the grant budget. Doing so will help to assure that you use Federal funds only for those expenditures associated with activities that conform to the goals and objectives approved for the project.

Grantees may direct any questions regarding the topics discussed on page 2, "Selected Topics in Administering Department Discretionary Grants," or about any other aspect of administering your grant award to the Department program staff person named in Block 3 of the Grant Award Notification.

## SELECTED TOPICS IN ADMINISTERING DEPARTMENT DISCRETIONARY GRANTS

### I. Financial Management Systems (2 CFR Part 200.302)

In general, grantees are required to have financial management systems that:

- \* provide for accurate, current, and complete disclosure of results regarding the use of funds under grant projects;
- \* provide adequate source documentation for Federal and non-Federal funds used under grant projects;
- \* contain procedures to determine the allowability, allocability, and reasonableness of obligations and expenditures made by the grantee; and
- \* enable the grantee to maintain effective internal control and fund accountability procedures, e.g., requiring separation of functions so that the person who makes obligations for the grantee is not the same person who signs the checks to disburse the funds for those obligations.

State systems must account for funds in accordance with State laws and procedures that apply to the expenditure of and the accounting for a State's own funds. A State's procedures, as well as those of its subrecipients and cost-type contractors, must be sufficient to permit the preparation of reports that may be required under the award as well as provide the tracing of expenditures to a level adequate to establish that award funds have not been used in violation of any applicable statutory restrictions or prohibitions.

### II. Federal Payment (2 CFR Part 200.305)

Under this part --

- \* the Department pays grantees in advance of their expenditures if the grantee demonstrates a willingness and ability to minimize the time between the transfer of funds to the grantee and the disbursement of the funds by the grantee;
- \* grantees repay to the Federal government interest earned on advances; and
- \* grantees, generally, must maintain advance payments of Federal awards in interest bearing accounts.

In general, grantees should make payment requests frequently, only for small amounts sufficient to meet the cash needs of the immediate future.

The Department has recently encountered situations where grantees failed to request funds until long after the grantee actually expended its own funds for the costs of its grant. Grantees need to be aware that, by law, Federal funds are available for grantees to draw down for only a limited period of time, after which the funds revert to the U.S. Treasury. In some cases grantees have requested funds too late for the Department to be able to pay the grantees for legitimate costs incurred during their project periods.

The Department urges financial managers to regularly monitor requests for payment under their grants to assure that Federal funds are drawn from the Department G5 Payment System at the time those funds are needed for payments to vendors and employees.

### **III. Personnel (EDGAR §§ 75.511-75.519 and 2 CFR Part 200 Subpart D and E)**

The rules governing personnel costs are located in EDGAR Part 75 and 2 CFR Part 200 Subparts D and E. Part 75 covers issues such as paying consultants with grant funds, prohibiting dual compensation of staff, and waiving the requirement for a full-time project director. The rules clarifying changes in key project staff are located in 2 CFR Part 200.308 (c)(2). General rules governing reimbursement of salaries and compensation for staff working on grant projects are addressed in the cost principles in 2 CFR Part 200 Subpart D and E. In all cases, payments of any type to personnel must be supported by complete and accurate records of employee time and effort. For those employees that work on multiple functions or separately funded programs or projects, the grantee must also maintain time distribution records to support the allocation of employee salaries among each function and separately funded program or project.

### **IV. Cost Principles (2 CFR Part 200 Subpart E)**

All costs incurred under any grant are subject to the cost principles found in 2 CFR Part 200 Subpart E. The cost principles provide lists of selected items of allowable and unallowable costs, and must be used in determining the allowable costs of work performed under the grant.

### **V. Procurement Standards (2 CFR Part 200.317-327)**

Under 2 CFR Part 200.317, States are required to follow the procurement rules the States have established for purchases funded by non-Federal sources. When procuring goods and services for a grant's purposes, all other grantees may follow their own procurement procedures, but only to the extent that those procedures meet the minimum requirements for procurement specified in the regulations. These requirements include written competition procedures and codes of conduct for grantee staff, as well as requirements for cost and price analysis, record-keeping and contractor compliance with certain Federal laws and regulations. These regulations also require grantees to include certain conditions in contracts and subcontracts, as mandated by the regulations and statutes.

### **VI. Indirect Costs (EDGAR §§75.560-564 and 2 CFR Part 200.414)**

In addition to the information presented below, see GAN ATTACHMENT 4 for additional information including restrictions related to temporary, de minimis, training, restricted, and program prescribed indirect cost rates.

#### **A. Unrestricted Indirect Cost Rate**

To utilize an unrestricted indirect cost rate, a grantee must have an indirect cost agreement with its cognizant agency, submit an indirect cost rate proposal to its cognizant agency for indirect

costs (cognizant agency) within 90 days after the award of this grant or elect to utilize the de minimis rate under 2 CFR § 200.414(f) or the temporary indirect cost rate (subject to limitations described below).

The grantee must provide proof of its negotiated indirect cost rate agreement to the Department as soon as it has signed such an agreement with its cognizant agency.

#### B. Temporary Indirect Cost Rate

A grantee that does not have a current negotiated indirect cost rate agreement may recover indirect costs at a temporary rate, which is limited to 10% of budgeted direct salaries and wages (See 34 CFR § 75.560(c)); or it may choose not to charge indirect costs to the grant. The temporary rate can only be used for 90 days unless the exceptional circumstances apply under 34 CFR § 75.560(d)(2).

If the grantee has not submitted its indirect cost proposal to its cognizant agency within the 90-day period, it may no longer recover indirect costs utilizing the temporary indirect cost rate until it has negotiated an indirect cost rate agreement with its cognizant agency. Once a grantee obtains a federally recognized indirect cost rate that is applicable to this grant, the grantee may use that indirect cost rate to claim indirect cost reimbursement.

#### C. De minimis Indirect Cost Rate

Institutions of Higher Education (IHEs), federally-recognized Indian Tribes, State and Local Governments<sup>1</sup> receiving less than \$35 million in direct federal funding, and nonprofit organizations, if they do not have a current negotiated (including provisional) rate, and are not subject to the Department's training rate or restricted rate (supplement-not-supplant provisions) may elect to charge a de minimis indirect cost rate of 10% of modified total direct costs (MTDC). This rate may be used indefinitely.

MTDC consists of all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and subawards and contracts up to the first \$25,000 of each subaward (i.e., subgrant). MTDC excludes equipment, capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant support costs and the portion of each subaward in excess of \$25,000. Other items, including contract costs in excess of \$25,000, may be excluded when necessary to avoid a serious inequity in the distribution of indirect costs (see definition of MTDC at 2 CFR § 200.1).

Additionally, the de minimis rate may not be used by grantees that are subject to the Department's training indirect cost rate (34 CFR § 75.562) or restricted indirect cost rate. The de minimis rate may be used indefinitely. However, if a grantee chooses to use the de minimis rate to recover indirect costs, it must do so for all of its Federal awards until such time as the grantee negotiates an indirect cost rate with its cognizant agency. Once a grantee obtains a federally recognized indirect cost rate that is applicable to this grant, the grantee may use that indirect cost rate to claim indirect cost reimbursement.

---

<sup>1</sup> Note that a State-funded institution of higher education is not considered a "State government" for these purposes.

D. Programs with a Supplement-not-supplant requirement (restricted indirect cost rate)

A restricted program (i.e., programs with statutory supplement-not-supplant requirements) grantee must utilize a restricted indirect cost rate negotiated with its cognizant agency for indirect costs, or may elect to utilize a restricted indirect cost rate of 8% MTDC if their negotiated restricted indirect cost rate calculated under 34 CFR 75.563 and 76.564 – 76.569, is not less than 8% MTDC. A State or local government<sup>2</sup> that is a restricted program grantee may not elect to utilize the 8% MTDC rate. Additionally, restricted program grantees may not utilize the de minimis rate, but may utilize the temporary rate until a restricted indirect cost rate is negotiated.

E. Training Grant Indirect Cost Rate

If the grantee is a training grant recipient and is not a State, local, or Tribal government<sup>3</sup>, the grantee must negotiate a rate under 34 CFR 75.562. This provision limits indirect cost recovery to 8% of modified total direct costs or the grantees negotiated indirect cost rate, whichever is less.

The recovery using the training grant indirect cost rate is subject to the following limitations:

- i. The lesser of the 8% indirect cost rate or negotiated indirect cost rate also applies to sub-awards that fund training.
- ii. The 8% limit does not apply to agencies of Indian tribal governments, local governments, and States as defined in 2 CFR § 200.1, respectively.
- iii. Indirect costs in excess of the 8% limit may not be charged directly, used to satisfy matching or cost-sharing requirements, or charged to another Federal award.
- iv. A grantee using the training rate of 8% is required to have documentation available for audit that shows that its negotiated indirect cost rate is at least 8%.

F. Program-Specific Indirect Cost Rate

Grantees are required to follow program-specific statutory or regulatory requirements that mandate either indirect cost rate type or maximum administrative costs recovery instead of the general requirements described here.

**VII. Audit Requirements (2 CFR Part 200 Subpart F)**

2 CFR 200 Subpart F requires that grantees that are non-Federal entities (a State, local government, Indian tribe, IHE, or nonprofit organization that carries out a Federal award as a recipient or subrecipient) obtain a non-Federal audit of their expenditures under their Federal grants if the grantee expends more than \$750,000 in Federal funds in one fiscal year. 2 CFR Part 200 Subpart F contains the requirements imposed on grantees for

audits done in connection with the law.

The Department recommends hiring auditors who have specific experience in auditing Federal awards under the regulations and the Compliance Supplement.

**VIII. Other Considerations**

Some other topics of financial management covered in 2 CFR Part 200 that might affect particular grants include program income (2 CFR Part 200.307), cost sharing or matching (2 CFR Part 200.306), property management requirements for equipment and other capital expenditures (2 CFR Parts 200.313, 200.439).

## MEMORANDUM TO ED DISCRETIONARY GRANTEES

You are receiving this memorandum to remind you of Federal requirements, found in 2 CFR Part [200](#), *Uniform Administrative Requirements, Cost Principles, and Audit Requirements*, regarding cash drawdowns under your grant account.

For any cash that you draw from your Department of Education (*the Department*) grant account, you must:

- draw down only as much cash as is necessary to meet the immediate needs of the grant project;
- keep to the minimum the time between drawing down the funds and paying them out for grant activities; and
- return to the Government the interest earned on grant funds deposited in interest-bearing bank accounts except for a small amount of interest earned each year that your entity is allowed to keep to reimburse itself for administrative expenses).

In order to meet these requirements, you are urged to:

- take into account the need to coordinate the timing of drawdowns with prior internal clearances (e.g., by boards, directors, or other officials) when projecting immediate cash needs so that funds drawn down from ED do not stay in a bank account for extended periods of time while waiting for approval;
- monitor the fiscal activity (drawdowns and payments) under your grant on a continuous basis;
- plan carefully for cash flow in your grant project during the budget period and review project cash requirements before each drawdown; and
- pay out grant funds for project activities as soon as it is practical to do so after receiving cash from the Department.

Keep in mind that the Department monitors cash drawdown activity for all grants. Department staff will contact grantees who appear to have drawn down excessive amounts of cash under one or more grants during the fiscal quarter to discuss the particular situation. For the purposes of drawdown monitoring, the Department will contact grantees who have drawn down 50% or more of the grant in the first quarter, 80% or more in the second quarter, and/or 100% of the cash in the third quarter of the budget period. However, even amounts less than these thresholds could still represent excessive drawdowns for your particular grant activities in any particular quarter. Grantees determined to have drawn down excessive cash will be required to return the excess funds to the Department, along with any associated earned interest, until such time as the money is legitimately needed to pay for grant activities. If you need assistance with returning funds and interest, please contact the Department's G5 Hotline by calling 1-888-336-8930.

Grantees that do not follow Federal cash management requirements and/or consistently appear on the Department's reports of excessive drawdowns could be:

- subjected to specific award conditions or designated as a "high-risk" grantee [2 CFR Part [200.208](#) and 2 CFR [3474.10](#)], which could mean being placed on a "cash-reimbursement" payment method (i.e., a grantee would experience the inconvenience of having to pay for grant activities with its own money and waiting to be reimbursed by the Department afterwards);

**GAN ENCLOSURE 2**

Revised 03/2021

- subject to further corrective action;
- denied selection for funding on future ED grant applications [EDGAR [75.217\(d\)\(3\)\(ii\)](#)]; and/or
- debarred or suspended from receiving future Federal awards from any executive agency of the Federal government.

You are urged to read 2 CFR Part 200.[305](#) to learn more about Federal requirements related to grant payments and to determine how to apply these requirements to any subgrantees. You are urged to make copies of this memorandum and share it with all affected individuals within your organization.

## THE USE OF GRANT FUNDS FOR CONFERENCES AND MEETINGS

You are receiving this memorandum to remind you that grantees must take into account the following factors when considering the use of grant funds for conferences and meetings:

- Before deciding to use grant funds to attend or host a meeting or conference, a grantee should:
  - Ensure that attending or hosting a conference or meeting is consistent with its approved application and is reasonable and necessary to achieve the goals and objectives of the grant;
  - Ensure that the primary purpose of the meeting or conference is to disseminate technical information, (e.g., provide information on specific programmatic requirements, best practices in a particular field, or theoretical, empirical, or methodological advances made in a particular field; conduct training or professional development; plan/coordinate the work being done under the grant); and
  - Consider whether there are more effective or efficient alternatives that can accomplish the desired results at a lower cost, for example, using webinars or video conferencing.
- Grantees must follow all applicable statutory and regulatory requirements in determining whether costs are reasonable and necessary, especially the Cost Principles for Federal grants set out at 2 CFR Part 200 Subpart E of the, “Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.” In particular, remember that:
  - Federal grant funds cannot be used to pay for alcoholic beverages; and
  - Federal grant funds cannot be used to pay for entertainment, which includes costs for amusement, diversion, and social activities.
- Grant funds may be used to pay for the costs of attending a conference. Specifically, Federal grant funds may be used to pay for conference fees and travel expenses (transportation, per diem, and lodging) of grantee employees, consultants, or experts to attend a conference or meeting if those expenses are reasonable and necessary to achieve the purposes of the grant.
  - When planning to use grant funds for attending a meeting or conference, grantees should consider how many people should attend the meeting or conference on their behalf. The number of attendees should be reasonable and necessary to accomplish the goals and objectives of the grant.
- A grantee hosting a meeting or conference may not use grant funds to pay for food for conference attendees unless doing so is necessary to accomplish legitimate meeting or conference business.
  - A working lunch is an example of a cost for food that might be allowable under a Federal grant if attendance at the lunch is needed to ensure the full participation by conference attendees in essential discussions and speeches concerning the purpose of the conference and to achieve the goals and objectives of the project.
- A meeting or conference hosted by a grantee and charged to a Department grant must not be promoted as a U.S. Department of Education conference. This means that the seal of the U.S. Department of Education must not be used on conference materials or signage without Department approval.

- All meeting or conference materials paid for with grant funds must include appropriate disclaimers, such as the following:
  - The contents of this (insert type of publication; e.g., book, report, film) were developed under a grant from the Department of Education. However, those contents do not necessarily represent the policy of the Department of Education, and you should not assume endorsement by the Federal Government.
- Grantees are strongly encouraged to contact their project officer with any questions or concerns about whether using grant funds for a meeting or conference is allowable prior to committing grant funds for such purposes.
  - A short conversation could help avoid a costly and embarrassing mistake.
- Grantees are responsible for the proper use of their grant awards and may have to repay funds to the Department if they violate the rules on the use of grant funds, including the rules for meeting- and conference-related expenses.

## MEMORANDUM TO REMIND DEPARTMENT OF EDUCATION GRANTEEES OF EXISTING CASH MANAGEMENT REQUIREMENTS CONCERNING PAYMENTS

The Department of Education (Department) requires that its grantees adhere to existing cash management requirements concerning payments and will ensure that their subgrantees are also aware of these policies by providing them relevant information. A grantee's failure to comply with cash management requirements may result in an improper payment determination by the Department in accordance with the [Payment Integrity Information Act \(PIIA\) of 2019](#).

There are three categories of payment requirements that apply to the drawdown of funds from grant accounts at the Department. The first two types of payments are subject to the requirements in the Treasury Department regulations implementing the Cash Management Improvement Act (CMIA) of 1990, 31 U.S.C.6513, and the third is subject to the requirements in the *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) at 2 CFR part 200,<sup>1</sup> as follows:

1. Payments to a State under programs that are covered by a State's Treasury State Agreement (TSA);
2. Payments to States under programs that are not covered by a TSA; and
3. Payments to other non-Federal entities, including nonprofit organizations and local governments.

### CMIA Requirements Applicable to Programs included in a TSA

Generally, under the Treasury Department regulations implementing the CMIA, only major assistance programs (large-dollar programs meeting thresholds in 31 CFR § 205.5) are included in a State's written TSA. See 31 CFR § 205, subpart A. Programs included in a TSA must use approved funding techniques and both States and the Federal government are subject to interest liabilities for late payments. State interest liabilities accrue from the day federal funds are credited to a State account to the day the State pays out the federal funds for federal assistance program purposes. 31 CFR § 205.15. If a State makes a payment under a Federal assistance program before funds for that payment have been transferred to the State, Federal Government interest liabilities accrue from the date of the State payment until the Federal funds for that payment have been deposited to the State account. 31 CFR § 205.14.

### CMIA Requirements Applicable to Programs Not Included in a TSA

Payments to States under programs not covered by a State's TSA are subject to subpart B of Treasury's regulations in 31 CFR § 205. These regulations provide that a State must minimize the time between the drawdown of funds from the federal government and their disbursement for approved program activities. The timing and amount of funds transfers must be kept to a minimum and be as close as is administratively feasible to a State's actual cash outlay for direct program costs and the proportionate share of any allowable indirect costs. 31 CFR § 205.33(a). States should exercise sound cash management in funds transfers to subgrantees.

---

<sup>1</sup> The Department adopted the Uniform Guidance as regulations of the Department at 2 CFR part 3474.

Under subpart B, neither the States nor the Department owe interest to the other for late payments. 31 CFR § 205.33(b). However, if a State or a Federal agency is consistently late in making payments, Treasury can require the program to be included in the State's TSA. 31 CFR § 205.35.

### **Fund transfer requirements for grantees other than State governments and subgrantees**

The transfer of Federal program funds to grantees other than States and to subgrantees are subject to the payment and interest accrual requirements in the Uniform Guidance at 2 CFR § 200.305(b). These requirements are like those in subpart B of the Treasury Department regulations in 31 CFR part 205, requiring that "payments methods must minimize the time elapsing between the transfer of funds from the United States Treasury or the pass-through entity and the disbursement by the non-Federal entity." 2 CFR § 200.305(b) introduction.

The Federal Government and pass-through entities must make payments in advance of expenditures by grantees and subgrantees if these non-Federal entities maintain, or demonstrate the willingness to maintain, written procedures "that minimize the time elapsing between the transfer of funds and disbursement by the non-Federal entity, and financial management systems that meet the standards for fund control and accountability." 2 CFR § 200.305(b)(1). If a grantee or subgrantee cannot meet the criteria for advance payments, a Federal agency or pass-through entity can pay that entity through reimbursement. See 2 CFR § 200.305(b)(1) and (4) for more detailed description of the payment requirements and the standards for requiring that payments be made by reimbursement.

Non-Federal entities must maintain advance payments in interest bearing accounts unless certain conditions exist. See 2 CFR § 200.305(b)(8) for those conditions. The requirements regarding interest accrual and remittance follow:

Grantees and subgrantees must annually remit interest earned on federal advance payments except that interest earned amounts up to \$500 per year may be retained for administrative expense. Any additional interest earned on Federal advance payments deposited in interest-bearing accounts must be remitted annually to the Department of Health and Human Services Payment Management System (PMS) through an electronic medium using either Automated Clearing House (ACH) network or a Fedwire Funds Service payment. 2 CFR § 200.305(b)(9)(i) and (ii).

1. When returning interest through ACH Direct Deposit or Fedwire, grantees must include the following in their return transaction:
  - PMS Account Number (PAN). NOTE: The PAN is the same series of alpha-numeric characters used for payment request purposes (e.g.: C1234G1).
  - PMS document number.
  - The reason for the return (e.g., interest, part interest part other, etc.).
  - An explanation stating that the refund is for interest payable to the Department of Health and Human Services, and the grant number(s) for which the interest was earned.

2. Interest may be returned by check using only the U.S. Postal Service; however, returning interest via check may take 4-6 weeks for processing before a check payment may be applied to the appropriate PMS account.
- a. Interests returned by check are to be mailed (USPS only) to:
- HHS Program Support Center  
PO Box 979132  
St. Louis, MO 63197
- A brief statement explaining the nature of the return must be included.
- b. To return interest on a grant not paid through the PMS, make the check payable to the Department of Health and Human Services, and include the following with the check:
- An explanation stating that the refund is for interest
  - The name of the awarding agency
  - The grant number(s) for which the interest was earned
  - The return should be made payable to: Department of Health and Human Services.
3. For detailed information about how to return interest, visit the PSC Returning Funds/Interest page at: [Returning Funds/Interest](#)

Grantees, including grantees that act as pass-through entities and subgrantees have other responsibilities regarding the use of Federal funds. For example, all grantees and subgrantees must have procedures for determining the allowability of costs for their awards. We highlight the following practices related to the oversight of subgrantee compliance with the financial management requirements in the Uniform Guidance that will assist State grantees (pass-through entities) in meeting their monitoring responsibilities. Under 2 CFR § 200.332, pass-through entities must –

1. Evaluate each subrecipient's risk of noncompliance with Federal statutes, regulations, and the terms and conditions of the subaward for purposes of determining the appropriate subrecipient monitoring.
2. Monitor the performance and fiscal activities of the subrecipient to ensure that the subaward is used for authorized purposes, in compliance with Federal statutes, regulations, and the terms and conditions of the subaward; and that subaward performance goals are achieved.

A small number of Department grant programs have program-specific cash management and payment requirements based on the authorizing legislation or program regulations. These program-specific requirements may supplement or override general cash management or payment requirements. If you have any questions about your specific grant, please contact the Education Program Contact listed in Block 3 of your Grant Award Notification.

**RECIPIENTS OF DEPARTMENT OF EDUCATION GRANTS AND COOPERATIVE AGREEMENTS  
FREQUENTLY ASKED QUESTIONS ON CASH MANAGEMENT**

**Q What are the Federal Laws and Regulations Regarding Payments to the States?**

**A** The *Cash Management Improvement Act of 1990 (CMIA)* establishes interest liabilities for the Federal and State governments when the Federal Government makes payments to the States. See 31 U.S.C. 3335 and 6503. The implementing regulations are in Title 31 of the Code of Federal Regulations (CFR), Part 205, [https://www.ecfr.gov/cgi-bin/text-idx?tpl=/ecfrbrowse/Title31/31cfr205\\_main\\_02.tpl](https://www.ecfr.gov/cgi-bin/text-idx?tpl=/ecfrbrowse/Title31/31cfr205_main_02.tpl). Non-Federal entities other than States follow the rules on Federal payments set out in 2 CFR 200.305.

**Q What is a Treasury-State Agreement (TSA)?**

**A** A TSA documents the accepted funding techniques and methods for calculating interest agreed upon by the U.S. Department of the Treasury (Treasury) and a State. It identifies the Federal assistance programs that are subject to interest liabilities under the CMIA. The CMIA regulations specify a number of different funding techniques that may be used by a State but a State can negotiate with the Treasury Department to establish a different funding technique for a particular program. A TSA is effective until terminated and, if a state does not have a TSA, payments to the State are subject to the default techniques in the regulations that Treasury determines are appropriate.

**Q What are the CMIA requirements for a program subject to a Treasury-State Agreement?**

**A** Payments to a State under a program of the Department are subject to the interest liability requirements of the CMIA if the program is included in the State's Treasury-State Agreement (TSA) with the Department of Treasury. If the Federal government is late in making a payment to a State, it owes interest to the State from the time the State spent its funds to pay for expenditure until the time the Federal government deposits funds to the State's account to pay for the expenditure. Conversely, if a State is late in making a payment under a program of the Department, the State owes interest to the Federal government from the time the Federal government deposited the funds to the State's account until the State uses those funds to make a payment. For more information, GAN Enclosure 4.

**Q What are the CMIA requirements for a program that is not subject to a Treasury-State Agreement?**

**A** If a program is not included in the State's TSA, neither the State nor the Federal government are liable for interest for making late payments. However, both the Federal government and the State must minimize the time elapsing between the date the State requests funds and the date that the funds are deposited to the State's accounts. The State is also required to minimize the time elapsed between the date it receives funds from the Federal government and the date it makes a payment under the program, Also, the Department must minimize the amount of funds transferred to a State to only that needed to meet the immediate cash needs of the State. The timing and amount of funds transferred must be as close as is administratively feasible to a State's actual cash outlay for direct program costs and the proportionate share of any allowable indirect costs.

**Q What if there is no TSA?**

- A** When a State does not have a TSA in effect, default procedures in 31 CFR, part 205 that the Treasury Department determines appropriate apply. The default procedures will prescribe efficient funds transfer procedures consistent with State and Federal law and identify the covered Federal assistance programs and designated funding techniques.
- Q Who is responsible for Cash Management?**
- A** Grantees and subgrantees that receive grant funds under programs of the Department are responsible for maintaining internal controls regarding the management of Federal program funds under the Uniform Guidance in 2 CFR 200.302 and 200.303. In addition, grantees are responsible for ensuring that subgrantees are aware of the cash management and requirements in 2 CFR part 200, subpart D.
- Q Who is responsible for monitoring cash drawdowns to ensure compliance with cash management policies?**
- A** Recipients must monitor their own cash drawdowns **and** those of their subrecipients to assure substantial compliance to the standards of timing and amount of advances.
- Q How soon may I draw down funds from the G5 grants management system?**
- A** Grantees are required to minimize the amount of time between the drawdown and the expenditure of funds from their bank accounts. (See 2 CFR 200.305(b).) Funds must be drawn only to meet a grantee's immediate cash needs for each individual grant. The G5 screen displays the following message:
- By submitting this payment request, I certify to the best of my knowledge and belief that the request is based on true, complete, and accurate information. I further certify that the expenditures and disbursements made with these funds are for the purposes and objectives set forth in the applicable Federal award or program participation agreement, and that the organization on behalf of which this submission is being made is and will remain in compliance with the terms and conditions of that award or program participation agreement. I am aware that the provision of any false, fictitious, or fraudulent information, or the omission of any material fact, may subject me, and the organization on behalf of which this submission is being made, to criminal, civil, or administrative penalties for fraud, false statements, false claims, or other violations. (U.S. Code Title 18, Section 1001; Title 20, Section 1097; and Title 31, Sections 3729-3730 and 3801-3812)**
- Q How may I use Federal funds?**
- A** Federal funds must be used as specified in the Grant Award Notification (GAN) and the approved application or State plan for allowable direct costs of the grant and an allocable portion of indirect costs, if authorized.
- Q What are the consequences to recipients/subrecipients for not complying with terms of the grant award?**
- A** If a recipient or subrecipient materially fails to comply with any term of an award, whether stated in a Federal statute or regulation, including those in 2 CFR part 200, an assurance, the GAN, or elsewhere, the awarding agency may in accordance with 2 CFR 200.339 take one or more of the following actions:

1. Temporarily withhold cash payments pending correction of the deficiency by the non-Federal entity or more severe enforcement action by the Federal awarding agency or pass-through entity.
2. Disallow (that is, deny both use of funds and any applicable matching credit for) all or part of the cost of the activity not in compliance.
3. Wholly or partly suspend or terminate the Federal award.
4. Initiate suspension or debarment proceedings as authorized under 2 CFR part 180 and Federal award agency regulations (or in the case of a pass-through be initiated by a Federal awarding agency).
5. Withhold further Federal awards for the project or program.
6. Take other remedies that may be legally available.

**Q Who is responsible for determining the amount of interest owed to the Federal government?**

**A** As set forth in 31 CFR 205.9, the method used to calculate and document interest liabilities is included in the State's TSA. A non-State entity must maintain advances of Federal funds in interest-bearing accounts unless certain limited circumstance apply and remit interest earned on those funds to the Department of Health and Human Services, Payment Management System annually. See 2 CFR 200.305.

**Q What information should accompany my interest payment?**

**A** In accordance with 2 CFR 200.305(b)(9), interest in excess of \$500.00 earned on Federal advance payments deposited in interest-bearing accounts must be remitted annually to the Department of Health and Human Services Payment Management System (PMS) through an electronic medium using either Automated Clearing House (ACH) network or a Fedwire Funds Service payment.

For returning interest on Federal awards paid through PMS, the refund should:

- (a) Provide an explanation stating that the refund is for interest;
- (b) List the PMS Payee Account Number(s) (PANs);
- (c) List the Federal award number(s) for which the interest was earned; and
- (d) Make returns payable to: Department of Health and Human Services.

For returning interest on Federal awards not paid through PMS, the refund should:

- (a) Provide an explanation stating that the refund is for interest;
- (b) Include the name of the awarding agency;
- (c) List the Federal award number(s) for which the interest was earned; and
- (d) Make returns payable to: Department of Health and Human Services.

For additional information about returning interest see GAN ATTACHMENT 4.

**Q Are grant recipients/subrecipients automatically permitted to draw funds in advance of the time they need to disburse funds in order to liquidate obligations?**

**A** The payment requirements in 2 CFR 200.305(b) authorize a grantee or subgrantee to request funds in advance of expenditures if certain conditions are met. However, if those conditions are not met, the Department and a pass-through agency may place a payee on reimbursement.

**Q For formula grant programs such as ESEA Title I, for which States distribute funds to LEAs, may States choose to pay LEAs on a reimbursement basis?**

**A** A subgrantee must be paid in advance if it meets the standards for advance payments in 2 CFR 200.305(b)(1) but if the subgrantee cannot meet those standards, the State may put the subgrantee on reimbursement payment. See 2 CFR 200.305(b).

**Q Will the Department issue special procedures in advance if G5 plans to shut down for 3 days or more?**

**A** Yes, before any shutdown of G5 lasting three days or more, the Department issues special guidance for drawing down funds during the shut down. The guidance will include cash management improvement act procedures for States and certain State institutions of higher education and procedures for grants (including Pell grants) that are not subject to CMIA.
