

**FCC Form 2100, Schedule 303-S**  
**Online Public Inspection File**

Public Broadcasting Council of Central New York, licensee of noncommercial educational television station WCNY-TV, Syracuse, New York, reports the following with regard to the timely placement of four items into the station's public inspection file during the current license term.

The WCNY-TV online public inspection file is complete, but two annual EEO public file reports were uploaded late during the current license term: the 2018 EEO report was uploaded less than one month late, and the 2022 EEO report was uploaded approximately one year late. In addition, two quarterly issues and programs lists were not timely uploaded: the 1<sup>st</sup> quarter 2018 list was uploaded two days late, and the 4<sup>th</sup> quarter 2018 list was less than two months late. (Notably with regard to the 4<sup>th</sup> quarter 2018 list, its original deadline of January 10, 2019 was extended by the FCC due to a government shutdown, *see Revisions to Filing and Other Deadlines Following Resumption of Normal Commission Operations, Public Notice*, DA 19-26, Jan. 29, 2019.) WCNY regrets the brief delay in the upload of these items but respectfully submit that station's online public file is complete and has been substantially compliant throughout the license term.
