Dear Sir/Madam:

G.I.G., Inc. ("G.I.G." or "Licensee"), by its attorney, submits its response to the May 20, 2022 letter of inquiry. A copy is attached (Attachment A). At the outset, it should be noted that KCPO has been broadcasting on Channel 26 since grant of its application File No. 0000110806 to flash-cut on Channel 26. A copy of that authorization is attached (Attachment B).

Inadvertently, the Licensee failed to file a license to cover. However, it has been operating on Channel 26 since April of 2020. In this regard, attached are the following:

- Declaration of John Small (Attachment C).
- Declaration of Gary Dykstra (Attachment D).
- Declaration of Richard C. Hookie (Attachment E).
- Declaration of David Ryan (Attachment F).

As will be seen, these declarants all confirm operation of Station KCPO since April of 2020. Furthermore, Attachment G is a letter from Jay Schaefer, Executive Director, Main Street Living, stating appreciation that KCPO has been broadcasting its locally produced programming

each Sunday. That letter is dated May 25, 2022. *See also* the June 30, 2022 letter signed by Jeffrey Boer, the Executive Producer of Team Wild Dakota (Attachment H). Mr. Boer references the long-standing relationship with KCPO.

Attachment I are the contemporaneous computer logs relative to programming broadcast on KCPO beginning in April of 2020. Due to the volume, only a sampling of the logs are submitted. Should the Commission so request, all logs will be provided. This is further evidence of the station's operation.

It is submitted that the failure to file the license to cover was inadvertent.<sup>1</sup> Moreover, relative to the FCC's Memorandum Opinion and Order and Notice of Apparent Liability for Forfeiture, DA 22-627, released June 10, 2022, Methow Valley Communications District, it is submitted that the fact pattern in that case is directly on point with the instant situation.<sup>2</sup>

Respectfully submitted,  
  
Aaron P. Shainis  
Counsel for G.I.G., Inc.

<sup>1</sup> G.I.G., subject to Commission guidance, would file a license to cover immediately, should the Commission allow it to do so.

<sup>2</sup> G.I.G. has long been struggling financially. It could not afford to pay a similar forfeiture and would, at the appropriate time, submit financial documentation to support its claim.

**Operational and Construction Permit  
Status Inquiry**

Dear Licensee:

Based on Commission records, it appears you improperly certified in the license renewal application for low power television (LPTV) station KCPO-LP, Sioux Falls, South Dakota (Station or KCPO) that the Station was operational and had not been silent for more than 30 days at the time of filing.<sup>1</sup> Furthermore, the Station was granted a digital construction permit that expired on January 10, 2022.<sup>2</sup> The Commission has no record that you filed the requisite application for license to cover by the July 13, 2021 the expiration of the construction permit. This letter provides you 30 days to explain these inconsistencies and potential improper certifications, and to clarify whether the Station's digital facility was in fact timely constructed in a manner consistent with its authorization.

As a former analog station, the Station was required to cease analog operation by 11:59 p.m. on July 13, 2021.<sup>3</sup> However, in the Station's December 2021 Renewal Application, you certified that the facility was both operational and that the Station had not been silent for more than 30 days.<sup>4</sup> It thus appears you either failed to make the proper certification in the Station's license renewal application or that the Station was operating (in either analog or digital) without a valid authorization.

Furthermore, on April 20, 2020, the Station was granted a construction permit to flash-cut its analog operations to digital operations on its licensed channel (Channel 26). As a former analog station, the construction permit carried an expiration date of July 13, 2021.<sup>5</sup> On April 28, 2021, the Station was

### Waivers/Special Conditions

- This authorization is subject to the condition that low power television is a secondary service, and that low power television and television translator stations must not cause interference to the reception of existing or future full service television stations on either allotted NTSC or DTV channels, and must accept interference from such stations.

Subject to the provisions of the Communications Act of 1934, as amended, subsequent acts and treaties, and all regulations heretofore or hereafter made by this Commission, and further subject to the conditions set forth in this permit, the permittee is hereby authorized to construct the radio transmitting apparatus herein described. Installation and adjustment of equipment not specifically set forth herein shall be in accordance with representations contained in the permittee's application for construction permit except for such modifications as are presently permitted, without application, by the Commission's Rules.

Equipment and program tests shall be conducted only pursuant to Sections 73.1610 and 73.1620 of the Commission's Rules.
