**Response to Follow Up Operational and
Construction Permit Status Inquiry**

Dear Ms. Fagan:

G.I.G., Inc. (“GIG”), by its attorney, hereby submits its response to the September 26,

2022 letter constituting a “Follow Up Operational and Construction Permit Status Inquiry,”

which was signed by the Chief, Video Division, Media Bureau. A copy of the letter is attached as

Attachment A.

1. G.I.G. must explain the contradiction between its statements that KCPO commenced operations in April 2020, its filing on March 31, 2021 for a flash-cut, and its request for additional time to construct its digital facility, which the Commission granted in April 2022 based on the statements and certifications made therein by Licensee (See LMS File No. 0000139698). As has been noted previously, the Station's filings for a flash cut on March 31, 2021 and the statements made in KCPO's application for extension of the digital construction permit contradict its statement that it had operated continuously in digital since April 2020.

Response to Question 1:

At the outset, it should be noted that the predicate for the filing of the request for additional time to construct, on its face, seems to be inconsistent with the fact that KCPO had been operating in digital mode since April 21, 2020. As the Commission has previously been advised, inadvertently, GIG failed to file a license to cover its digital operation. Thus, it was attempting to correct that situation. Upon advice of engineering counsel, it was determined that the flash-cut operation would allow GIG to correct that situation and enable it to file a license to cover. In retrospect, the request for additional time to construct was filed in error. GIG regrets any confusion this may have caused. The request for additional time to construct was unnecessary.

2. Provide the dates for any period the Station was operational since April 20, 2020, the Station's technical operating parameters, mode of operation (i.e., analog or digital), and specific information pertaining to the Station's operation or silence throughout the entire period. Provide all documents that support your responses to the following specific inquiries.

Response to Question 2:

KCPO has been operating in digital mode continuously from April 21, 2020 until July 27,

2022.¹ The operation is consistent with the technical parameters specified in the filing done pursuant to the digital flash-cut application. *See* File No. 0000110806 (Attachment B).

¹ *See* Request for Silent Authority filed on July 29, 2022 (Attachment C).

2(a). State the exact time periods (day, month, and year) that the Station was either operational or silent.

Response to Question 2(a):

As previously stated, since April 21, 2020, the station has been continuously operational.

However, on July 27, 2022, the station went silent due to a loss of site. *See* Request for Silent

Authority filed on July 29, 2022 (Attachment C).

2(b). Provide itemized receipts for the purchase or lease of all equipment or supplies necessary for KCPO to resume operations in April 2020 as asserted and any other subsequent periods of operation.

Response to Question 2(b):

The majority of equipment necessary for KCPO to commence digital operations on April 21, 2020 was on hand. Specifically, a substantial amount of equipment from KCPM, Grand Forks, ND (Facility ID No. 86208) was used. That license had been canceled in March of 2020. However, some equipment was purchased. *See* attached invoice from Ritz Technical Services (Attachment D).

Also, in December 2020, the Station's Trilithic EAS system began to fail. A new Digital Alert System unit was purchased. *See* Attachment E (Invoice Digital Alert Systems).

2(c). For any periods of operation provide the exact coordinates for the location(s) of the Station's facilities (transmitter site, main studio (as applicable), office space, and any location from which the Station originated programming), the Station's effective radiated power, and the antenna height above ground level. Clearly state for each period of operation whether the Station's operations were digital or analog.

Response to Question 2(c):

Since April 2020, as stated in a response to Question 2, the station was operating pursuant to the coordinates as specified in Attachment B. Since April 21, 2020, the station has been operating digitally. The station originates programming from master control. Master control is located at 517 West 22nd St., Sioux Falls, SD 57105.

2(d). For any periods of operation provide invoices or receipts for utilities that would be billed for usage at the station's transmitter site, whether paid for by G.I.G. or a third party, such as Vantek Communications.

Response to Question 2(d):

As the Commission has previously been advised, GIG did not pay for any electric usage for the station. However, as is clear from the attached lease, Vantek did not pay for electricity either. The attached lease at paragraph 13 specifies that the lessor, University of Sioux Falls, pays for electrical usage. *See* Attachment F.

The September 14, 2022 response at Attachment B contained a letter of Brian Soehl, president of Vantek Communications. A Declaration under penalty of perjury from Mr. Soehl is attached (Attachment G). Also, the complete September 14, 2020 response is also attached for ease of reference (Attachment H).²

² Attachment C to the September 14, 2022 response is a Declaration, under penalty of perjury, of Charles Poppen.

2(e). Provide receipts for any state/local/real estate taxes imposed on the Station or any of its locations referenced above.

Response to Question 2(e):

There are no receipts for any state/local real estate taxes imposed on the station. None exist. The licensee does not own any real estate.

2(f). Provide dated copies of payments received from advertisers.

Response to Question 2(f):

See Attachment I. It should be noted that advertising on KCPO is virtually nonexistent.

GIG was anticipating significant revenues from the sale of political advertising. Unfortunately,

that did not materialize because the station went dark. *See Attachment C.*

2(g). Provide copies of all Emergency Alert System (EAS) logs. Identify all Persons who prepared or helped prepare the program logs.

Response to Question 2(g):

Prior to March 15, 2022, all records were electronic or paperless. On March 14, 2022, a catastrophic electrical event including power surges made it necessary for a complete system reboot, which resulted in a loss of logs previous to that day.

Logs are now printed out on a quarterly basis.

Attached are the logs for March 15, 2022 to July 27, 2022 (*See Attachment J*).

The Program Logs were prepared by Messrs. Poppen, Ryan and Hookie.

2(h). The Station's logs that have been provided are not sufficient as they fail to fully explain the significance of the information in the logs, when they were prepared, and the means by which they were prepared. Please provide such explanatory information. In addition, identify all Persons who prepared, or helped prepare the program logs.

Response to Question 2(h):

The question that has been posed appears to demonstrate a possible misunderstanding by the Commission's staff of the significance of the logs provided. They are prepared concurrently with station operation. This is an automatic operation. Accordingly, the logs would not exist had there not been station operation. They cannot be produced after the fact. Furthermore, a sampling of the logs was provided. Should the Commission wish to receive an extremely voluminous file of the complete logs for all operation, that could be provided. However, it is assumed that this would be unduly burdensome to not only the station, but also to the Commission.

The logs were prepared under the supervision of Charles Poppen and master control technicians. The master control technicians are David Ryan and Richard Hookie.

2(i). Identify all employees of KCPO from April 20, 2020 to present and, for each such Person, provide the time periods each such Person is/was affiliated with KCPO, the Person's job title and duties.

Response to Question 2(i):

David Ryan, Master Control Operator, employee since November 2017. Richard Hookie, employee since February 2022. The duties involve:

- (1) Monitoring broadcast signal received by an antenna.
- (2) Program ingest.
- (3) Creating playlist for servers.
- (4) Document status of broadcast signal.
- (5) Monitor all EAS tests and alerts.

3. G.I.G. provided to the Division declarations that G.I.G. purports are from viewers and an advertiser of KCPO. Each declarant uses the same language in averring that “[w]ith an antenna, I receive most of the off air channels, in particular KCPO TV.” With regard to these declarations (Declarations), answer the following:

3(a). Identify each Person listed below (Declarant or, collectively, Declarants) and, for each, fully describe all relationships between G.I.G. and each Declarant, whether direct (i.e., between G.I.G. and Declarant) or indirect (i.e., between G.I.G. and any Person affiliated or related to any Declarant, to include but not limited to, a spouse, family member, employer/employee/agent, or any other type of affiliation).

3(b). Explain fully how G.I.G. solicited and obtained the Declarants' Declarations.

Response to Question 3(b):

The two (2) employees in question obviously knew that the station was operational, and were willing to sign Declarations to that effect. These employees were known to have personal knowledge. With respect to Messrs. Dykstra and Small, Mr. Poppen had a casual acquaintance with them, and also knew, from his association with them, that they were regular viewers of the station. Thus, he contacted them to ask for their assistance.

4. In G.I.G.'s supplementary response dated July 11, 2022, G.I.G. included two photos that appear to have been taken inside a studio and one photo of an antenna. None of the photos were accompanied by declarations explaining what the photos depicted or their significance for demonstrating the Station was operational. G.I.G. also provided employment records. However, those records did not include employee names, job titles or duties, and those records were not accompanied by declarations that the records were true and correct nor did you include declarations from the employees attesting to the details of their employment. In addition, the list you provided showing rent paid from April 2020 is labeled, "Master Control/Office rent paid to Dunham Brokerage LLC," and one cancelled check. The list was not accompanied by a declaration attesting to its accuracy, explaining the significance of this information, or precisely what the rented space was used for. Please provide the necessary explanations and ensure that all declarations comply with 47 CFR § 1.16.

Response to Question 4:

See attached Declaration of Charles Poppen (Attachment K). See also Declarations of David Ryan and Richard Hookie (Attachment L and Attachment M).

5. In G.I.G.'s further response dated September 14, 2022, it provided a statement from Vantek Communications describing the Station's use of Vantek Communication's tower from April 2020 until July 2022.¹¹ That statement did not comply with 47 CFR § 1.16, and did not include any documents pertaining to the arrangement between Vantek and G.I.G. Please provide all relevant documents and ensure that all declarations comply with 47 CFR § 1.16. Please also describe all relationships between G.I.G. and Vantek, whether direct (i.e., between G.I.G. and Vantek) or indirect (i.e., between G.I.G. and any Person affiliated or related to Vantek, to include but not limited to, a spouse, family member, employer/employee/agent, or any other type of affiliation).

Response to Question 5:

See Declaration of Brian Soehl (Attachment G). It should also be noted that Vantek and GIG enjoy a relationship of mutual respect and support. The arrangement was an oral understanding.

8. Provide any additional information that Licensee believes may be helpful in our consideration and resolution of this matter in order for us to determine the Station's operational history and whether the Station still has a valid underlying license by which Station's pending applications (See LMS File Nos. 0000176044, 0000110806, 0000195312, and 0000196169) can be granted.

- Declaration of Bruce Heitman (Attachment P).
- Declaration of Tony Dock (Attachment Q).
- Declaration of Richard Hookie (Attachment R).
- Declaration of Dean Wilson (Attachment S).

In addition, the Commission should be aware of the holding released December 21, 2021 in *Southwest Colorado TV Translator Association*, DA 21-1616.³ There, the permittee was liable for a monetary forfeiture for failing to file a timely license to cover. Furthermore, in a Memorandum Opinion and Order and Notice of Apparent Liability for Forfeiture, released June 18, 2021, *Methow Valley Communications District*,⁴ the permittee, predicated on failing to file a timely license to cover, was fined \$6,500. Accordingly, it is submitted that the appropriate penalty in this case should not be the draconian cancellation of the permit, but, rather, the imposition of a forfeiture.

**Follow Up Operational and
Construction Permit Status Inquiry**

Dear Licensee:

This letter is to follow up on our previous Operational and Construction Permit Status Inquiry of May 20, 2022 (Inquiry Letter) regarding KCPO's (KCPO or Station) operation, and G.I.G., Inc.'s (G.I.G. or Licensee) response dated July 5, 2022, its supplementary response dated July 11, 2022, and further response dated September 14, 2022 (collectively, Responses).¹ On review of G.I.G.'s Responses and accompanying material, we find that G.I.G.'s Responses are deficient and do not provide all the information requested in the Inquiry Letter. This letter provides you **30 days** to provide all missing information and correct all deficiencies.

Accordingly, G.I.G. is directed to provide the missing information and documents, as detailed in the attachment, and provide associated affidavits/declarations which comply with 47 CFR § 1.16, no later than **30 days** after the date of this letter. If you fail to reply to this letter and/or do not provide all requested information and documents within **30 days from the date of this letter**, the Commission's public and internal databases **WILL BE MODIFIED** to indicate that the digital construction permit (File No. 0000139698) for KCPO-LP, Sioux Falls, South Dakota (KCPO-LP) has been automatically **FORFEITED**,² the license (File No. BLTTL-20011029AAL) for KCPO-LP has been automatically **CANCELED**,³ KCPO-LP's pending application for license renewal (File No. 0000176044) will be **DISMISSED**, and its call sign will be **DELETED**.⁴

¹ Copies of the responses and all related correspondence have been uploaded to the Station's facility page in the Commission's Licensing and Management System (LMS).

² 47 CFR § 74.788(b).

³ 47 CFR § 74.731(m).

⁴ As a former analog low power television (LPTV) station, the Station's analog license was automatically canceled, without any affirmative action required by the Commission, after 11:59 p.m. on July 13, 2021. See 47 CFR § 73.731(m). The Commission has a long-established policy of the "single, unified station license" as part of the digital conversion process. See *Amendment of Parts 73 and 74 of the Commission's Rules to Establish Rules for digital Low Power Television, Television Translator, and Television Booster Stations and to Amend Rules for*

Documents sent in response to this letter shall be addressed to FCC, Office of the Secretary, 45 L Street, NE, Washington, DC 20554, Attention: Robin Fagan, Video Division, Media Bureau, and emailed to Robin Fagan at the address below.

Digital Class A Television Stations, Second Report and Order, 26 FCC Rcd 10732, 10755, para. 48 (2011) citing *Amendment of Parts 73 and 74 of the Commission's Rules to Establish Rules for Digital Low Power Television, Television Translator, and Television Booster Stations and to Amend Rules for Digital Class A Television Stations*, Report and Order, 19 FCC Rcd 19331, 19390, n.362 (2004) (stating that the Commission has always been clear that the station's two "authorizations" are part of a single, unified license). Therefore, an analog LPTV station whose analog license is automatically cancelled after 11:59 pm local time on July 13, 2021 and does not subsequently retain its digital construction permit no longer has a facility to modify and convert to digital. Cancellation of a station's construction permit and deletion of its call sign by Media Bureau staff in the Licensing and Management System (LMS) is an administrative function and does not constitute an official Commission action nor require any affirmative cancellation by the Commission. See *Media Bureau Reminds Remaining Low Power Television and Television Translator Stations that the July 13, 2021 Digital Transition Date and Other Important Deadlines are One Week Away*, Public Notice, DA 21-786 (MB, rel. Unless otherwise indicated, the time covered by these inquiries is **April 20, 2020** to the present.

Requests for Information

1. G.I.G. must explain the contradiction between its statements that KCPO commenced operations in April 2020, its filing on March 31, 2021 for a flash-cut, and its request for additional time to construct its digital facility, which the Commission granted in April 2022 based on the statements and certifications made therein by Licensee (*See* LMS File No. 0000139698). As has been noted previously, the Station's filings for a flash cut on March 31, 2021 and the statements made in KCPO's application for extension of the digital construction permit contradict its statement that it had operated continuously in digital since April 2020.
2. Provide the dates for any period the Station was operational since April 20, 2020, the Station's technical operating parameters, mode of operation (i.e., analog or digital), and specific information pertaining to the Station's operation or silence throughout the entire period. Provide all documents that support your responses to the following specific inquiries.
 - a. State the exact time periods (day, month, and year) that the Station was either operational or silent.
 - b. Provide itemized receipts for the purchase or lease of all equipment or supplies necessary for KCPO to resume operations in April 2020 as asserted and any other subsequent periods of operation.
 - c. For any periods of operation provide the exact coordinates for the location(s) of the Station's facilities (transmitter site, main studio (as applicable), office space, and any location from which the Station originated programming), the Station's effective radiated power, and the antenna height above ground level. Clearly state for each period of operation whether the Station's operations were digital or analog.
 - d. For any periods of operation provide invoices or receipts for utilities that would be billed for usage at the station's transmitter site, whether paid for by G.I.G. or a third party, such as Vantek Communications.
 - e. Provide receipts for any state/local/real estate taxes imposed on the Station or any of its locations referenced above.
 - f. Provide dated copies of payments received from advertisers.
 - g. Provide copies of all Emergency Alert System (EAS) logs. Identify all Persons who prepared or helped prepare the program logs.
 - h. The Station's logs that have been provided⁵ are not sufficient as they fail to fully explain the significance of the information in the logs, when they were prepared, and the means by which they were prepared. Please provide such explanatory information. In addition, identify all Persons who prepared, or helped prepare the program logs.

⁵ July 5, 2022, Response Letter, Attach. I; July 11, 2022 Supplemental Response Letter, Attach. F.

- i. Identify all employees of KCPO from April 20, 2020 to present and, for each such Person, provide the time periods each such Person is/was affiliated with KCPO, the Person's job title and duties.
3. G.I.G. provided to the Division declarations that G.I.G. purports are from viewers and an advertiser of KCPO.⁶ Each declarant uses the same language in averring that "[w]ith an antenna, I receive most of the off air channels, in particular KCPO TV."⁷ With regard to these declarations (Declarations), answer the following:
 - a. Identify each Person listed below (Declarant or, collectively, Declarants) and, for each, fully describe all relationships between G.I.G. and each Declarant, whether direct (i.e., between G.I.G. and Declarant) or indirect (i.e., between G.I.G. and any Person affiliated or related to any Declarant, to include but not limited to, a spouse, family member, employer/employee/agent, or any other type of affiliation).
 - i. David Ryan (averring he viewed KCPO on the air "since April of 2020");
 - ii. John Small (averring he viewed KCPO on the air "since April of 2020");

 - iv. Richard C. Hookie (averring he viewed KCPO on the air "since April of 2020").
 - b. Explain fully how G.I.G. solicited and obtained the Declarants' Declarations.
 - c. Identify all Persons who prepared, or helped prepare, each Declaration.
 - d. State whether G.I.G. offered or provided any consideration, of any type, to any Declarant. If yes, describe each such offered or actual consideration.
 - e. Explain, if known, why no Declarant provided a specific date he "viewed KCPO on the air."
 - f. Produce all documents associated with the creation of and process for obtaining each declaration.
4. In G.I.G.'s supplementary response dated July 11, 2022, G.I.G. included two photos that appear to have been taken inside a studio and one photo of an antenna.⁸ None of the photos were accompanied by declarations explaining what the photos depicted or their significance for demonstrating the Station was operational. G.I.G. also provided employment records.⁹ However, those records did not include employee names, job titles or duties, and those records were not accompanied by declarations that the records were true and correct nor did you include declarations from the employees attesting to the details of their employment. In addition, the list you provided showing rent paid from April 2020 is labeled, "Master Control/Office rent paid to Dunham Brokerage LLC," and one cancelled check.¹⁰ The list

was not accompanied by a declaration attesting to its accuracy, explaining the significance of this information, or precisely what the rented space was used for. Please provide the necessary explanations and ensure that all declarations comply with 47 CFR § 1.16.

5. In G.I.G.'s further response dated September 14, 2022, it provided a statement from Vantek Communications describing the Station's use of Vantek Communication's tower from April 2020 until July 2022.¹¹ That statement did not comply with 47 CFR § 1.16, and did not include any documents pertaining to the arrangement between Vantek and G.I.G. Please provide all relevant documents and ensure that all declarations comply with 47 CFR § 1.16. Please also describe all relationships between G.I.G. and Vantek, whether direct (i.e., between G.I.G. and Vantek) or indirect (i.e., between G.I.G. and any Person affiliated or related to Vantek, to include but not limited to, a spouse, family member, employer/employee/agent, or any other type of affiliation).
6. Provide copies of all documents that serve as the basis for the responses to all the inquiries above. The significance of all supporting documents provided must be fully explained. If G.I.G. believes certain information and documents have already been provided with the information requested please identify the date and page number of the response where such information was provided. If G.I.G. cannot provide the documents or information requested, then fully explain why that information is not available or cannot be provided/obtained.
7. All information, documents and statements must be supported by a declaration prepared in accordance with 47 CFR § 1.16. attesting to their truthfulness and accuracy.
8. Provide any additional information that Licensee believes may be helpful in our consideration and resolution of this matter in order for us to determine the Station's operational history and whether the Station still has a valid underlying license by which Station's pending applications (See LMS File Nos. 0000176044, 0000110806, 0000195312, and 0000196169) can be granted.

Antenna Site Lease Agreement

In consideration of the covenants herein contained between Vantek Communications "Lessee" and University of Sioux Falls "Lessor", Lessor grants to Lessee the right to lease a portion of the real property owned by Lessor for the purpose of the transmission and reception of radio communication signals and for the construction, maintenance, repair or replacement of related facilities, antenna, microwave dishes and related equipment as more fully described below:

1. Lessor hereby grants Lessee permission and Lessee agrees to maintain and operate the following described radio communications equipment on or in Lessor's property located at 1101 West 22nd Street, Sioux Falls, Minnehaha County, South Dakota.
 - a. Antenna system (tower) located adjacent to northwest corner of Jordan Hall.
 - b. Flexible coaxial transmission lines between antennas and radio equipment anchored to the tower.
 - c. Radio communications equipment consisting of radio transmitters located in Jordan Hall, top floor, north end, or other suitable facilities provided by Lessor.
 - d. Additional antenna mounted on the highest point of the Jeschke Fine Arts Center.
 - e. Two-way radio equipment located in Jeschke Fine Arts Center beneath the antenna.

2. Lessor agrees that Lessee, as set forth below, shall have limited access to the towers and transmitters for the purpose of installing additional radio equipment as may be mutually agreed upon by Lessor and Lessee during the Lease Agreement.

As a condition of installing additional equipment, Lessee agrees to provide Lessor with written notice of its intent to perform such installation not less than three (3) days before beginning installation. Lessee shall also cause all installation construction to be performed lien free and in compliance with all applicable laws and ordinances and without in any way damaging Lessor's tower, structure or any other existing facilities. Lessee further agrees to check in at Lessor's Office of Campus Safety and Security on the dates when it will perform the installation construction. Lessee further agrees that Lessor shall have the right to refuse to allow Lessee to perform the work if such installation work conflicts with other events on Lessor's campus. In performing said installation work, Lessee further agrees that only authorized engineers and employees of Lessee, FCC inspectors or individuals under the direction of FCC inspectors, will be permitted to enter Lessor's property.

3. It is further understood and agreed that Lessee's equipment, its installation, maintenance, and operation will in no way interfere with Lessor's campus operations, including the existing campus radio station or Lessor's other technical equipment.

4. Lessee agrees to maintain the above-identified equipment including all related antennas, microwave dishes, towers and bases, shelters, cables and lines, provided, however, that such maintenance shall be at the sole expense of Lessee. In doing so, Lessee agrees to maintain the equipment in a commercially reasonable condition and repair during the term of this Lease, normal wear and tear excepted. Upon termination of this Lease, the premises upon which the equipment is located shall be returned to Lessor in good, usable condition, normal wear and tear excepted. Lessee further agrees that it will install and operate all equipment identified herein in accordance with applicable rules and regulations of the Federal Communications Commission (FCC), Federal Aviation Authority (FAA), and any other applicable governmental or regulatory bodies. It is understood and agreed, however, that Lessee assumes no responsibility for the licensing, operation and/or maintenance of Lessor's campus radio operations or radio equipment. Lessee shall have the

responsibility to comply with all terms of its FCC license and with respect to the tower light observation and notification to FAA.

5. Lessee shall be responsible for payment of any and all taxes or assessments which may be assessed relative to the installation, maintenance or operation of the equipment identified herein. In doing so, Lessee further agrees to indemnify and hold harmless Lessor against any and all liens or assessments as may be filed as a result of Lessee's operations hereunder.
6. Lessee shall indemnify and hold harmless Lessor from and against any and all claims, actions, suits, demands, liabilities, judgments, costs, damages and amounts including, but not limited to, attorneys' fees and expenses of litigation, known or unknown, foreseen or unforeseen (collectively "claims"), in any way relating to the equipment identified herein or the operation of the equipment by Lessee, as well as all claims arising from Lessee's installation, use, maintenance, repair or removal of the equipment identified herein.
7. Lessee agrees to provide a commercial general liability insurance policy in an aggregate amount of \$1,000,000.00. Lessee further agrees to provide insurance in an amount satisfactory to Lessor which insurance will provide coverage for damage to Lessor's property and buildings that may be incurred as a result of Lessee's operations hereunder. Lessee agrees to provide Lessor evidence of such insurance on an annual basis.
8. Lessee is responsible for coordinating and arranging any inspections of the towers, lines or equipment identified herein as may be necessary for operation of the equipment. Lessee further agrees to notify Lessor no less than thirty (30) days before any such inspections may take place.
9. This Lease shall commence upon June 5, 2009 and shall expire on June 4, 2014. Notwithstanding the term of this Lease as identified above, subject to the immediate right of termination set forth below, this Lease may be terminated upon sixty (60) days written notice of intent to terminate by either party.
10. This Lease Agreement may be terminated immediately:
 - a. if Lessee is unable to maintain, obtain, or otherwise forfeits or cancels any insurance or license, permit or other governmental approval necessary to the installation and/or operation of the equipment or Lessee's business;
 - b. if Lessor notifies Lessee that any improvements or activities of Lessee unduly interfere with campus operations or any of Lessor's structures on campus;
 - c. if the equipment identified herein is destroyed or damaged so as in Lessor's reasonable judgment to substantially and adversely affect Lessor's use of its facilities or structures.
11. Lessee may assign this Lease only upon written consent from Lessor.
12. Lessee further agrees that, upon request of Lessor, it will deposit into trust a sufficient amount of money to provide for removal and dismantling of any and all equipment of Lessee on Lessor's premises. In the event Lessor requests creation of such a trust, Lessee agrees to place funds in the amount of \$5,000.00 in an escrow account for the benefit of Lessor.
13. The conditions of the Lease include the following:
 - a. Lessor shall provide such electricity as is necessary for Lessee's transmitters.
 - b. Lessor shall allow a tower base on the ground at the northwest corner of Jordan Hall.

- c. Lessor may allow Lessee to attach control lines at points subject to approval by a structural engineer that such lines are for tower stability and will not affect the structural integrity of Lessor's Facility or Building.
- d. Lessee shall provide equipment to Lessor as follows:
 - five portable radio-telephone units and the repeater service for those units;
 - up to twenty (20) pagers as requested by Lessor.
- e. Lessee shall provide adequate space for Lessor's radio equipment so as to allow for operation of Lessee's campus radio station.

To whom it may concern,

Vantek Communications is a two-way radio sales and service provider serving the Sioux Falls area and large portions of eastern South Dakota, parts of Southwest Minnesota, Northwestern Iowa and Northeastern Nebraska. We own or lease approximately 45 antenna support structures, such as buildings, grain silos and towers. Including, until recently, a tower on the campus of the University of Sioux Falls where we donated antenna space on the tower and rack space for KCPO TV's broadcast equipment for several years.

We value the service that KCPO TV provides to the community because of the significant amount of religious and educational programming. Because of this and its local ownership Vantek has been happy to donate the space as well as electricity. There has been no written lease or billing. We didn't find that necessary when dealing with the owner of KCPO TV.

I recall when KCPO switched to digital in April of 2020. Additional access to the equipment room was needed leading up to that cut-over.

After 41 years of hosting a Vantek tower, this summer the University of Sioux Falls decided that it no longer wanted to have a tower on campus and we needed to remove that tower. This decision forced Vantek to dismantle the tower the last week of July 2022. This caused many problems for Vantek, KCPO and their respective customers/viewers.

**Re: KCPO-LP, Sioux Falls, SD
Facility ID No. 26041
File Nos. 0000195312 and 0000196169**

Dear Ms. Fagan:

I am responding to your email of September 2, 2022 (copy attached, Attachment A). At the outset, I want to say that your efforts are appreciated. I was hoping to be able to respond to the "formal letter" referenced in your email, but, as that has not been received, I wanted to make sure that the response to the issues you have raised are dealt with in an expeditious manner.

In Item 1 of your email, you ask questions concerning the flash-cut operation of March 31, 2021. The licensee's then-consulting engineer, Mr. Jeremy Ruck, felt that the flash-cut submission was the only option. In this regard, if memory serves me correctly, LMS would not allow the filing of a License to Cover relating back to April of 2020. Unfortunately, Mr. Ruck has died, and, thus, I am unable to ascertain pertinent information from him.

With respect to Item 2 of your email, again, the station began digital operations in April of 2020. Moreover, digital operation was consistent with the specifics of the flash-cut application it had filed.

With respect to Item 2(a), the samplings of station logs were for digital service.

With respect to Item 2(b), you opine that the station logs are not sufficient to demonstrate the station was on-air. I have been advised that the station logs are done contemporaneously with operation. Furthermore, you request invoices or receipts of electricity for usage at the station site and/or EAS logs. Attached is a letter from Brian Soehl, President, Vantek Communications (Attachment B). Mr. Soehl states, *inter alia*, the following:

“We value the service the KCPO-TV provides to the community because of the significant amount of religious and educational programming. Because of this and its local ownership, Vantek has been happy to donate the space as well as electricity. There has been no written lease or billing. We didn’t find that necessary when dealing with the owner of KCPO-TV.”

In addition, Mr. Soehl also states the following:

“I recall when KCPO switched to digital on April of 2020. Additional access to the equipment room was needed leading up to that cutover.”

With respect to Item 4 in your email, relative to employment records, the employees are Master Control/Traffic. Mr. Poppen also renders duties, in addition to the aforementioned matters, to keep KCPO on the air 365 days a year.

With respect to Item 5 in your email, relative to the photos, the Master Control photos were taken at 9:53 a.m. on June 16, 2022. The tower photos were taken at 8:59 a.m. on June 30, 2022. See attached Statement of Charles Poppen (Attachment C).

Page 3 of 4

With respect to Item 6 in your email, relative to the Declarations, you question compliance with § 1.16 of the Commission's rules. 47 CFR 1.16 states as follows:

“Any documents to be filed with the Federal Communications Commission, which is required by any law, rule or other regulation of the United States to be supported, evidence, established or provided by a written sworn declaration, verification, certificate, statement, oath or affidavit by the person making the same may be supported, evidence, established or proved by the unsworn declaration, certification, verification or statement of writing of such person, except that, such declaration shall not be used in connection with (a) a deposition, (b) an oath of office, or (c) an oath required to be taken before a specified official other than a notary public. Such declaration may be subscribed by the declarant as true under penalty of perjury...”

It is noted that in the first sentence of each of the Declarations, the declarants all state, under penalty of perjury. For convenience, the Declarations are attached herewith (Attachment D).

Ms. Fagan, I implore you to please take seriously the urgency of the situation, as I attempted to express in my August 25, 2022 email letter to you. As the Commission is aware, the station has been off the air since July 27, 2022. Since it has not been operational, there has been no revenue received by the station. I would hate to think that the strategy the Bureau is employing is one that is forcing the licensee into a drastic adverse financial situation. I would like to think that the Bureau is not that Machiavellian. Also, clearly it is in the public interest for stations to continue operation.

It should be particularly noted that, with no income being generated, Mr. Poppen, the owner of G.I.G., Inc., is facing extraordinary financial distress. Furthermore, as cited in the July 5, 2022 response, it would appear that the instant situation would mandate a result similar to that

Shainis & Peltzman, Chartered

Robin Fagan
Federal Communications Commission
September 14, 2022
Page 4 of 4

which occurred in *Methow Valley Communications District*, DA 22-627, released June 10, 2022.

Once again, it is urgent that the Commission grant the relief requested by G.I.G.

On a final note, there has never been an explanation as to why the Commission couldn't grant the STA without prejudice to its investigation relating to station operation since April 2020. Once again, it is shocking that the Bureau is employing tactics which would lend credence to the hypothesis that the Bureau's dilatoriness is done by design. Say it ain't so.

If you have any questions, I ask that you please contact me as soon as possible.

Sincerely yours,

Aaron P. Shainis

Dear Mr. Shainis,

We are unable to grant any new authorizations for the station to operate at this time as there is an open investigation relating to the validity of the station's license and legality of its operations since April 2020. Please refer to our May 20, 2022 Letter of Inquiry to which we are evaluating G.I.G.'s reply and supplement we received in July. We understand your client's situation and are working as expeditiously as possible to resolve this matter. As we noted on a recent telephone call, the licensee's response was insufficient and in some cases conflicts with other evidence in the record. We will send a formal letter with within the next week or so, but in order to expedite the process we direct your attention to additional information we seek, as described below. Please note we cannot guarantee this is all the information we will ask for in our letter, but hopefully this will give your client a head start so we can act on the engineering STA as quickly as possible.

1. Licensee states the station commenced operation in April 2020, but it failed to file a timely license to cover. If this is the case, why did the licensee file a CP extension to construct its digital facility, which we granted in April 2022 based on the statements and certifications made by the licensee (See LMS File No. 0000139698). The station's filings for a flash cut on March 31, 2021, and the extension of the digital construction permit, seem to contradict its statement that it had operated continuously in digital since April 2020.
2. We requested a detailed operational history from April 2020, but received a general statement that the station was operational. Licensee should state whether the operation was digital or analog on which dates, specifically the date the station began digital operations, location, effective radiated power and antenna height above ground level for all periods of operation.
 - a. The samplings of station logs (Attach. I in the original response and Attach. F in supplement) do not state whether the samplings are for analog or digital service.
 - b. Further, while the station logs are not sufficient to demonstrate the station was on air. As requested in the Inquiry Letter the station needs to provide invoices or

receipts for electricity that would be billed for usage at a station site and/or EAS logs.

3. Rent records provided (Attach. E in supplemental response) are for the station's studio or office space. Please provide records pertaining to the station's tower, including copies of tower lease payments and a copy of the tower lease.
4. Employment records (Attach. D in supplemental response) do not provide details, such as state what positions the individuals held.
5. Photos of a station and an antenna (Attachs. B and C in supplemental response) are not dated, do not have addresses.
 - a. Further these exhibits were not accompanied by declarations from individuals with knowledge of the matter explaining what the photos show and their significance, in compliance with 47 CFR § 1.16.
6. We further note that the declarations the station provided from viewers and partners thanking it for being on the air (Attach. G-H original response) did not comply with § 1.16.

Thank you for your attention to these issues.

Robin, it has been a week since my letter to you . The response has been deafening. The problem is that the station is still dark and my client would like to go back on the air consistent with what I have outlined in my letter. I assume at the time you mentioned that the Co. would proceed with alacrity was sincere. I wait word. Aaron

DECLARATION

Charles Poppen hereby states, under penalty of perjury, the following:

The flash-cut application filed relative to KCPO was done at the suggestion of my then-engineer, Jeremy Ruck. Mr. Ruck advised me that, because of problems relative to filings, the way to possibly correct matters concerning the inadvertent failure to file the license to cover was to file a flash-cut application.

The station's logs that have been submitted to prove operation were done contemporaneously with the operation of the station, and they were for digital service.

KCPO's tower site and power usage are done at no charge, based on the cooperation and generosity of Vantek Communications, Inc.

The station has two employees, who operate Master Control/Traffic. The other duties, including assisting on Master Control/Traffic, are handled by me. I have not received a paycheck. The photos of Master Control and tower photos were of the KCPO digital operation, and they were taken on June 16, 2022 and June 30, 2022, respectively.

The failure of the Commission to grant the STA to allow the station to move has had severe financial consequences to G.I.G., Inc. I respectfully urge that the Commission allow the station to immediately resume operation.

The attached response to the items raised in the September 2, 2022 email of Robin Fagan are true and correct.

REQUEST FOR REINSTATEMENT OF CONSTRUCTION PERMIT AND WAIVER

On July 5, 2022, G.I.G., Inc. submitted documentation which has been supplemented on July 11, 2022 indicating that the digital facility had been timely constructed, but, inadvertently, a license to cover had not been filed. Accordingly, it is requested that the construction permit be reinstated. Furthermore, to the extent necessary, it is requested that the Commission waive Section 74.788(d) of the Commission's rules and any other applicable rules.

DECLARATION OF CHARLES POPPEN

Charles Poppen, President of G.I.G., Inc., hereby states, under penalty of perjury, that he has reviewed the foregoing supplemental response to the Commission's May 20, 2022 letter, and that the response is true and correct to the best of his knowledge and belief.

To Whom It May Concern,

These remarks are accurate and true to the best of my knowledge, and I make them under penalty of perjury.

I am a 1981 graduate of Arizona State University, with a B.S. Degree in Broadcast Journalism from what is now known as the ASU Walter Cronkite School of Journalism and Mass Communications.

My professional career included staff positions at major market network affiliate TV stations in Phoenix, AZ, Universal Pictures Television - Hollywood, ABC On-Air Promotion West Coast Network Operations, plus assignments at Hollywood post production and recording studio facilities, and broadcast radio stations.

For studio and interior/exterior location video productions, I have served as Writer, Producer and Director. As such, I have a high degree of familiarity with the equipment and infrastructure necessary for a TV/radio broadcast facility, and the professional standards and practices employed by those facilities.

I have also been a voice over announcer, and on-camera talent/spokesperson/show host. I was introduced to "The South Dakota Channel" KCPO-TV in Sioux Falls, SD circa 2011. I represented one side of a municipal election issue, and I was invited to the KCPO-TV production studio to be interviewed on the subject for their locally-produced public affairs program, The Facts. Months after that local election, KCPO's Chuck Poppen invited me to guest host three episodes of The Facts. For all of these appearances, I watched the scheduled videotape playback of these shows via broadcast antenna at my home.

In 2020, I worked again with KCPO-TV on a series of 2-minute radio scripts to promote and market KCPO-TV viewership on KELO-AM Talk Radio. In my scripted interview with the KELO-AM radio show host I was identified as "John David" (radio name) and I shared both KCPO-TV programming information, and instructions as to how the listening audience could use an inexpensive antenna and perform a channel scan to view KCPO's digital Channel 26 free of charge.

Upon request, I can provide archived, date stamped sound files of one or more of these KCPO-TV promo appearances on KELO-AM Talk Radio, as well as date stamped scripts I wrote for these appearances.

I have provided these remarks as a professional courtesy, and have received no compensation to do so.

Sincerely,

DECLARATION

I Bruce Heitman hereby state, under penalty of perjury, the following:

I do not keep a daily television watching log but since the summer of 2020, I have watched The South Dakota Channel aka KCPO digital channel 26 almost every day until late July of this year.

I am a licensed amateur radio operator and have amateur radio and consumer broadcast reception equipment at my home at 5817 West Bristol Road, Sioux Falls, South Dakota, 57106.

I very much miss being able to watch the South Dakota Channel. Furthermore, it is my understanding that it is the only channel that is locally owned and where every programming decision is made locally. This deepens my concern regarding the FCC's refusal to allow The South Dakota Channel to resume broadcasting. I would urge the FCC to move quickly to allow KCPO to get back on the air as soon as possible.

DECLARATION

My name is Tony Dock. I hereby state, under penalty of perjury, the following:

I have provided engineering services for most South Dakota television stations during my career.

Since late April of 2020, I have watched KCPO TV digital channel 26 often and on a regular basis on my television set(s) located at 1612 South Prairie Avenue,

Sioux Falls, South Dakota, 57105 and also in my vehicle where I monitor all off-air channels.

I receive off-air channels such as digital KCPO TV with a simple UHF antenna.

I have not been offered nor have I accepted any compensation for this statement.

Richard Hookie, under penalty of perjury, states the following:

In October of 2002, I started working for KDLT-TV in Sioux Falls as a Production Assistant and worked my way up to Senior Master Control Operator. After 18 plus years, KSFY Sioux Falls (Gray Media) purchased KDLT, so I then worked Master Control for the combined KSFY/KDLT. After a year and a half, I left Gray Media and found more satisfactory employment at KCPO TV in February of this year. My duties are the same as at KSFY/KDLT with the exception of not helping to produce a live newscast. I also monitor digital channel 26 at work and at home.

In mid-summer of 2018, I dropped my cable subscription and started using my antenna to watch free local channels. I would periodically rescan to make sure I was receiving the most channels I could pick up. In the summer of 2020, I rescanned my TVs to watch newly digital KCPO TV.

I have received no compensation for presenting the above facts.

Dean M. Wilson hereby states, under penalty of perjury, the following:

My wife and I are retired residents of Sioux Falls and have spent our entire lives here except when I served in the Navy. We raised our children here and still own several properties in Sioux Falls. In 2019 we built a new house outside city limits and discovered we had no viable access to Cable TV or wired or wireless internet. We eventually installed a good antenna in the summer of 2020 and scanned our TVs to get the off-air channels including KCPO. We are regular viewers. We have watched on a daily basis until the station went off the air.

We have grown accustomed to the shows on KCPO and particularly miss the daily Bible study at 9:00 every morning and Sunday morning programs on 26.1. We are upset. When I contacted KCPO I was told that the FCC is preventing KCPO from transmitting because someone failed to send in a piece of paper to the FCC to tell them that KCPO had switched digital once the FCC gave them permission to do so. It's my understanding a professional representing KCPO was expected to send in that piece of paper but because of the confusion during the COVID pandemic it may have been lost. Then that person died of COVID. This does not sound like a legitimate reason to put a local station out of business.

We believe this is an affront to the entire Christian community conducted by out-of-control bureaucrats in Washington.

**MEMORANDUM OPINION AND ORDER
AND
NOTICE OF APPARENT LIABILITY FOR FORFEITURE**

Adopted: December 21, 2021

Released: December 21, 2021

By the Chief, Video Division, Media Bureau:

I. INTRODUCTION

1. The Media Bureau (Bureau) has before it the above-captioned application (Application) of Southwest Colorado TV Translator Association (Permittee), for a license to cover television translator station K31CT, Cortez, Colorado (Translator). In this *Memorandum Opinion and Order and Notice of Apparent Liability for Forfeiture (NAL)*,¹ we find that the Permittee apparently willfully violated section 74.788(b)² of the Rules by failing to timely file a license to cover application, and willfully and repeatedly violated section 301 of the Act,³ by engaging in unauthorized operation of the Translator after its construction permit had expired. Based upon our review of the facts and circumstances before us, we conclude that the Permittee is apparently liable for a monetary forfeiture in the amount of three thousand five hundred dollars (\$3,500).

II. BACKGROUND

2. The Bureau issued Permittee a construction permit for the Translator on June 30, 2021, with an expiration date of July 13, 2021, in order to allow the Station to complete an on-channel digital conversion (flash-cut).⁴ However, Permittee not did file a covering license application by July 13, 2021,

¹ This *NAL* is issued pursuant to sections 309(k) and 503(b) of the Communications Act of 1934, as amended (Act), and section 1.80 of the Commission's rules (Rules). See 47 U.S.C. §§ 309(k), 503(b); 47 CFR § 1.80. The Bureau has delegated authority to issue the *NAL* under section 0.283 of the Rules. See 47 CFR § 0.283.

² See 47 CFR § 74.788(b).

³ See 47 U.S.C. § 301.

⁴ See LMS File No. 0000143149.

and the Permit expired on its own terms that day pursuant to section 74.788(b) of the Rules.⁵ Permittee filed the Application on November 30, 2021, more than four months after completing construction and after the Permit expired. In the Application, Permittee includes a request that its late-filed Application be accepted and that it be allowed to continue to serve the public. In an amendment to the Application, filed December 14, 2021, the Permittee's Administrator supplied an affidavit attesting that the Station completed construction of its digital facilities and has been "operating in digital, continuously since July 8, 2021." Permittee also supplied documentation to demonstrate that the Station has been operating since that time.

III. DISCUSSION

3. *Proposed Forfeiture.* The Permittee failed to timely file a covering license application as required by section 74.788(b) of the Rules, and continued Translator operations with the permitted facilities after the Permit expired on July 13, 2021, before attempting to file the appropriate covering license application, and did not seek special temporary authority to operate with those facilities. In its Petition, Permittee stated that it completed construction of the Translator in accordance with the construction permit granted by the Commission and commenced operation of those facilities, on July 8, 2021. Permittee states that it "overlooked" filing the license to cover. It is well settled that applicants and licensees are responsible for the errors of their staff.⁶ Further, as a result of its late filing, Permittee also engaged in unauthorized operation in violation of section 301 of the Act for more than four months.

4. This *NAL* is issued pursuant to section 503(b)(1)(B) of the Act. Under that provision, a person who is found to have willfully or repeatedly failed to comply with any provision of the Act or any rule, regulation, or order issued by the Commission shall be liable to the United States for a forfeiture penalty.⁷ Section 312(f)(1) of the Act defines willful as "the conscious and deliberate commission or omission of [any] act, irrespective of any intent to violate" the law.⁸ The legislative history to section 312(f)(1) of the Act clarifies that this definition of willful applies to both sections 312 and 503(b) of the Act,⁹ and the Commission has so interpreted the term in the section 503(b) context.¹⁰ Section 312(f)(2) of the Act provides that "[t]he term 'repeated,' when used with reference to the commission or omission of any act, means the commission or omission of such act more than once or, if such commission or omission is continuous, for more than one day."¹¹

⁵ 47 CFR § 74.788(b). We note that because the construction permit had not yet been canceled in LMS the Station was able to file a license to cover application against its expired permit. Cancellation of a station's construction permit and deletion of its call sign by Media Bureau (Bureau) staff in the Licensing and Management System (LMS) is an administrative function and does not constitute an official Commission action nor require any affirmative cancellation by the Commission. See *Media Bureau Reminds Remaining Low Power Television and Television Translator Stations that the July 13, 2021 Digital Transition Date and Other Important Deadlines are One Week Away*, Public Notice, DA 21-786 (rel. July 6, 2021); 47 CFR § 74.788(b). As a result, failure by Bureau staff to cancel a construction permit in LMS does not result in an expired construction permit remaining valid.

⁶ See, e.g., *Roy E. Henderson*, Memorandum Opinion and Order, 33 FCC Rcd 3385, 3387-88, para. 6 (2018) (rejecting argument that licensee's engineer was to blame for station's unauthorized operations).

⁷ 47 U.S.C. § 503(b)(1)(B). See also 47 CFR § 1.80(a)(1).

⁸ 47 U.S.C. § 312(f)(1).

⁹ See H.R. Rep. No. 97-765, 97th Cong. 2d Sess. 51 (1982).

¹⁰ See *Southern California Broad. Co.*, Memorandum Opinion and Order, 6 FCC Rcd 4387, 4388, para. 5 (1991), *recon. denied*, Memorandum Opinion and Order, 7 FCC Rcd 3454 (1992).

¹¹ 47 U.S.C. § 312(f)(2).

5. The Commission's *Forfeiture Policy Statement* and section 1.80(b)(10) of the Rules establish a base forfeiture amount of \$3,000 for the failure to file a required form.¹² The guidelines also specify a base forfeiture amount of \$10,000 for construction and/or operation without an instrument of authorization for the service.¹³ In determining the appropriate forfeiture amount, we may adjust the base amount upward or downward by considering the factors enumerated in section 503(b)(2)(E) of the Act, including "the nature, circumstances, extent and gravity of the violation, and, with respect to the violator, the degree of culpability, any history of prior offenses, ability to pay, and such other matters as justice may require."¹⁴

6. Based on our review of the facts and circumstances, we tentatively find that a \$7,000 base forfeiture is appropriate.¹⁵ Licensee failed to file a timely covering license application for the Translator and engaged in unauthorized operation of the Translator after the permit expired on July 13, 2021. Taking into consideration all of the factors required by section 503(b)(2)(E) of the Act and the *Forfeiture Policy Statement*, we will reduce the forfeiture from the base amount to \$3,500 because, as a television translator, the Translator is providing a secondary service.¹⁶ We will also treat the attachment to the Application as a request for waiver of section 74.788(b) of the Rules, grant the Permittee's waiver request,¹⁷ reinstate the Permit, and grant the Application by separate action upon the conclusion of this forfeiture proceeding if there are no issues other than the apparent violation that would preclude grant of the Application.

¹² See *Forfeiture Policy Statement and Amendment of Section 1.80(b) of the Rules to Incorporate the Forfeiture Guidelines*, Report and Order, 12 FCC Rcd 17087, 17113-15 (1997) (*Forfeiture Policy Statement*), recon. denied, Memorandum Opinion and Order, 15 FCC Rcd 303 (1999); 47 CFR § 1.80(b)(10), note to paragraph (b)(10), Section I.

¹³ A broadcast station requires an authorization from the Commission to operate. See 47 U.S.C. § 301.

¹⁴ 47 U.S.C. § 503(b)(2)(E); see also *Forfeiture Policy Statement*, 12 FCC Rcd at 17100; 47 CFR § 1.80(b)(4).

¹⁵ See, e.g., *WKLC, Inc.*, Memorandum Opinion and Order and Notice of Apparent Liability, 26 FCC Rcd 11001 (MB 2011) (proposing \$7,000 forfeiture for violation of section 73.3598 of the Rules and section 301 of the Act). See also *Clear Channel*, 26 FCC Rcd at 7157 ("We note that the staff may also issue Notices of Apparent Liability for 'failure to file a required form' as authorized by Section 503(b)(1)(B) of the Communications Act of 1934, as amended (the 'Act') and Section 1.80 of the Rules, for such violations of covering license application filing deadlines or take other enforcement action.").

¹⁶ See, e.g., *Pirate Media Group, LLC*, Memorandum Opinion and Order and Notice of Apparent Liability, 34 FCC Rcd 12280 (MB 2019) (reducing \$3,000 base forfeiture to \$1,500 for untimely filed renewal application filed by FM translator station).

¹⁷ A waiver is appropriate where the particular facts would make strict compliance inconsistent with the public interest and deviation from the general rule would relieve hardship, promote equity, or produce a more effective implementation of overall policy on an individual basis. *Northeast Cellular Telephone Co. v. FCC*, 897 F.2d 1164, 1166 (D.C. Cir. 1990) and *WAIT Radio v. FCC*, 418 F.2d 1153, 1159 (D.C. Cir. 1969), cert. denied, 409 U.S. 1072 (1972); 47 CFR § 1.3 (waiver for good cause shown). Providing relief in instances where a licensee has failed to file an application for license to cover, but clearly completed construction prior to its authorized facility prior to the construction expiration date is consistent with Commission precedent. See e.g., *Clear Channel Broadcasting Licenses, Inc.*, Memorandum Opinion and Order, 26 FCC Rcd 7153, 7157, para 11 (2011) (upholding as proper the Bureau's practice of processing a late-filed covering license application for facilities fully completed by the construction deadline through the waiver process); *Cranesville Block Company, Inc.*, Letter Order, 27 FCC Rcd 2018, 2019-20 (MB 2012) (dismissing a petition for reconsideration of an expired construction permit as procedurally improper and treating it instead as a request for waiver). We find that based on the specific facts and circumstances presented here waiver is warranted. Notably, the Translator was previously a licensed analog facility and required by Commission rule to convert to digital operations. Not only did the Translator complete construction prior to its construction deadline, but according to Commission records the Translator has been continuously operational. Strict compliance with the rule would result in a loss of service to the public and be inconsistent with the public interest. We note that different facts could result in a different finding.

IV. ORDERING CLAUSES

7. Accordingly, **IT IS ORDERED**, pursuant to section 503(b) of the Communications Act of 1934, as amended, and section 1.80 of the Commission's rules,¹⁸ Southwest Colorado TV Translator Association is hereby **NOTIFIED** of its **APPARENT LIABILITY FOR FORFEITURE** in the amount of three thousand five hundred dollars (\$3,500) for its apparent willful violation of section 74.788(a) of the Commission's rules and section 301 of the Communications Act of 1934, as amended.¹⁹

8. **IT IS FURTHER ORDERED**, pursuant to section 1.80 of the Commission's rules,²⁰ that, within thirty (30) days of the release date of this *NAL*, Southwest Colorado TV Translator Association **SHALL PAY** the full amount of the proposed forfeiture or **SHALL FILE** a written statement seeking reduction or cancellation of the proposed forfeiture.

9. Payment of the forfeiture must be made by credit card, ACH (Automated Clearing House) debit from a bank account using CORES (the Commission's online payment system),²¹ or by wire transfer. Payments by check or money order to pay a forfeiture are no longer accepted. Below are instructions that payors should follow based on the form of payment selected:²²

- Payment by wire transfer must be made to ABA Number 021030004, receiving bank TREAS/NYC, and Account Number 27000001. A completed Form 159 must be faxed to the Federal Communications Commission at 202-418-2843 or e-mailed to RROGWireFaxes@fcc.gov on the same business day the wire transfer is initiated. Failure to provide all required information in Form 159 may result in payment not being recognized as having been received. When completing FCC Form 159, enter the Account Number in block number 23A (call sign/other ID), enter the letters "FORF" in block number 24A (payment type code), and enter in block number 11 the FRN(s) captioned above (Payor FRN).²³ For additional detail and wire transfer instructions, go to <https://www.fcc.gov/licensing-databases/fees/wire-transfer>.
- Payment by credit card must be made by using the Commission's Registration System (CORES) at <https://apps.fcc.gov/cores/userLogin.do>. To pay by credit card, log-in using the FCC Username associated to the FRN captioned above. If payment must be split across FRNs, complete this process for each FRN. Next, select "Manage Existing FRNs | FRN Financial | Bills & Fees" from the CORES Menu, then select FRN Financial and the view/make payments option next to the FRN. Select the "Open Bills" tab and find the bill number associated with the *NAL*/Acct. No. The bill number is the *NAL* Acct. No. (e.g., *NAL*/Acct. No. 1912345678 would be associated with FCC Bill Number 1912345678). After selecting the bill for payment, choose the "Pay by Credit Card" option. Please note that there is a \$24,999.99 limit on credit card transactions.
- Payment by ACH must be made by using the Commission's Registration System (CORES) at <https://apps.fcc.gov/cores/paymentFrnLogin.do>. To pay by ACH, log in using the FRN captioned above. If payment must be split across FRNs, complete this process for each FRN. Next, select "Manage Existing FRNs | FRN Financial | Bills & Fees" on the CORES Menu, then select FRN Financial and the view/make payments option next to the FRN. Select the

Finally, choose the “Pay from Bank Account” option. Please contact the appropriate financial institution to confirm the correct Routing Number and the correct account number from which payment will be made and verify with that financial institution that the designated account has authorization to accept ACH transactions.

10. Any request for making full payment over time under an installment plan should be sent to: Associate Managing Director—Financial Operations, Federal Communications Commission, 45 L Street, N.E., Washington, DC 20554.²⁴ Questions regarding payment procedures should be directed to the Financial Operations Group Help Desk by phone, 1-877-480-3201 (option #6), or by e-mail at ARINQUIRIES@fcc.gov.

11. Any written response seeking reduction or cancellation of the proposed forfeiture must include a detailed factual statement supported by appropriate documentation and affidavits pursuant to sections 1.16 and 1.80(g)(3) of the Commission’s rules.²⁵ The written response must be filed with the Office of the Secretary, Federal Communications Commission, 45 L Street NE, Washington DC 20554, ATTN: Shaun Maher, Attorney, Video Division, Media Bureau, and **MUST INCLUDE** the NAL/Acct. No. referenced above. Filings can be sent by commercial overnight courier, or by first-class or overnight U.S. Postal Service mail. All filings must be addressed to the Commission’s Secretary, Office of the Secretary, Federal Communications Commission.²⁶ A courtesy copy should also be emailed to Shaun.Maher@fcc.gov to assist in processing the response.

- Commercial overnight mail (other than U.S. Postal Service Express Mail and Priority Mail) must be sent to 9050 Junction Drive, Annapolis Junction, MD 20701.
- Postal Service first-class, Express, and Priority mail must be addressed to 45 L Street, NE, Washington, DC 20554.

12. The Commission will not consider reducing or canceling a forfeiture in response to a claim of inability to pay unless the respondent submits: (1) federal tax returns for the most recent three-year period; (2) financial statements prepared according to generally accepted accounting practices (GAAP); or (3) some other reliable and objective documentation that accurately reflects the respondent’s current financial status. Any claim of inability to pay must specifically identify the basis for the claim by reference to the financial documentation submitted. Inability to pay, however, is only one of several factors that the Commission will consider in determining the appropriate forfeiture, and we have discretion to not reduce or cancel the forfeiture if other prongs of section § 503(b)(2)(E) of the Communications Act of 1934, as amended, support that result.²⁷

**MEMORANDUM OPINION AND ORDER
AND
NOTICE OF APPARENT LIABILITY FOR FORFEITURE**

Adopted: June 10, 2022

Released: June 10, 2022

By the Chief, Video Division, Media Bureau:

I. INTRODUCTION

1. The Media Bureau (Bureau) has before it the above-captioned application (Application) of Methow Valley Communications District (Permittee), for a license to cover television translator (TV translator) station K44EN-D, Methow, Washington (K44EN-D or Station). In this *Memorandum Opinion and Order and Notice of Apparent Liability for Forfeiture (NAL)*,¹ we find that the Permittee apparently willfully violated section 74.788² of the Rules by failing to timely file a license to cover application, and willfully and repeatedly violated section 301 of the Act,³ by engaging in unauthorized operation of the Station after its construction permit had expired. Based upon our review of the facts and circumstances before us, we conclude that the Permittee is apparently liable for a monetary forfeiture in the amount of six thousand five hundred dollars (\$6,500).

II. BACKGROUND

2. As a result of the television incentive auction the Station was displaced off of channel 44, a portion of which was reallocated for wireless broadband services. On July 24, 2017, the Station received a letter from T-Mobile USA, Inc., informing it that it was prepared to commence wireless broadband operations in November 2017, and that the Station is likely to cause harmful interference to its operation in the 600 MHz band.⁴ Consistent with Bureau guidance,⁵ Permittee filed a request for legal

¹ This *NAL* is issued pursuant to sections 309(k) and 503(b) of the Communications Act of 1934, as amended (Act), and section 1.80 of the Commission's rules (Rules). See 47 U.S.C. §§ 309(k), 503(b); 47 CFR § 1.80. The Bureau has delegated authority to issue the *NAL* under section 0.283 of the Rules. See 47 CFR § 0.283.

² See 47 CFR § 74.788.

³ See 47 U.S.C. § 301.

⁴ See Letter from T-Mobile USA, Inc. to Methow Valley Communications District (Jul. 24, 2017) a copy of which is available at LMS File No. 0000030030.

⁵ See *Incentive Auction Task Force and Media Bureau Set Forth Tools Available to LPTV/Translator Stations Displaced Prior to the Special Displacement Window*, 32 FCC Rcd 4943, paras. 5-7 (IATF and MB 2017). LPTV stations on channels 38-51 that were displaced by the Incentive Auction and repacking process and had received notice from 600 MHz band wireless licensees that they had to terminate operations prior to being able to file a displacement application in the 2018 special displacement window were permitted to file a displacement application (continued....)

special temporary authority (STA)⁶ and application for digital displacement 36⁷ on September 29, 2017. Permittee's STA was granted on October 12, 2017, allowing it to begin operating temporarily on its digital displacement channel 26 while its displacement application was pending.

3. The Bureau subsequently granted the channel 36 digital displacement application for on November 26, 2018, with an expiration date of November 26, 2021 (Displacement CP). However, Permittee did not file an application for license to cover by November 26, 2021, and the Displacement CP expired on its own terms that day pursuant to section 74.788(b) of the Rules.⁸ Permittee filed the Application on May 12, 2022, wherein the Permittee represents that construction of the facilities set forth in the Displacement CP (and previously authorized to operate in its STA) were completed in June 2018, but that the Permittee inadvertently failed to file a license to cover at that time. Permittee submits documentation to demonstrate that the Displacement CP facilities were constructed and that the Station is currently operating pursuant to those facilities. Accordingly, Permittee filed the Application over three years after completing construction and almost six months after the Permit expired. Permittee requests waiver of the rules, reinstatement of the Displacement CP, and grant of the Application.

III. DISCUSSION

4. *Proposed Forfeiture.* The Permittee failed to timely file a license to cover as required by section 74.788 of the Rules,⁹ and continued Station operations with the permitted facilities after the Permit expired on November 26, 2021, before filing the Application, and did not seek special temporary authority to operate with those facilities. In its Petition, Permittee stated that it completed construction of the Station in accordance with the construction permit granted by the Commission and previously commenced operation of those facilities pursuant to a valid STA in June 2018. Permittee states that it overlooked submitting the license to cover at that time. It is well settled that administrative oversight is not an excuse for failure to comply with the Commission's rules.¹⁰ Further, as a result of its late filing, Permittee also engaged in unauthorized operation in violation of section 301 of the Act.¹¹

5. This *NAL* is issued pursuant to section 503(b)(1)(B) of the Act.¹² Under that provision, a person who is found to have willfully or repeatedly failed to comply with any provision of the Act or any rule, regulation, or order issued by the Commission shall be liable to the United States for a forfeiture

and request for special temporary authority (STA) and, upon grant of the STA, begin operating temporarily on their displacement channel. *Id.*

⁸ 47 CFR § 74.788(b). We note that because the construction permit had not yet been canceled in LMS the Station was able to file a license to cover application against its expired construction permit. Cancellation of a station's construction permit and deletion of its call sign by Media Bureau (Bureau) staff in the Licensing and Management System (LMS) is an administrative function and does not constitute an official Commission action nor require any affirmative cancellation by the Commission. *See* 47 CFR § 74.788(b); *Media Bureau Reminds Remaining Low Power Television and Television Translator Stations that the July 13, 2021 Digital Transition Date and Other Important Deadlines are One Week Away*, Public Notice, 36 FCC Rcd 10364 (MB 2021). As a result, failure by Bureau staff to cancel a construction permit in LMS does not result in an expired construction permit remaining valid.

penalty.¹³ Section 312(f)(1) of the Act defines willful as “the conscious and deliberate commission or omission of [any] act, irrespective of any intent to violate” the law.¹⁴ The legislative history to section 312(f)(1) of the Act clarifies that this definition of willful applies to both sections 312 and 503(b) of the Act,¹⁵ and the Commission has so interpreted the term in the section 503(b) context.¹⁶ Section 312(f)(2) of the Act provides that “[t]he term ‘repeated,’ when used with reference to the commission or omission of any act, means the commission or omission of such act more than once or, if such commission or omission is continuous, for more than one day.”¹⁷

6. The Commission's *Forfeiture Policy Statement* and section 1.80(b)(10) of the Rules establish a base forfeiture amount of \$3,000 for the failure to file a required form.¹⁸ The guidelines also specify a base forfeiture amount of \$10,000 for construction and operation without an instrument of authorization for the service.¹⁹ In determining the appropriate forfeiture amount, we may adjust the base amount upward or downward by considering the factors enumerated in section 503(b)(2)(E) of the Act, including “the nature, circumstances, extent and gravity of the violation, and, with respect to the violator, the degree of culpability, any history of prior offenses, ability to pay, and such other matters as justice may require.”²⁰

7. In this case the Licensee failed to file a timely license to cover for the Station when it completed construction of its Displacement CP facilities in the Fall of 2018,²¹ and not only filed its Application nearly six months after its construction permit expired, but engaged in unauthorized operation of the Station for over three years. Taking into consideration all of the factors required by section 503(b)(2)(E) of the Act and the *Forfeiture Policy Statement*, we will reduce the forfeiture from the base amount to \$6,500 because, as a TV translator station, the Station is providing a secondary service.²² While in other cases we have only fined other LPTV and TV translator licensees \$3,500 for similar violations, we believe an increased amount is warranted here given the lengthy period of time (over three

²² See e.g., *Southwest Colorado TV Translator Association*, Memorandum Opinion and Order and Notice of Apparent Liability for Forfeiture, DA 21-1616 (rel. Dec. 21, 2021) (proposing \$3,500 forfeiture for late filed application for license to cover and four months unauthorized operations) (paid Jan. 20, 2022); *KAZT, LLC*, Memorandum Opinion and Order and Notice of Apparent Liability, DA 21-1386 (rel. Mar. 28, 2022) (finding that although the station is secondary, a forfeiture in the amount of \$6,500 was warranted given the lengthy period of time (over three years) the station engaged in unauthorized operation) (paid Apr. 19, 2022).

years) the station engaged in unauthorized operation compared to those other cases.²³ Stations are only permitted to commence operation pursuant to a valid instrument of authorization and we find the Licensee's failure represents extreme disregard, or at best ignorance, of Commission's licensing processes and the Act itself. We will also grant the Permittee's waiver request and waive section 74.788 of the Rules,²⁴ reinstate the construction permit, and grant the Application by separate action upon the conclusion of this forfeiture proceeding if there are no issues other than the apparent violation that would preclude grant of the Application.

IV. ORDERING CLAUSES

8. Accordingly, **IT IS ORDERED**, pursuant to section 503(b) of the Communications Act of 1934, as amended, and section 1.80 of the Commission's rules,²⁵ Methow Valley Communications District is hereby **NOTIFIED** of its **APPARENT LIABILITY FOR FORFEITURE** in the amount of six thousand five hundred dollars (\$6,500) for its apparent willful violation of section 74.788 of the Commission's rules and section 301 of the Communications Act of 1934, as amended.²⁶

9. **IT IS FURTHER ORDERED**, pursuant to section 1.80 of the Commission's rules,²⁷ that, within thirty (30) days of the release date of this *NAL*, Methow Valley Communications District **SHALL PAY** the full amount of the proposed forfeiture or **SHALL FILE** a written statement seeking reduction or cancellation of the proposed forfeiture.

10. Payment of the forfeiture must be made by credit card, ACH (Automated Clearing House) debit from a bank account using CORES (the Commission's online payment system),²⁸ or by wire transfer. Payments by check or money order to pay a forfeiture are no longer accepted. Notification that payment has been made must be sent on the day of payment to Shaun.Maher@fcc.gov. Below are instructions that payors should follow based on the form of payment selected:²⁹

- Payment by wire transfer must be made to ABA Number 021030004, receiving bank TREAS/NYC, and Account Number 27000001. A completed Form 159 must be faxed to the Federal Communications Commission at 202-418-2843 or e-mailed to RROGWireFaxes@fcc.gov on the same business day the wire transfer is initiated. Failure to provide all required information in Form 159 may result in payment not being recognized as

²³ See *supra* note 22.

²⁴ A waiver is appropriate where the particular facts would make strict compliance inconsistent with the public interest and deviation from the general rule would relieve hardship, promote equity, or produce a more effective implementation of overall policy on an individual basis. *Northeast Cellular Telephone Co. v. FCC*, 897 F.2d 1164, 1166 (D.C. Cir. 1990) and *WAIT Radio v. FCC*, 418 F.2d 1153, 1159 (D.C. Cir. 1969), *cert. denied*, 409 U.S. 1072 (1972); 47 CFR § 1.3 (waiver for good cause shown). Providing relief in instances where a licensee has failed to file an application for license to cover, but clearly completed construction prior to its authorized facility prior to the construction expiration date is consistent with Commission precedent. See e.g., *Clear Channel Broadcasting Licenses, Inc.*, Memorandum Opinion and Order, 26 FCC Rcd 7153, 7157, para 11 (2011) (upholding as proper the Bureau's practice of processing a late-filed covering license application for facilities fully completed by the construction deadline through the waiver process); *Cranesville Block Company, Inc.*, Letter Order, 27 FCC Rcd 2018, 2019-20 (MB 2012) (dismissing a petition for reconsideration of an expired construction permit as procedurally improper and treating it instead as a request for waiver). We find that based on the specific facts and circumstances presented here waiver is warranted. We note that the Permittee requests waiver of 47 CFR § 73.3598, which also is applicable to digital LPTV stations and is waived as necessary.

DECLARATION

Charles Poppen hereby states, under penalty of perjury, the following:

As further evidence of the station commencing digital operation in April of 2020, the station placed advertising to notify the public that it was broadcasting in digital. *See* the attached invoices from KELO(AM).

In addition, the attached letter from Reliabank, executed by its retail branch manager, confirms that KCPO has made checks payable to Dunham Brokerage LLC for rent. The period of these checks is April 2020-June 2022. The attached is on Reliabank letterhead. It is, thus, assumed that this would be sufficient for credibility. The undersigned requests that the Commission ignore the fact that the letter is not provided by the signatory under penalty of perjury. However, the letter has been provided at my request.

November 3, 2022

Chuck,

Thank you for the generous commitment your business made in 2020. Providing the advertising broadcast, in the months of May and June of 2020, to bring greater attention to the programs Glory House provides specifically for housing has lasting effects.

The acknowledgement of this gift is estimated in value of \$2600.00.

Sincerely,

Nicole Dvorak-Ripperda, President
