### **Operations Certification**

K24NS-D (the “Station”) was acquired by Outside Waves LLC (the “Licensee”) on April 26, 2021. The current Licensee has reviewed the station’s records and the applications in the FCC’s LMS system and notes that the former licensee ceased operations of the station several times during the renewal term due to issues related to equipment failures under its analog call sign, K38FW.

The initial request for Silent STA was filed on January 8, 2016 (FCC File Number 0000007698) due to a failure of its studio-to-transmitter link equipment. After installing new equipment and resolving the technical problems, the former licensee recommenced operations on November 14, 2016.

The next request for Silent STA was filed on December 23, 2016 (FCC File Number 0000019286, as extended by 0000029390) due to transmitter issues which caused the station to go silent on December 16, 2016. Operations were resumed on November 17, 2017 and the Commission was duly notified (FCC File Number 0000036161).

Due to the issues with operations of then-K38FW, the former licensee began a channel share operation on Channel 31 with co-owned station K31KH-D (Facility ID 125591) pursuant to an Engineering STA (FCC File Number 0000029745; filed September 8, 2017 and granted November 6, 2017). The channel share Engineering STA was extended four times.

The Station resumed operations and on February 12, 2020, the Station reported that it had again experienced transmitter failure and went silent (FCC File Number 0000106151). Operations were resumed on June 26, 2020 (FCC File Number 0000117178).

Finally, the former licensee again filed for Silent STA on February 9, 2021 (FCC File Number 0000135838). The current Licensee returned the Station to the air on Channel 24 in May 2021 at such time as the Station was able to implement its digital displacement channel application (FCC File Number 0000053623, as modified by FCC File Number 0000140172, as extended by FCC File Number 0000139398). A license to cover application for operations on Channel 24 as K24NS-D was filed on May 4, 2021 (FCC File Number 0000144489) and granted May 5, 2021.
