

Extraordinary Circumstance  
For Special Temporary Authority  
KFAW-LD Ch 32 Midland, TX  
6/18/2023

KFAW-LD Channel 32 requests Special Temporary Authority to operate on ASR site # 1048229, as a result of damages that occurred on July 20, 2022. A third-party damaged some of the transmission equipment for KFAW-LD, requiring the station to cease operations.

This is the second time this has occurred over the last three years at KFAW's current location. The current Tower owner has neglected to protect KVAW from co located tenants, as specified in their lease paperwork, forcing KFAW to remedy the recurring damages by moving to the above mentioned tower site.

KFAW expects to operate this STA until they receive a Construction Permit to operate on the new Tower Site.

KFAW broadcasts primarily Hispanic programming benefiting the local Hispanic Community. KFAW originates and produces local content that reflects their commitment to serve their audience.
