Re: KCDO-TV Replacement Translator, Kimball, NE (Facility ID No. 63158) Status

Mr. Harding:

On behalf of Scripps Broadcasting Holdings LLC (“Scripps”), licensee of digital replacement translator at Kimball, Nebraska, used with KCDO-TV, Sterling, Colorado, we hereby notify the Commission that the digital replacement translator station is operating at reduced power. On July 24, 2023, the station began experiencing issues with its transmitter that resulted in a reduction in output power to 43% of the station’s licensed output power (ERP reduced from 240W to 102W respectively). Station personnel plan to visit the site within the next week to determine the problem and the best course of action to fix the transmitter. If it appears the repair process is anticipated to take longer than 30 days, Scripps will apply for an STA.

Please contact me if you have any questions.

Respectfully submitted,

Benjamin Pidek
