

### **Request for Non-Adjacent Channel Change**

Applicant is requesting a change to non-adjacent channel 205 as a minor modification to the existing license. Currently K212EK operates on channel 212 which is a co-channel to NEW, Silver Lakes, CA FAC# 768306. As demonstrated on the attached contour interference map, the interfering 40 dBμ F(50,10) of NEW, Silver Lakes totally encompasses the protected 60 dBμ F(50,50) contour of K212EK, which will result in received interference. The interference from NEW, Silver Lakes is completely eliminated by moving to non-adjacent channel 205.
