

Composite Coverage of WLVY Translators

Contour Overlap and Area Calculations

7.31% of the W244EC coverage area overlaps W230BB; **92.69%** is unduplicated

4.30% of the W230BB coverage area overlaps W244EC and 40.94% overlaps W293CZ; **54.76%** is unduplicated

40.60% of the W293CZ coverage area overlaps W230BB; **59.40%** is unduplicated

In accordance with Audio Division policy regarding § 74.1232(b), none of the proposed modifications would serve “substantially” the same area, as each facility will continue to provide greater than 50% unduplicated coverage.
