

DONATION

Hobby Radio, Inc., the licensee of WEAK-LP is, in fact, donating the license to St. Isadore Media, Inc. which, in turn, is buying a few pieces of equipment from the licensee.

Hobby Radio, inc. has been the licensee of WEAK-LP since November, 2004. Consequently, the assignor's legitimate and prudent expense, "those expenses reasonably incurred by the assignor or transferor in obtaining and constructing the station (e.g., expenses in preparing an application, in obtaining and installing broadcast equipment to be assigned or transferred, etc.) exceed the \$515.00 consideration.
