

Request for Special Temporary Authority

Chesapeake-Portsmouth Broadcasting Corporation (“CPBC”), licensee of FM translator station W272CQ, Jacksonville, Florida (Facility ID No. 148615), Channel 272/ 107.3 MHz (“W272CQ”), hereby requests Special Temporary Authority (“STA”) to operate at a reduced power of 70 watts to provide fill-in service for its new primary station, WMUV(FM), Brunswick, Georgia (Facility ID No. 48243), Channel 264/ 100.7 MHz (“WMUV”).

In order to comply with the FCC’s rules governing fill-in translator service, however, W272CQ’s power must be reduced to ensure that its protected contour is wholly within WMUV’s protected contour. CPBC is also filing a minor modification application to reduce W272CQ’s power permanently to comply with the Commission’s fill-in translator rules.

Accordingly, CPBC respectfully requests STA to operate W272CQ with reduced power until W272CQ’s minor modification application has been granted.
