

PUBLIC INSPECTION FILE EXHIBIT

While Television Station WNYA(TV), Pittsfield, Massachusetts (Facility ID No. 136751) (the "Station"), uploaded information regarding political advertising to the Station's online public inspection file, some materials were not uploaded timely. Promptly upon discovery, the licensee took corrective action to put in place additional procedures to ensure that all political advertising information is timely uploaded. In addition, the annual EEO public inspection file reports for the two reporting periods of February 1, 2015-January 31, 2016 and February 1, 2016-January 31, 2017 were not uploaded timely to the Station's online public inspection. That error was rectified as soon as it was discovered and steps were taken to ensure that a similar mistake would not take place again. Throughout the license term, all of the Station's EEO public inspection file reports were timely placed on the Station's website, including the two reports noted above.
