

Request for Silent Authority

K220EP, LaCrescent, Minnesota

Faith Sound, Inc., licensee of K220EP, LaCrescent, Minnesota, hereby requests authority to remain silent. In late August, K220EP began receiving substantial interference to its reception from an unknown source that made it extremely difficult to receive a clear signal. Research ultimately determined that the source of the interference was WDRT, Vioqua, Wisconsin. Faith Sound is searching for a solution to this problem, but until a solution can be found, K220EP cannot continue to operate. Accordingly, Faith Sound requests authority to remain silent.
