Amendment of Section 73.622,) MB Docket No. _____
Digital Television Table of Allotments) RM- _____
for KQSL(TV), Fort Bragg, California)
(Facility 8378))

To: Office of the Secretary, Federal Communications Commission
Attn: Chief, Media Bureau

PETITION FOR RULEMAKING

One Ministries, Inc. (“OMI”), licensee of television station KQSL(TV), Fort Bragg, California (Facility ID 8378; DTV Channel 8) (“KQSL”), hereby requests that the Commission institute a rulemaking proceeding for the purpose of amending the DTV Table of Allotments (the “DTV Table”) contained in Section 73.622(i) of the Commission’s rules.¹ Specifically, OMI requests that the Commission: (1) delete Channel 8 at Fort Bragg, California and add Channel 8 at Cloverdale, California; and (2) modify KQSL’s license to specify Cloverdale as its community of license. The proposed community of license change will result in a more preferential arrangement of allotments by providing Cloverdale, the fastest growing city in Sonoma County, with its first local television service.

I. DISCUSSION

Under the Commission’s community of license change policies and Section 1.420(i) of the FCC’s Rules, *see* 47 C.F.R. § 1.420(i), the Commission may modify a station’s license to specify a new community of license without affording interested parties an opportunity to file

competing expressions of interest if: (a) the new allotment would be mutually exclusive with the old allotment; and (b) looking at the totality of factors, the new allotment would result in a preferential arrangement of allotments.²

As demonstrated below, the instant Proposal is consistent with the Commission's television allotment objectives and satisfies this analysis.

A. The New Allotment Is Mutually Exclusive With the Existing Allotment.

OMI's proposal satisfies the requirement that a licensee may petition for a new community of license where "the amended allotment would be mutually exclusive with the licensee's" present allotment.³ The proposed community of license change is mutually exclusive with KQSL's current allotment because KQSL's current 43 dBu contour encompasses Cloverdale. Therefore, no other station could be licensed to Cloverdale on Channel 8.⁴ The proposal also satisfies the requirement that it provide the required principal community coverage to its new community of license.⁵

B. The Proposed Reallotment Would Result in a Preferential Allocation.

Generally, the Commission will grant a proposed reallotment when the change will result in a preferential arrangement of allotments.⁶ The FCC will consider a proposal to change the

DTV Table to be in the public interest if it satisfies one of the Commission's five allotment priorities.⁷

Here, the proposal represents a preferential arrangement of allotments under the Commission's second allotment priority because it will result in a first local television station for Cloverdale, which is the northernmost city in Sonoma County, California.⁸ KQSL's existing community of license, Fort Bragg, will continue to have one full power local television station following the reallocation.⁹ And because KQSL is not proposing to modify its technical facilities, the community of license change will not adversely affect the service provided to Fort Bragg.

Here, applying the FCC's criteria, grant of the proposed reallocation will result in a preferential arrangement of allotments according to the Commission's allotment priorities. Specifically, grant of the proposed reallocation will provide Cloverdale with a first local service under the second allotment priority. Although the proposed reallocation will remove a local

Sixth Report and Order, 41 F.C.C. 148, 167-173 (1952).

⁷ *Id.* The five allotment priorities are: (1) to provide at least one television service to all parts of the United States; (2) to provide each community with at least one television broadcast station; (3) to provide a choice of at least two television services to all parts of the United States; (4) to provide each community with at least two television broadcast stations; and (5) to assign any remaining channels to communities based on population, geographic location, and the number of television services available to the community from stations located in other communities. *Id.*

⁸ Exhibit C, List of Television Stations in California. Cloverdale is a substantial and growing community that is neither contiguous to nor located in the same county as San Francisco and, therefore, is evaluated as an independent community under the television allotment priorities. *Cf. In the Matter of Amendment of Section 73.606(b), Table of Allotments, TV Broad. Stations. (Anchorage, Palmer & Seward, Alaska)*, 5 FCC Rcd. 7570 ¶ 16 (MB 1990) (ascribing minimal weight to community of 2,141 in close proximity to larger city); *Cleveland Television Corp.*, 52 RR2d 581 ¶ 11 (Rev. Bd. 1982) (declining to ascribe weight to "contiguous suburb" of larger city).

⁹ *See Amendment of Section 73.622(j), Table of Allotments, Television Broadcast Stations (Fort Bragg, California)*, Report and Order, MB Dkt. No. 21-123, DA 22-26 (MB rel. Jan. 11, 2022) (adding noncommercial reserved allotment for Fort Bragg).

service from Fort Bragg, that community already has two allotments, so the reallocation will ensure that both Cloverdale and Fort Bragg satisfy the second allotment priority. And because KQSL is not proposing to modify its technical facilities, the community of license change will not adversely affect the service provided to Fort Bragg.

Cloverdale clearly qualifies for community of license status for allotment purposes. Cloverdale is located 39 miles north of Santa Rosa on Highway 101. Cloverdale is the fastest growing city in Sonoma County, with a population of 8,809 in 2022.¹⁰ From 2000 to 2010, Cloverdale's population grew by 32%.¹¹ The city's population is projected to grow by an additional 34% by 2035.¹² This growth is primarily driven by the availability of affordable housing, with Cloverdale's median home prices among the lowest in Sonoma County.¹³

Cloverdale has a fully autonomous municipal government led by a mayor and four additional council members. Cloverdale also has a professional management staff, led by City Manager.¹⁴ Residents of Cloverdale are protected by the Cloverdale Police Department, a full-service force that provides law enforcement services and other non-law enforcement services such as animal control, permits, and school crossing guards. Cloverdale also is home to a public school system that serves approximately 1,400 students at three schools: Cloverdale High School, Washington Middle School, and Jefferson Elementary School. The Cloverdale Regional

Library provides library services to residents of Cloverdale.

Cloverdale has a plethora of parks and open spaces including a 7.4 acre community park called City Park, a 5.6 acre open space area called Clover Springs, a 250-acre open space area called Portfield Creek Open Space, a 10.3 acre open space park called River Park, a six-acre park called Furber Park, and Cloverdale Plaza Park in the heart of downtown Cloverdale. These parks provide a wide range of recreational services, including a paved 1-mile trail through riparian forest, individual and group picnic areas, fishing access, and a launch for kayaks, canoes, and drift boats in River Park.

Culturally, Cloverdale's History Center and Museum includes one of the largest displays of Pomo basketry. Each year in April, the Cloverdale Citrus Fair hosts fun events including the San Francisco Chronicle Wine Competition, which is the largest competition in North American wines with over 7,000 entries in 2018. The Cloverdale Citrus Fair is the earliest fair held in California, having started in 1892.

Cloverdale is also a hub of economic activity for the area, with hundreds of businesses supported by the Cloverdale Chamber of Commerce.¹⁵ More than 12% of Cloverdale residents work in Cloverdale itself, and the average commute to work for Cloverdale residents is just 25.7 miles.¹⁶ Cloverdale has its own ZIP Code, a local newspaper (Cloverdale Connect), multiple medical facilities, and is part of a transit system dedicated to serving residents of Sonoma County.¹⁷

¹⁷ See Exhibit A.

Allotment of Channel 8 to Cloverdale and a corresponding change in KQSL's community of license to Cloverdale would bring a first local television station to this vibrant and fast-growing community. In light of these factors, application of the Commission's television allotment priorities favors a reallocation of Channel 8 to Cloverdale.

II. CONCLUSION

For the foregoing reasons, OMI respectfully requests that the Commission grant this Petition and immediately commence a rulemaking proceeding to: (1) modify the allotment for Channel 8 from Fort Bragg, California to Cloverdale, California; and (2) modify KQSL's license to specify Cloverdale as its community of license.

Respectfully Submitted,

ABOUT US

Cloverdale Unified School District is located in the northernmost part of Sonoma County, 30 miles from Santa Rosa, serving approximately 1,400 students in a PK-12 comprehensive setting. CUSD educates our community's most vulnerable with sixty percent of our student population being designated as one of the following: English learners; meeting income or categorical eligibility requirements for free or reduced-price meals under the National School Lunch Program; or are foster youth. Additionally, Cloverdale exceeds the county average in

students qualifying for special education services with a total over 200 children.

The Cloverdale Unified School District engages, challenges, and nurtures students according to their individual needs; thus, students will:

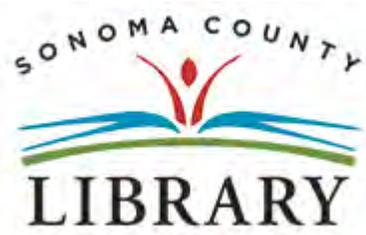

- Develop a strong sense of respect and responsibility for themselves, each other, and the community.
- Expand their ability to think critically, communicate effectively, solve problems creatively, and collaborate within a team.
- Embrace the challenges placed in front of them with vigor and perseverance that exemplify their love of learning.

To this end, the Cloverdale Unified School District staff will:

- Create a safe environment conducive to learning where individual student differences are embraced and student strengths are emphasized.
- Design and implement an integrated, hands-on curriculum with strong science, arts, and technology components that connect student learning to real-world applications.
- Engage students in tailored, differentiated instruction that provides multiple avenues for students to gain and demonstrate mastery.
- Provide a variety of high quality clubs, athletics, and extracurricular activities.
- Embrace the challenges placed in front of them with vigor and perseverance that exemplify their love of learning.

Our Story

The Cloverdale Citrus Fair began as a typical country fair in 1892 and still remains the earliest fair held in California each year. The fair was established as a way to celebrate the abundant citrus crop that was once part of the northern Sonoma County landscape.

Cloverdale Citrus Fair

This event has blossomed into a major community effort, resulting in one of the most memorable and entertaining events in California. In the beginning, the exhibits and displays included little more than wooden frameworks with a few oranges affixed to the structures. Today, visitors are greeted by elaborate, three-dimensional exhibits, some as high as eighteen feet produces by exceptionally talented individuals and groups.

Cloverdale Citrus Fairgrounds is also home to the San Francisco Chronicle Wine Competition, the largest competition of North American wines with over 7,000 entries in 2018. In addition, the facility hosts Cloverdale AgDay for elementary school kids which teaches the importance of where food and fiber come from.

Year-round, the Cloverdale Citrus Fairgrounds provides some of the North Bay's best and most reasonably priced facilities for rent. The Fairgrounds is home to weddings, quinceañeras, fundraisers, festivals, conferences, and trade shows. Facilities are available for livestock shows and motorized vehicle events such as motorcycle training and car shows.

RV campers are welcome for overnight RV parking complete with full hookup sites, restroom facilities, and a dump station. RV storage is also offered on a limited basis.

We have the venue for your needs and competent and friendly staff to assist with your event needs.

Cloverdale Citrus Fair

On behalf of the Citrus Fair Staff and Board of Directors of the second-largest Citrus Fair on the West Coast, we would like to invite you to visit our wonderful fairgrounds. We're sure you'll enjoy our park-like atmosphere as well as our community.

The Cloverdale Citrus Fairgrounds is owned, operated and governed by the Cloverdale Citrus Fair Association, a non-profit 501(c)3 corporation, and is the home of the annual Cloverdale Citrus Fair, a vital part of the Network of California Fairs whose influence is widespread.

Cloverdale Connect

Bringing our community together

February 2022

Editor's Note

It's the February issue, so be sure to check-out the annual LOVE album as we celebrate Valentine's Day all month long - "put a little love in your heart".

With another round of mandates, mask wearing, limiting groups, increased cases, stay at home orders, confusing advisories, changing school policies, travel cautions, many of us are feeling it emotionally. Be nice, be kind, be patient with other people. If you feel like saying something mean or critical or feel like snapping at another person keep your mouth closed and instead take my friend Paul Slaikeu's suggestion when he found himself feeling impatient with another person in a local parking lot recently:

"It made me commit to myself to do my best to continue to be kind and thoughtful of others in these stressful times."

Let's be better people to each another. Try it for a month, okay? I'll see you around town!

Happy 150th Birthday Cloverdale

Mary Jo Winter

Cloverdale received official incorporation on February 28, 1872, the same year the San Francisco and North Pacific Railroad entered the area. In 1972, the city marked its first 100 years with several special events leading up to their Centennial Dinner Dance Celebration. Festivities started on New Year's Eve at the Fireman's Ball where Vice Mayor Marie Vandagriff read the official Centennial Proclamation.

The Citrus Fair theme was "Centennial in Citrus." Season tickets were \$2.50 for adults, \$1.50 for students. Fairgoers rode a miniature train on streets surrounding the fairgrounds. A huge train engine created by the Druids took top citrus exhibit honors and 16-year-old Naomi Shiflett was crowned Citrus Fair Queen. Saturday morning's parade featured more than 250 floats, vehicles, bands, mounted units and novelty groups. It was touted as the most entries ever in the annual parade.

Visitors from Cloverdale's sister city, Cloverdale, B.C. came to town. Their Deputy Mayor Rita Johnson even rode in the parade with Mayor Al Gambetta. More than 200 copies of local historian Bill Wilson's "History of Cloverdale" were sold.

On February 28, despite the inclement weather, folks gathered on Broad Street as the newly built fire station was dedicated, with the bronze plaque unveiled by Vice Mayor Vandagriff. A congratulatory telegram from then-President Richard Nixon was sealed in a time capsule to be opened in 2072, along with city records, a 1972 Citrus Fair program, and copies of the Reveille. At that night's dinner dance, Mayor Gambetta read some of the city's original ordinances which included restrictions on "houses of ill repute" and "exhibiting stallions and jack asses in a public place." There were turn-of-the-century fashions, excerpts from days gone by, barbershop harmony and private stock wine to toast the past 100 years and lay the foundation for another 100 years of history.

2022 Cloverdale Citrus Fair Moves To April

Recently, the Cloverdale Citrus Fair Board of Directors voted unanimously to postpone the Citrus Fair. The new date is April 21-24, 2022. The move is in response to the current health order which prohibits public indoor gatherings to 50 people and outdoor gatherings to 100. The order is set to expire on February 11th, a week before the opening day of the fair, but the preparation for northern Sonoma County's signature event requires several volunteers, staff, and business partners working together to prepare exhibits, buildings, and the grounds.

"The health and safety of our community is our primary concern" said Allison Keaney, CEO of the Citrus Fair. "Moving the date of Citrus Fair allows us to support the health of all who prepare the fair by shifting that work until after the current health order is lifted, and providing a date that is safer and more comfortable for all patrons." As soon as the current health order was announced, Fair staff began working with business partners and service providers to find alternatives. The new date was selected based on the availability of these partners who provide the carnival, concessions, ticketing, security, and more.

The popular and long-awaited Cabaret will also shift with the new fair dates, playing on Thursday through Sunday. Updates on scheduling, exhibits deadlines, and other information will be shared via the fair's website and social media outlets: Cloverdalecitrusfair.org

A Visit to Cloverdale

My name is Carolyn Thurman and I live in the Midwest. I was out west recently visiting friends and discovered Cloverdale. I fell in love with your little community as it reminded me of my hometown, so I extended my stay for a few days.

I have to say, I never ran out of things to do or places to eat. I was able to find a wonderful vacation rental right in town that allowed me to walk to all of my destinations over the 3 days I was there. During my visit, I misplaced my sunglasses and found **I.SEE Optical** and was able to purchase a nicer high-end pair of sunglasses for the warmer (than home) and sunny days I found in Cloverdale. What was also wonderful was that I was able to "drop-in" to **Lift Cycle and Fitness** for a couple of sessions for some wonderful company and exercise. And wouldn't you know it, right next door was **Erin Mavis** with a wonderful selection of clothing and the cute gift store, **Heart City** where I purchased some fun gifts for my nieces and nephews.

After my workouts and walking all around town and your wonderful River Park, I was able to have a massage at **Tranquility Spa**. What a cute place next to your **Chamber of Commerce and Visitors Center**. The ladies there were very informative and showed me some other fun stores and places to eat in your quaint town and gave me a copy of **Cloverdale Connect**.

On my way to **Golden Lux** for a quick tanning session, I picked up some great fabric at **Bolt** and then stopped for lunch at **Picks Drive In**. It has been there since 1923 and reminded me of my great-uncle's drive in burger place close to home. The next couple of days were filled with the same joy as I had coffee and breakfast at **Plank Coffee** a few times, lunch at the **Eagles Nest Deli**, dinner at both **Wolf House Brewery** and **The Trading Post** followed up with a drink at **Sawmill Saloon**. Shopping at **Estate on the Boulevard** was fun and relaxing as I also learned a lot about the history of Cloverdale. I really wished that I could have brought some of the plants from the **Cloverdale Nursery** home as the folks were also so nice and informative.

As I ended my trip on the west coast, I promised myself that I would be back in Cloverdale and explore more in your bucolic community and the surrounding area, like Lake Sonoma, maybe a sky dive to see the Alexander Valley from the air and more wine tasting. And oh yes, I sat on the patio and enjoyed some wine with the young lady at **Kelly & Young** as well. Time to make my plans for next time.

Experiencing Cloverdale Neena Hanchett

In early January, I shared some of the things that the Chamber did on behalf of the community last year. This month, I'd like to share some of the things that we're planning going forward.

Our website, www.cloverdalechamber.com, is being modified to include a **Jobs Directory** so that our member businesses can post openings and job seekers can find a suitable match. Speaking of the website, the **Events** portion of the site is available for our businesses, schools, service organizations and others to post their events. If you need help, you're just an email or phone call away.

We're hoping for a return to some sort of normalcy and when that happens and people are comfortable getting together, we're looking forward to having quarterly chamber mixers open to our entire business community. We'll definitely keep you posted on that. It just can't happen soon enough.

We're also resuming our pop-up videos highlighting local business. They'll be posted to our website, social media platforms. Late last year, the chamber produced a 3+ minute video highlighting the delights of living and working in a small town. You are welcome to use this video to help promote your business, your organization, events or whatever. Call or email me at the Chamber 707-894-4470 or neena@cloverdalechamber.com for additional information.

Let's Travel
Craig Clark

Returning to the US with a Covid negative test

The U.S. Centers for Disease Control and Prevention has expanded the testing program for international travel to the United States, allowing airlines to accept at-home instant tests that include remote supervision.

One company gained instant popularity for travelers looking for a more straightforward to get COVID-19 tests to fly back to the United States. Abbott's BinaxNow COVID-19 Home Test is supervised and administered remotely online, and is approved for travel to the U.S. Results are available within 15 minutes. <https://www.abbott.com/BinaxNOW-Tests-NAVICA-App.html> I recently used this test while in Belize and it was easy to administer, took only 15 minutes and was accepted by the airlines, no questions asked.

5 Common Mistakes Travelers Make Returning to the U.S.

1. Not Having the Right Type of COVID-19 Test

The only negative tests acceptable are either an antigen test or a nucleic acid amplification test (NAAT).

If you are packing a self-test to take while traveling, the test must be a SARS-CoV-2 viral test (nucleic acid amplification test [NAAT] or antigen test) with Emergency Use Authorization (EUA) from the U.S. Food and Drug Administration (FDA).

The testing procedure must include real-time supervision remotely through an audio and video connection and must confirm your identity, observe the sample collection and testing. Results can be shown either on paper or electronically.

2. Forgetting to Declare Food.

Packaged cookies or candy is ok but food such as an apple served on the plane needs to be declared.

3. Not Having Proof of Vaccination

Acceptable proof of vaccination at the U.S. border includes: Vaccination certificates or digital passes with QR codes. A printed vaccination record or CDC vaccination card or a digital photo or electronic copy of your vaccination record/ COVID card

4. Not Having Global Entry Membership

Now that international travelers are finally allowed back into the U.S., the country is experiencing a surge of visitors, causing longer entry lines at land borders and international airports. Spend the \$100 fee for a five-year Global Entry membership, which will allow you to speed through reentry to the U.S. Use it once and you'll agree that it's completely worth the cost.

5. Arriving to the Airport Too Late

Arrive at the airport three or more hours before your flight home because airlines now have a number of things to check before they let travelers board a flight to the U.S., including vaccine cards and COVID tests, which can add hours to check-in lines. Be sure to leave extra time in case of long lines.

Cloverdale Connect Is EXPANDING

Thank you to the Cloverdale community for making Cloverdale Connect such a success. As our content and pages expand, our staffing needs have expanded too. We are pleased to announce the addition of two new members of our team.

Rick Tang is now our staff photographer, and also in charge of distribution to non-USPS delivery locations, and is our proof reader. A professional photographer, Rick has lived in Sonoma County for over 30 years and is well known and respected in the community and is a proud Rotarian.

Also joining us as Assistant to the Publisher, is Fannie Toews. She will be assisting with deadline reminders to our columnists and to our advertisers for current artwork, plus related tasks. Fannie's background is as a retail store manager, customer service representative as C & S Waste Solutions and TCM Metals, administrative assistant at Amaturto Media and as a Sonoma Raceway Girl.

Please welcome Rick and Fannie to Cloverdale Connect, as we continue to bring our community together.

Courtney Jade Davis
February 6, 1991-January 5, 2008

Wow,what a crazy ride it has been this past year. Now, here we are coming up to your 31st Birthday.

A highlight of 2021, though, was the birth of Harper Jade Ottoboni. We were very excited, as you would be, that your bestie, Shelby and her wonderful hubby, named their beautiful baby girl in your honor. Knowing how much you love children, we know that this little girl would be the apple of your eye. We will give her extra xoxo's for you.

This year, on Monday, Feb. 7th, a day after your birthday, Sonoma County Parks will be assisting us in installing a Bat House at the Cloverdale River Park.

Happy Birthday!

Law Enforcement Services

Recently there have been some discussions posted on the Community of Cloverdale Facebook page involving interest in contracting law enforcement services with the Sonoma County Sheriff's Office. Much of these discussions involve inaccurate and misleading information about how the sheriff's office can provide more police presence and that the services would essentially be provided at no cost to the city. These inaccurate and misleading statements have generated some interest among community members. However, these statements are simply not true nor are they supported by facts. The cost to contract law enforcement services is an expensive endeavor as evidenced by the two contract cities within Sonoma County.

The City of Sonoma has contracted with the Sonoma County Sheriff's Office since 2004. The department nearly mirrors the size of Cloverdale and is staffed by 16 employees, which consists of a Police Chief, 2 Sergeants, 10 Deputy Sheriffs, 2 Community Service Officers, and 1 Administrative Clerk. Dispatch services, investigations, records management, and property/evidence are handled by experts at the Sheriff's Main Office and are included in the contract. The cost for law enforcement services in the fiscal year 2021-2022 is projected at \$4,988,226.00 with additional expenses estimated at approximately \$771,044.

The Town of Windsor has contracted with the Sonoma County Sheriff's Office since 2008. Although larger, the Town of Windsor is staffed by 24 employees, which consists of a Police Chief, 3 Sergeants, 17 Deputy Sheriffs, and 3 Office Staff. Services include patrol, investigation, traffic enforcement, K-9, school resource officer, juvenile diversion counseling, and management of the animal control services. The indirect cost associated with dispatch, records management, and administrative services is also reflected in their budget. The cost for law enforcement services in the fiscal year 2021-2022 is projected at \$8,728,160.

The City of Cloverdale is staffed by 21 employees, which consists of a Police Chief, a Police Lieutenant, 2 Sergeants, 9 Patrol Officers, 6 Dispatchers, 1 Records Manager, and 1 Community Services Officer. Services include patrol, investigation, traffic enforcement, parking enforcement, and management of the animal control services. The cost for law enforcement services in the fiscal year 2021-2022 is projected at \$4,753,301. The Cloverdale Police Department also provides numerous ancillary duties not mentioned above and our response time, on average for emergency calls, is approximately 6 minutes.

Based on the information provided, there is clear evidence to support the fact that contracting law enforcement services with the Sonoma County Sheriff's Office would potentially cost more than what it costs for the city to provide its services.

Additional factors to be considered when contracting with the County:

The first thing that would happen is the Chief of Police and the Lieutenant would not be included in a proposed contract. At best, the Lieutenant may remain, and that position would most likely be reduced to a Sergeant. The current Police Dispatching functions would more than likely be absorbed by the County and, the Records Division would more than likely be transferred to the main records section of the Sheriff's Office in Santa Rosa.

In a contract situation, while the City may be able to influence which sheriff's office manager is assigned to the contract, the City Manager does not have the final decision regarding selection or performance reviews.

The community must also keep in mind that once a contract is signed the City would have very little control over the enforcement level and response time for assistance. This is due, in large part, to the responsibilities of the sheriff's office for all unincorporated area residents.

City Updating Code Enforcement Program City transitioning from complaint driven to proactive enforcement program

The City Council recently approved a budget amendment of \$50,000 and a professional services agreement for a proactive code enforcement program. Robert Smith, a code enforcement specialist, was hired by the City Council to enhance the City's current complaint driven Code Enforcement program. Mr. Smith has extensive experience as the former City Attorney for the City of Sonoma and is currently providing code enforcement services for the City of Cotati and the Town of Windsor. As an attorney, Mr. Smith is skilled at understanding the City's code, and will be leading development of an Ordinance updating the City Municipal Code to provide the City will additional tools to assist in the code enforcement process.

Robert Smith will be responsible for investigating and responding to complaints, monitoring compliance, levying fines and penalties as necessary. Mr. Smith will directly report to the Assistant City Manager / Community Development Director Kevin Thompson. He will coordinate with other City departments including the Police Department and City Attorney on an as needed basis.

Code enforcement is intended to address nuisances which can include buildings that are abandoned, boarded up, partially destroyed, substantially deteriorated, overgrown/dead vegetation/landscaping, dangerous conditions and unmaintained property, as well as zoning violations and housing/building violations. Typical nuisance abatement cases may involve the accumulation of junk or garbage, unmaintained vegetation, inoperable vehicles, and building code violations. The City's initial focus will be centered on existing cases throughout the city. The updated program will monitor enforcement of current city codes and address code violations proactively as they arise. The Current enforcement regulations are found in Chapter 8.02 of the Cloverdale Municipal code. For more information about code enforcement, please check out the City of Cloverdale's web site at:

"In my experience even inanimate objects have a will of their own, and they won't be found until they want to be, until they are good and ready, she says." -Menna Van Praag

I think as we catapult our way into February, (where has January gone?). The lingering emotional exhaustion of the holidays, unwilling to let go just yet mixed with the hint of spring just around the corner puts many of us in a precarious position of being done with holidays and yet a desire to refresh something around our home. So this got me thinking and as I dove into the rolodex that is my brain, I knew there would be something I hadn't done for some time and might be fun to try again.

Clover Dog Is Hiring

Clover Dog is still hiring one position. They need someone who can work weekdays 10-2:30 Monday-Friday (pick 2-5 days, more hours available if interested) SET SCHEDULE, GREAT DISCOUNT, FUN ATMOSPHERE! If you love pets and you are available during weekday mornings (some not all).

CALL MESSAGE OR COME BY PLEASE! Clover Dog Pet Supply & Wash is located at 1129 S. Cloverdale Blvd. in the Furber Plaza.

Well, I realized this beautiful basket I had gotten from Cloverdale Nursery was just the ticket! I slowly cut a hole in the center, I say slowly as the unraveling of a basket can occur faster than See's Candies disappearing in our house, I used electrical tape and secured the loose strands. Grabbed my trusty glue gun and gorilla glue sticks and secured the top housing to the basket. Next was a very careful taping / plastic wrapping to protect the basket and allow space for 1" wide white stripe, thank you Ace Hardware and spray paint. Lastly 2 strips of wood veneer clear coated and hot glue gunned on as well. Now my grow bulb for the fig tree in the living room has a more attractive shell and I had all the component pieces laying about.

I think that is part of why I love this time of year. The exhausted side and creative side duke it out and inevitably find a neutral space where some creativity can flourish, while not being so involved as to wear me out. Wishing all out there who enjoy the creative new year full of hope and a willingness for kindness and beauty, even if that simply means good lighting.

"Helping pet lovers live their best life"

With The Big Quit upon us, many people are leaving unrewarding, low-paying jobs behind and starting their own business. You need to be creative, hard-working, and good at managing your own time and finances. You also need some special skill set to stand out. Here are some ideas for pet related businesses you can start in 2022.

1) **Pet sitter.** Many pet owners need help with care when they are out of town, or if they are unable to walk their dogs or give medication. You can provide care in the client's home or in your home depending on the situation. Check out Pet Sitters International and National Association of Professional Pet Sitters for more information on starting your own business. You can also do side work through a platform like Rover.com.

2) **Pet gift items.** This category covers a large variety of items you can make and sell on platforms like Etsy. Just do a search for pet art or pet gifts and you will get many ideas. From personalized pet paintings and drawings to pet clothing to memorial frames and pictures, the possibilities are endless. If you can make and ship popular items, you can make good side income or full-time income if you have the time to dedicate to your business.

3) **Pet content creator.** This is what I do on First Street Pets. You can start your own blog and write about any pet topic: training, care, nutrition, exotic animals... Bloggers make income from advertising, training courses, and sponsorships. If you are comfortable on camera, you can start your own YouTube channel. It's a fun creative outlet and you can make money from advertising and other venues once you get enough of a following.

For more info check out Pet Business on FirstStreetPets.com

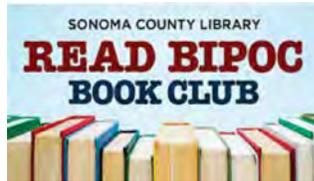

Cloverdale City Council Presents Proclamation to Bob Cox

The Cloverdale City Council presented a proclamation to Bob Cox for his service to the Community of Cloverdale at their January 12th meeting. The proclamation acknowledged Bob's service on the Planning Commission and City Council as well as his community volunteer efforts and work with various community organizations including the Sons of the American Legion and Cloverdale Rotary Club.

Thank you, Bob (and your wife Jeannie) for your service and dedication to the City of Cloverdale.

Loving Our Special Needs Child Swathi Chettipally

As a new parent, we look forward to wellness appointments with our kid's pediatricians. Hoping to hear from the professional that we are doing an awesome job or even an excellent job in spite of being a new parent.

This is called the love we have for our kids. What happens when the pediatrician says that our child is not meeting all of his/her milestones? Even though we dislike what we hear, we don't take it to heart but plan to work harder to make our kids measure up and be ready for their next wellness appointment.

Eventually if the child gets diagnosed with a life-long disability, our world turns upside down. After going through the 5 stages of grief (denial, anger, bargaining, depression & finally acceptance) we come back to our senses and start thinking about the future of our child. This is my daughter Siri (5mos old) with her dad on her 1st Valentine's Day. She was diagnosed with Autism when she turned 3. As an adult today, she has blossomed into a young lady with an inspirational story.

Many families go through what we went through and it's not easy yet not impossible. Keep doing what you have been doing with your special needs kids and one fine day they will surprise you with their positive changes. No one could do what you are doing so keep encouraging yourself and most of all be proud of your child. If you think you are working hard, they are working extra hard, so be there for them cheering them with a positive attitude and don't forget to show your unconditional love in spite of...

Transport yourself to an evening of laughter and dinner under the stars at the 35th Anniversary Celebration for the Cloverdale Senior Multipurpose Center First Annual Comedy Gala on July 9th at the Cloverdale Citrus Fairgrounds.

Enjoy a seated dinner with a live auction featuring special guest **State Senator Mike McGuire** as Auctioneer plus a silent auction followed by a professional comedy show, presented by Jackie Evans Productions, all sponsored by *Cloverdale Connect*.

In addition, there will be a 50/50 raffle, a senior art show, beer and wine sales and more. With a goal to raise \$50,000 to support a new door-to-door Cloverdale Senior Multipurpose Center transportation program in Cloverdale, and to expand and support the congregate dining program for seniors and their caregivers, you don't want to miss the fun. A limited number of tickets will be sold beginning March 1st and this event will sell out.

Here's how YOU can support this great event:

- Become a Sponsor
- Donate items for the silent or live auction
- Purchase tickets in advance beginning March 1st (no tickets will be sold at the door)

The Harmless Cloverdale Dog-Walking Guy

Recently James Jackson posted this on Facebook in an effort to reach out to his fellow community members. With James' permission, it is also featured here in **Cloverdale Connect**. Let's all be more like James:

"I just want to say I apologize to two women I am certain I have alarmed this morning while walking my dog on south East Street almost close to First Street. I left out of the house this morning and forgot poop bags to clean up after my dog and did not realize it until she took a crap in someone's yard. I had no choice but to leave it and go back later to pick it up until two ladies opened their door to that yard and I turned around while saying @6:20am in the dark (excuse me-excuse me!) and I put

my hand in the air so they could spot me but I think that made matters worse. They then turned around quickly and closed the door. I do not blame them not one bit because it's dark and all they hear is a man's voice saying excuse me! My sole purpose is to help you two get back at ease by acknowledging who I am. A harmless Cloverdale dog walking resident. My apologies for the inconvenience or discomfort to you two. Have a better day"

New Feature In Cloverdale Connect "Shout Out!"

Let's all support our Cloverdale businesses by submitting positive reviews to the new "Shout Out" section in **Cloverdale Connect**. Have you experienced great service from a local business? Purchased just the right item that you were looking for? Had a local business go out of their way to make sure you were satisfied with their product or service? Beginning with this February issue, we feature your positive comments to lift up and support those Cloverdale businesses who make up our great community. Send your "Shout Out" positive and uplifting comments to info@cloverdaleconnect.com

Travis & Sara Tyler owners of **Vintner's Stash Wine** company would like to thank Jace Wheeler owner of **Wheeler Electric** for the amazing electrical work he did for our business **Vintner's Stash Wine**.

"Jace was very professional and took the time to explain the scope of work needed as well as why it was important to replace some very old electrical breakers. He was on time, communicated clearly, worked efficiently and cleaned up after he was done working."

"If you are in need of an excellent electrician and want to support a local business, we highly recommend Jace and his company **Wheeler Electric**."

Mark Grandy Service Cancelled

The family of Mark R Grandy wish to thank the many people who have expressed condolences to our family. Due to Sonoma County's recent restrictions, Mark's Celebration of Life event that was scheduled for February 5, 2022, is cancelled.

Water Supply Update The Drought is Not Over

Despite recent rains, our reservoirs are still at historic lows for this time of year. More storms (like the October 24, 2021 atmospheric river event) are needed to increase storage levels from the third driest water year on record over the last 127 years and to bring an end to this severe drought. Winter is a critical time for water conservation in order to conserve our water supply. We urge our community to keep up the great water-saving efforts – water saved now is water we can use later.

We are all hopeful that the positive beginning of the current water year continues, but after two years of record-low rainfall, we have a long way to go before the drought is over. Sonoma Water thanks our water customers for continuing to conserve water every day and we celebrate those doing their part in this community-wide effort.

The updated Sonoma Water weekly water supply graphic (above) now provides a comparison of storage levels during 2020, 2021 with current 2022 water storage for our two main reservoirs, Lake Sonoma, and Lake Mendocino. You can stay informed about Current Water Supply Conditions, Drought Updates, Actions, and Information by going to: sonomawater.org/current-water-supply-levels

Proceeds to benefit Kiwanis Club of Cloverdale Foundation, and will be used for a variety of community service projects

Kiwanis Is Back With A Jumbo Prawn-Pasta Feed Fundraiser

As most of you know, Kiwanis had to cancel their popular Crab & Pasta Feed this past December 2021, as our seafood contact could not guarantee crab for the first weekend in December...and, the price was going to be outrageous. This loss of revenue was extremely devastating, as these funds are used to support our youth and community programs in Cloverdale, including, but not limited to: student scholarships, youth sports, reading books for students at Jefferson and Washington Schools.

To that end, Kiwanis Club of Cloverdale has scheduled a Jumbo Prawn-Pasta Feed on Saturday, March 12, from 4:00-7:00 p.m., at the Citrus Fair grounds. This will be a "drive-through," not a sit-down event. Tickets are \$35 per person, and for \$10 more you can get a bottle of wine. Tickets can be purchased at the Citrus Fair office, or you can call Laurie Kneeland, 707-328-2147, and purchase tickets using your credit card. Again, 100% of the proceeds go to support Cloverdale's youth and community programs.

The take-out dinner will feature jumbo prawns (8), rigatoni pasta (with marinara sauce), Caesar salad, French garlic bread and a dessert. This will be a fantastic take-out dinner and you don't want to miss it.

Ticket holders will be asked to enter Citrus Fair Drive from Cloverdale Blvd, and lineup along the curb going west. The dinners will be distributed in front of the entrance to the Citrus Fair. Kiwanis is looking forward to your support.

Call or Artists: Cloverdale Sculpture Trail

"Call for Artists" for the 2022-2024 Cloverdale Sculpture Trail, a year-round outdoor exhibit of sculptures in the Northern Sonoma County community of Cloverdale, is now available. The producer of the exhibit, Cloverdale Historical Society & History Museum, is seeking sculptors for the next exhibit beginning April 2022 and ending April 2024. The Sculpture Trail will now be a two - year exhibit in order to give the pieces longer visibility and more time for planning. Submissions will be juried by a selection committee.

Deadline for entries for the 2022-24 exhibit is February 28, 2022. There is no entry fee. Each selected sculptor receives \$250 towards expenses. Cash awards are awarded to Best of Show, First Place and Honorable Mention recipients.

Now in its 19th year, the goal of this successful outdoor exhibit is to increase awareness of public art to downtown Cloverdale. Additional information and an entry form with guidelines are available at: www.cloverdalesculpturetrail.org or call the Sculpture Trail phone at 707-894-4929.

Green Thumb Garden Club Scholarships

The Green Thumb Garden Club of Cloverdale will be awarding four \$500 scholarships to Santa Rosa Junior College for the coming academic year. The application period will open on January 21, 2022 and will close on March 1, 2022. Applications are accessible through: <https://santarosa.awardspring.com>

Cloverdale Arts Alliance Gallery Presents "ISOLATE"

The Cloverdale Arts Alliance Gallery, located at 204 North Cloverdale Blvd., offers its latest art exhibition, "ISOLATE", from January 15-March 19, 2022. Due to COVID-19 concerns, there will be no Artists' Reception for this exhibition.

Guest artists for this exhibit are Don Ketman and Clay Vajgrt. Resident artists are Laura Paine Carr, Jane Gardner, Pamela Heck, Terry Holleman and Hanya Popova Parker. Terry Holleman is the featured artist for "ISOLATE".

The 2021 Housing Numbers Are In!

Anne Miserlian Baker

Demand for housing was up, with 195 homes sold in 2021. Compare that to 141 homes sold in 2020 and 137 homes that sold in 2019.

Even with the increase in the number of homes sold in 2021, inventory was low in Cloverdale. At most, we had only 3.4 months of inventory on the market. By the end of 2021 we only had 1.3 months of inventory left.

As you probably know, prices were up in Cloverdale. The most expensive home sold for \$5.5 million. That 28 acre property only came with a fixer upper! The least expensive home was a condo for \$230,000.

The average sale price for a single family home in Cloverdale in 2021 was \$781,691. However, because numbers are skewed by sales as high as 5.5 million, I prefer to see a different data set. Instead, consider the median price, which came in at \$650,000.

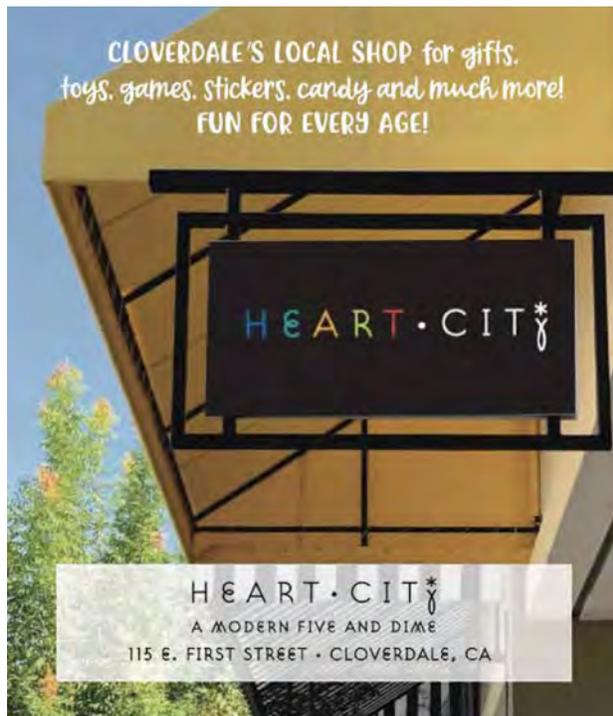

In case you are interested, I also took some time to break out some sectors of our housing market. The median sale price of the 24 homes that sold in Clover Springs was \$590,000. But get this, the highest priced sale in our 55+ community was \$875,000!

The other notable sector is our condominium market. These 14 sales included Cloverdale Meadows, Garden's at Thyme Square, Cloverleaf Estates (the colorful condos on Treadway), and Solar Park. The median sales price was \$336,500. Yet, the highest priced condo sold for \$525,000. That's \$90,000 more than the year before.

DO YOU SMELL THAT?

An air cabin filter is an important component in any vehicle's heating and cooling system and part of regular maintenance for your vehicle. The filter helps remove harmful pollutants, including pollen, dust and smoke from the air you breathe within the car. It cleans the air as it moves through the vehicle's HVAC system. A dirty cabin air filter will not only cause an unpleasant odor in your car, but will restrict the airflow from your vents. If you suffer from allergies, asthma, or other health conditions that impact your respiratory health, the cleanliness of the air you breathe is especially important. Depending on the make and model of your vehicle, changing the filter every 15k miles may be recommend. Replacing the cabin filter will give the system, and yourself, a **breath of fresh air.**

Fire and Earthquake Safety Expo 2022

Bring the entire family for a fun, free day of emergency preparedness activities and safety training. The second annual **Fire and Earthquake Safety Expo** will be held at the **Cloverdale Citrus Fairgrounds on Sunday, May 1st from 10 am to 4 pm.** You will have the opportunity to receive hands-on orientation training, watch emergency response and safety product demonstrations, talk to first responders, browse safety information exhibits, listen to speakers and more. Henry 1 helicopter will again make an appearance and demonstrate an injured person rescue.

Included are a free breakfast from Cloverdale Kiwanis and a free lunch from River Rock Casino, while supplies last. This is a unique event to help Sonoma County be better prepared for the next wildfire and earthquake. Public education and training will be provided in both English and Spanish.

For more information go to the Expo Facebook page @FireEarthquakeSafetyExpo2022

or visit <https://nosococert.org/expo>

If you would like to volunteer or be a vender/exhibitor, send an email to gpeters@showa-farm.com.

LOCAL.FARM.LOVE

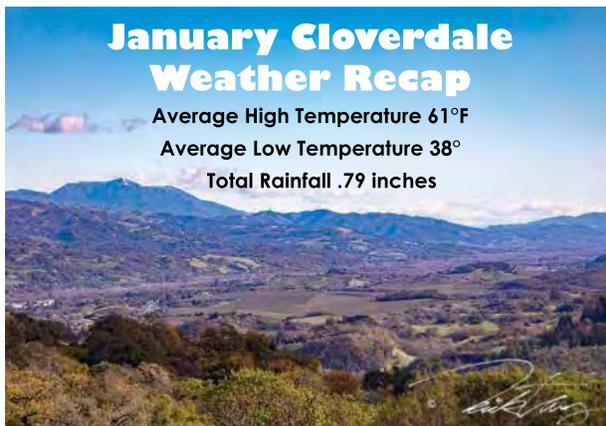

No "Tea" Totalers, Here! Michele Armanino

Holly Hunt's Russian River Tea Company may well be one of the most fragrant smelling stores in all of Healdsburg. Browsing through this tiny tea establishment (where ninety percent of the store's products are from small, women-owned businesses) laden with chocolates, candles and more, you can't help but inhale wafting scents of chamomile, rooibos and crushed rose petals. Tea fans, however, are not the only ones enjoying the endless selection of these aromatic, blended leaves. Artisans at local bars are tapping into this ancient drink and infusing it into their luxury craft cocktails.

Holly, a Cloverdale resident, proprietor of the Russian River Tea Company or "Chief Leaf" as she refers to herself, and Healdsburg's tea aficionado, began one of her many successful careers in the '90s by painting and sculpting porcelain dolls for twelve years - until the doll collecting fad began waning. "It came to a screeching halt!" Hunt commented. Quickly switching gears into retail, she began noticing, as she moved around the United States, that tea stores were ubiquitous and well frequented. Holly became a regular tea customer herself, appreciating all the accoutrements associated with tea: tea pots, infusers, sugar, spices and honey. Inspired by the growing tea trend with its unlimited choices and soothing qualities, Holly launched her first successful tea store in Phoenix, Arizona in 2010, and by 2013, Russian River Tea Company was a welcome addition to Healdsburg.

Local Sonoma County bars are featuring unique, tasty little cocktails infused with blended teas supplied by Russian River Tea Company. The Fern Bar, run by Sam Levy in Sebastopol, crafts a drink dubbed the Creamsicle. Rooibos, a type of red, African bush used to make herbal tea, is cold infused into vodka along with Passion Fruit, lime, and mandarin oranges resulting in a refreshing experience. "Holly's teas add depth and complexity to our cocktails." remarked Sam. "She welcomes you into the world of tea and always makes time to guide you through the sensory experience that is Russian River Tea Company."

Holly puts it simply: "Life is better with tea because it brings people together."

A Big "Thank You!"

Health at Every Size

Gina Berry, MS, RD

Sponsored by

Now we might begin to see New Year's resolutions starting to fade as we revert into the usual routine of the year. If improving health was part of your resolution, don't give up just yet! HAES – Health At Every Size – is a growing philosophy that embraces self-acceptance to empower you to make positive changes to live a healthy lifestyle. Research tells us that at least 95% of the weight lost through restrictive dieting is regained within 1-5 years – and MORE weight is often gained back. HAES seeks to support people of all sizes in addressing health directly by adopting healthy behaviors. A primary goal of HAES is to remove the focus from your weight and focus more on the whole person, encouraging you to eat in a way that focuses on the enjoyment of food while honoring your body's cues. We call this "Intuitive Eating" – listening to your internal system that is designed to keep you healthy and provides signals of hunger, fullness, and appetite.

One method that you can use to help recognize these internal cues is "Mindfulness". There are a few steps to mindful eating, but one of my favorites is to focus on all of your senses while cooking and eating your food. Thinking about the colors, texture, aroma, taste, and even sound can help you slow down and truly enjoy your food. You'll be more likely to listen to that fullness cue too. So, be body positive, practice compassionate self-care, and hold on to that energy throughout 2022!

The Cloverdale Police Dept. held a No-Shave November fundraiser, which raised funds by having their participants grow out their hair, whether it be mustaches, beards or goatees and donate the money, that otherwise would be spent on shaving and grooming products, to a cancer charity.

Courtney's Pumpkin Patch was the honored recipient of their fundraiser this year. The Board of Directors of Courtney's Pumpkin Patch, would like to thank the Cloverdale Police Dept. for their generous donation of over \$700.00.

Cooking With David Maciel

Sponsored by Ray's Food Place

Love is in the air this month. I've made this dish for my wife every Valentine's Day for the last 30 years.

Salmon With Hollandaise Sauce

2 each - 6 to 8 ounce Salmon filets, skinless & pin bones removed
 You can substitute chicken or any white flesh fish. I serve this with white rice or a nutty rice pilaf. For the Salmon lightly salt & pepper both sides. In a non-reactive pan, on medium high heat, place two tablespoons of olive oil & cook each side for two minutes. Finish in the oven for another ten minutes at 350 degrees

Hollandaise Sauce

- 10 tablespoons unsalted butter (if using salted butter, skip the added salt)
- 3 large egg yolks
- 1 tablespoon lemon juice
- 1/2 teaspoon salt, divided
- 1/8 teaspoon cayenne, optional

Melt the butter slowly in a small pot. Try not to let it boil— you want the moisture in the butter to remain there and not steam away. Add the egg yolks, lemon juice, 1/4 teaspoon of the salt, and cayenne (if using) into your blender. Blend the egg yolk mixture for 30 seconds at a medium high speed, until it lightens in color.

Turn the blender speed to low (if you only have one speed on your blender, it will still work). With the blender running, slowly drizzle in the melted butter, continue to blend.

Turn off the blender and taste the sauce. It should be buttery, lemony and just lightly salty. If it is not salty or lemony enough, you can add a little more lemon juice or the remaining salt to taste. If you want a thinner consistency, add a little warm water. Pulse briefly to incorporate the ingredients one more time. Drizzle the sauce over the salmon and it's a wonderful meal for two.

Lightning Athletics Compete

Crystal Stone

Lightning Athletics, our local competitive recreation cheerleading program, attended Jamz Youth Nationals recently in Las Vegas, Nevada. Jamz Youth Nationals is the largest youth cheerleading competition IN THE WORLD. Lightning Athletics had both of their competition teams qualify to attend Nationals at a Jamz regional competition this past fall.

Sparks, their ages 6-12 novice half year team, took 2nd place at this prestigious event, nearly winning first with only a 0.3 score difference. Vortex, their ages 9-18 full year team, placed into the top 4 within their highly impacted division, scoring well enough to be one of the few teams recognized as award winners.

We are so proud of these Cloverdale athletes and can't wait to see where this sport takes them in the future!

ENGINEERING STATEMENT OF KEITH LEITCH

ENGINEERING STATEMENT

The engineering data contained herein have been prepared on behalf of One Ministries, Inc., licensee of digital television station KQSL-DT, Channel 8 in Fort Bragg, California, in support of its Petition for Rulemaking to change the station's city of license to Cloverdale, California. No change in the licensed operating parameters of KQSL is proposed herein.

The service contours of KQSL are plotted on the following maps. As shown, the proposed community of license, Cloverdale, California, is completely encompassed by the city-grade (43 dBu) contour of the station. Therefore, this proposal meets the requirements of Section 73.625 of the Commission's Rules.

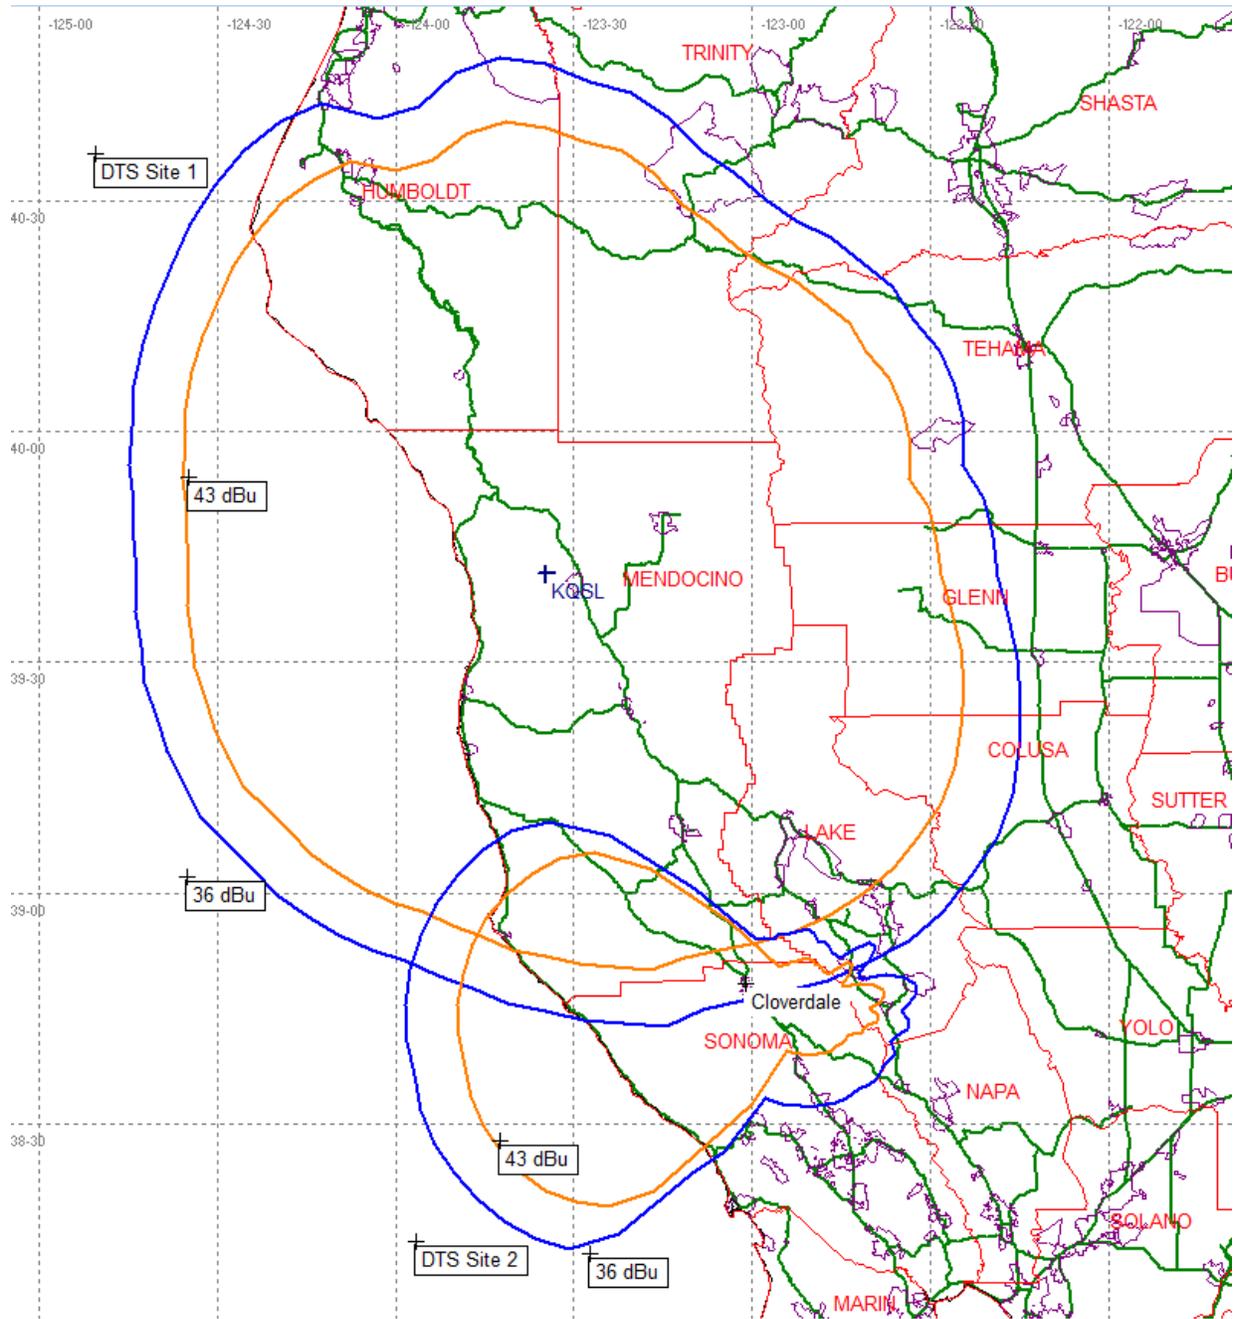

I declare under penalty of perjury that the foregoing statements and the attached exhibit, which was prepared by me or under my immediate supervision, are true and correct to the best of my knowledge and belief.
