

REQUEST FOR SILENT AUTHORITY

Sorensen Pacific Broadcasting, Inc., licensee of FM Translator K243CS, FI 202202, Agana, Guam, which K243CS rebroadcasts, went silent on September 26, 2023 due the failure of KGUM's transmitter's exciter. The exciter must be shipped to and repaired at Broadcast Electronics, the manufacturer, located in Illinois.

Once the equipment is shipped , it is estimated that it will take approximately 2-3 months for repair.

Consequently, the licensee respectfully requests authority to remain silent for 6 months to allow for the repair of the AM exciter.
