

## **PARAMETERS OF RESUMPTION OF OPERATIONS**

Subject facility has been silent since November 19, 2022 pursuant to Special Temporary Authority granted by letter of December 1, 2022 and extended by letter dated May 19, 2023 (File No. 214790.)

The minor modification authorized in Construction Permit File No. 220109 has now been constructed, and an application for License to Cover has been filed (File No. 25836743.)

Operation resumed on October 18, 2023 with the facility authorized in the Construction Permit and as specified in the license application.
