RE: Facility #173670

The former landlord at the WINO site (facility #173670) sold to a new owner who has demanded a 1000% increase in rent and made it financially impossible for us to continue at that site. We have decommissioned the site and went silent on Friday, November 10, 2023 at around 12:30 pm ET.

A search for a suitable new site we can afford is in early stages but has already netted some excellent leads. We anticipate returning to the air with WINO in spring of 2024.
