Fac. ID No. 72773

VCY America, Inc.

Notice of Reduced Power Operations

On November 10, 2023, KVCE(FM) reduced power to 3 kW ERP in order to facilitate the replacement of the station's main transmitter. The new transmitter is in place and being wired. VCY America, Inc. anticipates that KVCE(FM) will return to full power operations in less than 30 days. However, in the event that the station is not able to resume full power operations by December 10, 2023, VCY will seek Special Temporary Authority for reduced power operations.
