

**Soul Harbor Baptist Church, Inc.**  
**NCE FM Interference to Television Channel 6**  
**Milwaukee, WI**

The purpose of this exhibit is to show compliance with Section 73.825 of the Commission's Rules. The Rules require that an LPFM applicant proposing operation on FM Channel 211, whose antenna location is less than 133 kilometers (83 miles) from a full power television Channel 6 facility or 91 kilometers (57 miles) from a low power television Channel 6 facility, furnish a map and an engineering statement, with calculations, demonstrating compliance with the Rules with regard to interference to the reception of television channel 6. The applicant proposes to locate its antenna 127.5 kilometers (79.2 miles) from low power television channel 6, WRME-LD Chicago, IL, the nearest Television Channel 6. Therefore, WRME-LD does not require consideration. Also, there are no full-service TV 6 station within the scope of this study.

Therefore, it may be concluded that the proposed new LPFM station will not cause any interference to the reception of WRME-LD Chicago, IL, TV-6, and the application complies with Section 73.825 of the Commission's Rules as pertains to interference to the reception of TV Channel 6 by LPFM stations.
