## Engineering Certification WHHL-FM Directional Antenna Installation

Jay Pierce  
Director of Technical Operations  
Audacy-St. Louis  
1220 Olive Street Suite 300  
St. Louis, MO 63103

I, Jay Pierce, Director of Technical Operations for Audacy St Louis, hereby certify that the WHHL-FM ERI SHPX-6AE-HW-DA antenna installation on the Tower at 532 DeBaliviere, St. Louis, MO, a new tower replacing ASR 1004577, under my supervision followed ERI's installation drawing set IA34347H-1 and was inspected for confirmation by ERI field technicians. Orientation of the antenna was surveyed by Pitzman's Company of Surveyors & Engineers, a certified and licensed surveyor registered with the state of Missouri, to confirm correct positioning of the antenna.

I have been employed as a Broadcast Engineer for 39 years. During that time I have managed several ERI antenna installations including ones for KLUC-Las Vegas, NV, KZZP- Mesa/Phoenix, AZ, WKXW- Trenton, NJ, and WJLK- Asbury Park, NJ.

A handwritten signature in black ink that reads 'Jay Pierce'.

Jay Pierce  
Director of Technical Operations  
Audacy-St. Louis
