Original Construction Permit Application  
JUPITER, FL  
**CHARM GIRLZ FOUNDATION, INC.**  
Facility ID: 781026

## PROPOSED 60dBu F(50,50) SERVICE CONTOUR

JUPITER, FL ~ Channel 265LP100 (100.9 MHz) ~ ERP 0.100 kW  
Elev: 4.9 meters ~ RCAGL: 35 meters ~ RCAMSL: 39.9 meters ~ HAAT: 27 meters\*  
Overall tower height: 311.5 meters AGL ~ ASR: 1018573  
NAD83 Latitude: 27° 01' 32.0" NL ~ Longitude: 80° 10' 41.9" WL  
No AM stations within 3 km.  
Elevation and HAAT based on NED1 data from FCC Contours API.  
\* - HAAT adjusted for water. See exhibit.

**CALCULATION OF HEIGHT ABOVE AVERAGE TERRAIN**  
**DETERMINATION OF PROPOSED LPFM EFFECTIVE RADIATED POWER**

New(LP)  
Jupiter, Florida  
Channel 265LP100 (100.9 MHz)

A conventional check of height above average terrain (HAAT) for this proposed facility utilizing the FCC Contours API using NED1 terrain data returns 36.4 meters, based on 8 radials. However, in this case, the proposed site is located within 16 kilometers of a large body of water (the Atlantic Ocean) along the 45 and 90 degree radials.

§73.313(d)(2) of the Commission's Rules states that when calculating HAAT, where the 3 to 16 kilometers portion of a radial extends whole or in part over a large body of water or extends into a foreign country and where the 50 uV/m (34 dBu) contour does not encompass United States land area, only the part of the radial from 3 kilometers to the outermost portion of land in the United States covered by the radial must be used in the computation of the antenna HAAT.

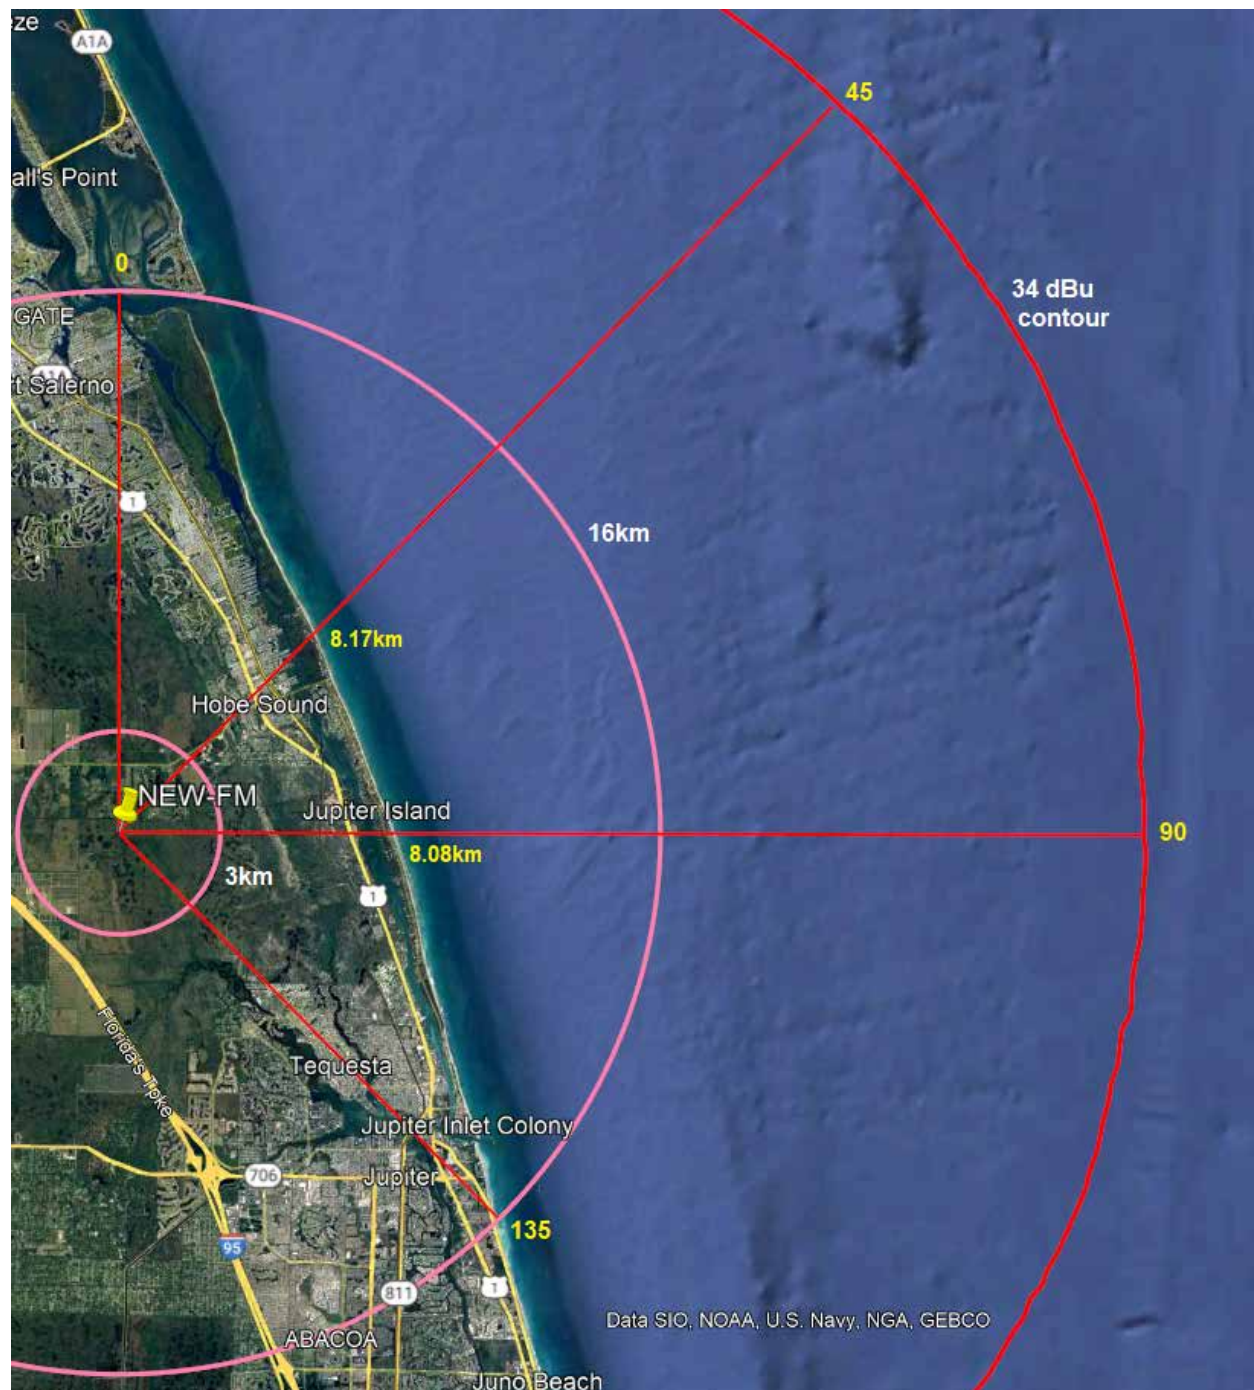

Utilizing the profile functionality of the FCC Contours API, we have recalculated the average elevations along the 45 and 90 degree radials, each utilizing 50 evenly-spaced points utilizing NED1 terrain data. In addition, a contour study demonstrates that there is no other United States land area along those radials within the 34 dBu interfering contour. As such, the calculation of HAAT along each of the 8 radials is calculated as follows:

Azimuth	Original HAAT	Distance checked	Average Elevation	Adjusted HAAT
0	35.71			
45	<del>38.38</del>	3 ~ 8.17 km	3.67 m	0.08
90	<del>38.44</del>	3 ~ 8.08 km	3.57 m	0.18
135	38			
180	35.53			
225	34.21			
270	34.23			
315	36.68			

Taking these adjustments along the 45 and 90 degree radials into consideration, the adjusted HAAT is **26.83 meters**. Pursuant to §73.811(a) of the Commission's Rules, as the adjusted HAAT is 30 meters or less, the applicant is proposing operation at **100 watts** ERP.

## **EDUCATIONAL STATEMENT**

New(LP)  
Jupiter, Florida  
Channel 265LP100 (100.9 MHz)

### **Educational objectives of the organization:**

Charm Girlz Foundation is a Florida nonprofit established in 2019. Our organization is focused on helping girls, ages 7 to 12 to guide them into adulthood as being poised, well-rounded and bright superstars in their own lives, especially in light of unrealistic representations of adolescence and womanhood lacking in morals and value standards as portrayed in the media.

Our educational program revolves around interactive workshops, community service projects, etiquette training and more.

The ultimate goal is to develop a tribe of young ladies who love themselves, others and may someday be a pillar in their community.

### **How the radio station will advance those educational goals:**

The radio station can be used as an extension of our workshops to teach girls of all ages our core values of love, knowledge, community, leadership and diversity. The radio station will help instruct the public on the life skills to make it through today and to succeed in the years to come.

In addition to the educational activities of Charm Girlz, the radio station will act as a community radio station which will enable the community to receive information on current affairs, local events and issues that affect them. The radio station can be used to promote an exchange of ideas through informative and educational programming that may be unavailable elsewhere.

In addition, Charm Girlz will work with other nonprofit organizations and with local schools to enrich the local community and build many new partnerships that will highlight these organizations and programs that are available to Palm Beach County residents.

We strive to be a model community radio station, a source for local education, and a leader in our local community.

### **LPFM POINT FACTORS**

New(LP)  
Jupiter, Florida  
Channel 265LP100 (100.9 MHz)

<b>County of transmitting antenna</b>	<b>Market Name</b>	<b>Market Rank</b>
Martin, Florida	Ft. Pierce-Stuart-Vero Beach, Florida	98

The proposed facility will claim 5 points as set forth:

**Established Community Presence – 1 point**

As the organization was established on December 11, 2019 and has remained local (within 20 miles) in the past two consecutive years, the applicant is eligible to claim the Established Community Presence point.

**Local Programming – 1 point**

Applicant pledges to originate at least 8 hours of local programming, pursuant to Commission policies regarding the LPFM point system, pursuant to §73.872(b)(2).

**Main Studio – 1 point**

Applicant pledges to staff a main studio for at least 20 hours per week and claims the main studio point, pursuant to §73.872(b)(3).

**Local Programming and Main Studio – 1 point**

As both the Local Programming and Main Studio points are being claimed, the applicant is eligible for this point, pursuant to §73.873(b)(4).

**Diversity of Ownership – 1 point**

Applicant has no other attributable interests and therefore is eligible to claim the Diversity of Ownership point, pursuant to §73.872(b)(5) and Page 5 of the Second Window Notice.
