**Re: New LPFM - Radio Educational Network Corp.
Arecibo, Puerto Rico
Proposed Frequency: 89.3 MHz
Rec#: 3615**

Dear Michelle Bradley,

Thank you very much for your PRCZ approval request sent to us in accordance with the Puerto Rico Coordination Zone agreements. We have considered the technical aspects of your application and find that the following installation in **Arecibo, PR** is unlikely to cause harmful interference to the passive use of the Radio Astronomy bands at the Arecibo Observatory.

We therefore have no objections to the proposed installation.

Antenna Location	Frequency
18° 27' 06.6" N + 066° 38' 13.6" W	89.3 MHz

Sincerely yours,

A handwritten signature in blue ink, appearing to read "Angel M. Vázquez", is written over a horizontal line.
