Original Construction Permit Application
BATTLEGROUND, AL
NORTH ALABAMA COMMUNITY BROADCASTING
Facility ID: 784759

PROPOSED 60dBu F(50,50) SERVICE CONTOUR

BATTLEGROUND, AL ~ Channel 264LP100 (100.7 MHz) ~ ERP 0.008 kW
Elev: 320.6 meters ~ RCAGL: 30.5 meters ~ RCAMSL: 351.1 meters ~ HAAT: 104 meters
Overall tower height: 36.6 meters AGL ~ ASR: None (no nearby airports)
NAD83 Latitude: 34° 17' 53.7" N ~ Longitude: 87° 00' 55.8" W
No AM stations within 3 km.
Elevation and HAAT based on NED1 data from FCC Contours API.
Existing non-registered tower structure.

REQUEST FOR WAIVER OF §73.807(a)
SHORT-SPACED SECOND-ADJACENT CHANNEL

New(LP)
Battleground, Alabama
Channel 264LP100 (100.7 MHz)

The instant application meets all §73.807 distance separation requirements with the exception of second-adjacent channel station WXJC-FM, Cullman, Alabama. To address this shortcoming, we propose the following as set forth:

WXJC-FM operates on Channel 266C0 with 100 kW effective radiated power (ERP) at 410 meters height above average terrain into a nondirectional antenna. WXJC-FM places an 84.8 dBu service contour at the proposed site.

Using the U/D method¹, the proposed LPFM station is predicted to produce an undesired interference overlap in respect to WXJC-FM to the proposed LPFM station's 124.8 dBu interfering contour ("overlap zone"). At 8 watts ERP, the overlap zone extends to 11 meters from the base of the antenna structure utilizing the free space method.

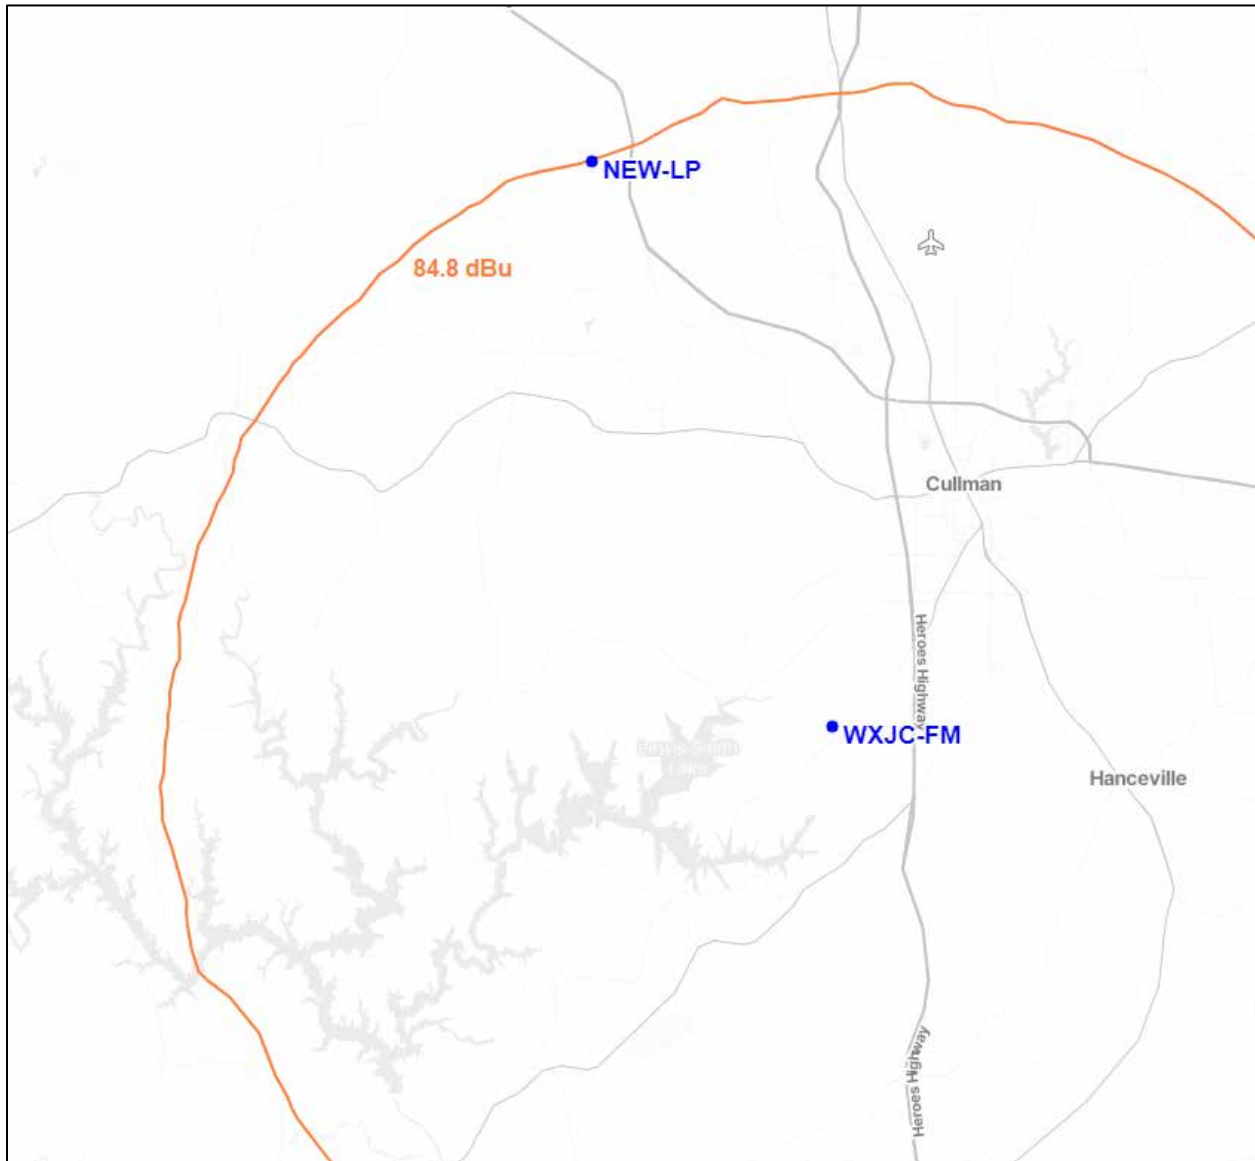

The proposed antenna is on a ground mounted tower directly adjacent to a single story occupied dwelling therefore making the maximum occupied height 2 meters above ground level. As the radiation center is 30.5 meters and the overlap zone only extends 11 meters, this means that the interference will not reach any point lower than 19.5 meters above ground level and therefore will not reach any listeners or potential listeners of WXJC-FM

As we have determined that the proposed facility will not cause any interference, the applicant is requesting a waiver of §73.807(a) in respect to WXJC-FM, Cullman, Alabama.

EDUCATIONAL STATEMENT

New(LP)
Battleground, Alabama
Channel 264LP100 (100.7 MHz)

North Alabama Community Broadcasting has been envisioned for many years and was founded in 2023 with the educational objective of promoting the art of living history through radio, by preserving local community radio through education. We believe that radio can be an effective tool in teaching youth communication and journalism skills; many of which in this area are affiliated with the state recognized Echota Tribe of Cherokee Indians.

The radio station will advance our educational program through the on-air teaching of the various skills that we promote, such as music preservation and appreciation of Alabama's musical heritage, training youth to prepare public interest programs regarding community affairs, and faith-based programs that appeal to our wide-ranging community. Other skills will be incorporated, such as using various types of multimedia ranging from computers to turntables, tape players, cart machines, etc. This also offers the opportunity for the organization to teach the basics of electronic and broadcast engineering to a new generation.

We will also be working with the local agriscience education classes at Danville High School to enrich their course in agricultural communications, providing the students with the opportunity to volunteer on air, contribute to the radio station's social media pages, and assist with creating, editing, and producing programs to serve the local community.

Sample programming includes:

COMMUNITY CALENDAR - A 30 second daily program providing Information for listeners in the area regarding community, church, school, and civic events.

FFA MEMBER OF THE WEEK - Each week, a student will be selected as the FFA Member of the week from a local FFA chapter, such as Danville, Falkville, West Point, etc. This student will be selected based upon their community involvement, as well as their Involvement in the National FFA Organization. The selected student will be interviewed and will describe to the listener their FFA Journey and how it has influenced their personal growth.

TURNTABLE THURSDAY - This one hour program will air material entirely from vinyl, with history behind the song and artist, known as "radio the way it used to be."

AG SAFETY TIP OF THE WEEK - This short program will be delivered PSA style, with a different safety tip presented each week. Sample topics include: firearms safety, tractor rollover safety, rural theft prevention, etc.

CHEROKEE WORD OF THE DAY - Each day, a different word from the Cherokee language will be introduced, with its English translation.

EVIDENCE OF CURRENT CORPORATION STATUS

New(LP)
Battleground, Alabama

LPFM POINT FACTORS

New(LP)
Battleground, Alabama
Channel 264LP100 (100.7 MHz)

County of transmitting antenna	Market Name	Market Rank
Cullman, Alabama	(outside metro)	N/A

The proposed facility will claim 4 points as set forth:

Established Community Presence – not claimed

As the organization was originally established on June 26, 2023, the applicant is unable to claim the Established Community Presence Point, pursuant to §73.872(b)(1).

Local Programming – 1 point

Applicant pledges to originate at least 8 hours of local programming, pursuant to Commission policies regarding the LPFM point system, pursuant to §73.872(b)(2).

Main Studio – 1 point

Applicant pledges to make available an accessible main studio, capable of program origination for a Applicant of 20 hours per week. Applicant claims the Main Studio point, pursuant to §73.872(b)(3).

Local Programming and Main Studio – 1 point

As both the Local Programming and Main Studio points are being claimed, the additional Local Programming and Main Studio "bonus" point is also claimed, pursuant to §73.872(b)(4).

Diversity of Ownership – 1 point

Applicant has no other attributable interests and therefore is eligible to claim the Diversity of Ownership point, pursuant to §73.872(b)(5) and Page 5 of the Second Window Notice.
