

EDUCATIONAL OBJECTIVES

As an applicant for a station license, our educational objective is focused on empowering low-income youth and supporting local schools through diverse programming:

- . **Informative Programming:** Develop programs on local issues and community initiatives, offering in-depth discussions to enhance understanding of complex topics.
- . **Cultural Awareness:** Broadcast diverse cultural content and stories to promote appreciation of different backgrounds and traditions.
- . **Youth Engagement:** Launch youth-focused programs in collaboration with local schools, featuring student-produced content and fostering community involvement.
- . **Health and Wellness Education:** Partner with healthcare experts to provide programs on health issues and wellness, along with awareness campaigns.
- . **Workforce Development:** Offer programs on career development, skills training, and local job opportunities, including interviews with professionals.
- . **Digital Literacy Campaigns:** Implement digital literacy initiatives, providing educational content and workshops in collaboration with community organizations.
- . **Financial Literacy Programs:** Develop segments on financial planning and budgeting, partnering with experts to enhance community financial knowledge.

This objective aims to provide educational and practical experiences in radio broadcasting for youth, while also serving as a platform for diverse community engagement and learning.
