

### **Request for Non-Adjacent Channel Change**

Applicant is requesting a change to non-adjacent channel 215 as a minor modification to the existing license. Currently K220JV operates on channel 220 which is a co-channel to NEW, Terminus, CA FAC# 767958. Please refer to the attached contour interference map demonstrating that the interfering 40 dB $\mu$  F(50,10) contour of NEW Terminus, FAC# 767958 completely overlaps the protected 60 dB $\mu$  F(50,50) contour of K220JV. K220JV also has prohibitive co-channel overlap with NEW, Terminus. The interference to and from NEW Terminus, FAC# 767958 is completely eliminated by moving to non-adjacent channel 215.
