

## Dvyne Souls Education Statement

We believe in the power of communication and the role it plays in building a better, more informed, and engaged community. We're not just a radio station; we're a platform for change, a place where voices are heard, ideas are shared, and talent is nurtured. Through our educational training programs, we offer community members the opportunity to learn about radio broadcasting – from technical skills behind the board to broadcast journalism on the microphone.

We're empowering our community with the skills and knowledge to tell their own stories, and to make their voices heard on the airwaves. In addition, we understand that visibility and reach are crucial for local businesses and organizations. That's why we're committed to offering affordable advertising options, providing a cost-effective pathway for our community partners to connect with their audience, promote their services, and grow their impact.

We are a non-profit organization, driven by the belief that every voice matters and that together, through open communication and collaboration, we can make a difference. Join us in our mission to educate our community and foster an empowering and healthy culture through the power of radio broadcasting.
