

Bakersfield Radio Project

Bakersfield Radio Project is providing this exhibit to provide the Educational Programming in community radio under 75.503(a) of the Rules.

Community:

BRP will provide education and interaction of the local community of Bakersfield, Ca. With limited resources in broadcasting in the area, BRP can provide information on local issues and invite community members to partake in our programming.

Participation:

BRP can provide training and education for on air talent and education in station operations. Minimal engineering knowledge and audio technical courses.

On Air Programming:

Music genres that aren't readily used locally will be used to show a broader scope of the music world.

Local issues and discussions will be offered. Tackling hard and soft local problems.

Network:

Provide space for local non-profits to congregate and meet and partner to meet their goals.
