

Vermont Public Co.

WRVT(FM), Rutland, VT
Facility ID No. 69953

In order to accommodate construction on the licensed tower for WRVT(FM), Rutland, Vermont (the “Station”), Vermont Public Co. hereby requests special temporary authority to operate the Station using a temporary non-directional antenna at reduced power. Specifically, Vermont Public Co. hereby requests authority to operate the Station with an ERP of 670 watts, or approximately 17% of licensed power.

The contour of the non-directional antenna at reduced power will be fully contained within the Station’s licensed contour and will continue to provide service to the Station’s community of license.
