

### **Operational Compliance**

Applicant is the licensee of both the subject FM translator station (W277CJ) and the commercial primary station it rebroadcasts (WUPE). This arrangement is permitted under Section 74.1232(d) of the Commission's rules because (i) W277CJ is a fill-in translator entirely within WUPE's protected contour (see attached Engineering Statement); and (ii) the fill-in translator was requested in a construction permit application pending as of May 1, 2009 (*see* CDBS File No. BNPFT-20030314AMI, filed March 14, 2003, granted October 28, 2013).
