

## **Section 307(b) Change Community of License**

Applicant is requesting a change in community of license to Enoch, UT. The change will give Enoch its 2<sup>nd</sup> full-time aural reception service and its 1<sup>st</sup> full service commercial station. Since KUNY has not been built, licensed or on the air, Paragonah will not be abandoned. The official 2020 US census population for Enoch is 7,544 with a 2023 estimate of 9,051. The official 2020 US census population for Paragonah is only 544 with a 2023 estimate of 597. The public interest would be better served if Enoch received its 2<sup>nd</sup> station, since the population of Enoch is over 15 times as great as that of Paragonah. Furthermore, this proposal would still provide 70 dBμ F(50,50) coverage over the entire city limits of Paragonah.
