

## **MULTIPLE OWNERSHIP COMPLIANCE**

This application requests a construction permit for KTNV-TV, Las Vegas, Nevada (the “Station”) implementing the Media Bureau’s Report and Order in MB Docket No. 21-221, which granted the Station’s request to change its allotted channel from Channel 13 to Channel 26. KTNV-TV is assigned to the Las Vegas, Nevada, Designated Market Area (“DMA”). The E.W. Scripps Company, the indirect parent company of Scripps Broadcasting Holdings, LLC, licensee of the Station, is also the indirect parent company of ION Television License, LLC, which is the licensee of full-power television station KMCC, Laughlin, Nevada (Facility ID No. 41237), which is also assigned to the Las Vegas DMA. KMCC, an ION affiliate, is not ranked among the top-four stations in the Las Vegas DMA, and accordingly common ownership of KTNV-TV and KMCC complies with Section 73.3555(b)(1) of the Commission’s rules, which allows for ownership of two stations in a DMA where one of the stations is not ranked in the top four.
