Modification of Construction Permit 0000218899

APPLICATION NARRATIVE

Georgia-Carolina Radiocasting Company, LLC, licensee of W226BY and primary station, WNEG-AM, seeks to modify construction permit 0000218899. The request modifies the frequency from Channel 226 (93.1 MHz) to first adjacent channel 227 (93.3 MHz); relocates the transmitter site; changes principal community from Toccoa to Franklin Springs, both Georgia; and adds a directional antenna. The FCC 60 dBu contour of the licensed and proposed signals, overlap. The primary station, WNEG-AM, remains unchanged.
