Exhibit: Change of Primary Station

Licensee, Prairie Winds Broadcasting, Inc., certifies that this change is for a licensed FM translator facility (see File No. BLFT-20050914AAB). This change is in accordance with the newly consummated assignment of K253AB to Licensee (see File Nos. 0000219195 and 0000234366). There are no pending applications or outstanding construction permits for K253AB.

K253AB is changing its' primary rebroadcast station to KGIM(AM), Aberdeen, SD (FIN: 1172). A map depicting the fill-in nature of the translator to KGIM(AM) is attached. The KGIM(AM) signal is delivered to K253AB for rebroadcast by a direct wired connection. The FM translator was not granted pursuant to the AMR 2017-2018 window.

It is for these reasons and in the public interest that this application should be granted.
