

W13DS-LD - CLEVELAND, OH  
Channel 13 LPTV

Application Purpose:  
Amendment to a Modification of a Licensed Facility (LPTV)

Amendment proposes a slight change in the antenna rotation, from 300 degrees to 289 degrees. No other changes are proposed in this application amendment. See Engineering narrative statement and supporting figures have been updated if needed. Application is in compliance with the minor change rules as demonstrated in Figure 1.

Coordination with Canada is requested (required).

Respectfully submitted,  
Timothy Z Sawyer, Consulting Engineer (Technical Consultant)
