APPLICATION FCC 349
Prepared For Auril Broadcasting LLC,
W288EA FM Aurora, Illinois
Facility ID 202935 105.5 FM .070 kW
FCC Form 349-Instant Application**

Statement - Nature Of Proposal

Auril Broadcasting LLC, ("Auril Broadcasting") is the licensee of Translator Station W288EA, 105.5 FM, Aurora (Facility Id 202935) W288EA is a licensed Class D FM station with authority to operate .070 kW with a Non directional facility(0000204873). WBIG AM 1280 - Aurora, Illinois is the Primary station(BL-14439)(Facility ID 5217).

Auril Broadcasting herein proposes a change to W288EA, 105.5 to 102.3 MHz. This instant application proposes to utilize a different antenna as the current License(0000204873). Once this instant application is granted. Auril Broadcasting is requesting a change to a Kathrein 3B Custom directional pattern and move it approximately 2.90 miles(4.7Km) North North West to an elevation of 451 feet(137.46 Meters). Auril Broadcasting requests operation at .238 kW power ERP.

The change is due to displacement. WYKT FM 105.5(BLH-19970602KK)(Facility ID 36120) And WZSR FM 105.5(BLH-19971117KC)(Facility ID: 53505) . The result of incoming interference to W288EA 105.5 Aurora (0000204873) requires a frequency move. Auril Broadcasting requests moving to the Frequency of 102.3 MHz and a elevation of 451 feet(137.46 Meters) and a power of .238 kW utilizing a Kathrein 3B Custom Directional pattern.

Incoming co-channel interference from WYKT-FM (Ch. 288A, Wilmington, IL) is causing significant reception difficulties. In support of demonstrating interference on Channel 288, Exhibit 1 depicts the 60 dBu protected contour of the authorized W288AE facility, and the 40 dBu F(50,10) interfering contour from WYKT-FM. As shown, the WYKT-FM interfering contour completely encompasses the 60 dBu contour of the authorized W288EA License.

Incoming co-channel interference from WZSR-FM (Ch. 288A, Woodstock, IL) is causing significant reception difficulties. In support of demonstrating interference on Channel 288, Exhibit 2 depicts the 60 dBu protected contour of the authorized W288EA facility, and the 40 dBu F(50,10) interfering contour from WZSR-FM. As shown, the WZSR-FM interfering contour completely encompasses the 60 dBu contour of the authorized W288EA License.

In granting this Instant application and minor modification Auril Broadcasting is requesting that the Primary station will remain WBIG AM 1280 Aurora (BL-14439) (Facility ID: 5217). With a grant of this instant application W288EA 102.3 mHz 60 dBu would be inside the 2.0 mV/m contour of WBIG AM 1280 Aurora (BL-14439).

This instant application W288EA (0000204873) The city of License will remain Aurora, Illinois.
