Request for STA
KILT(AM)

Audacy License LLC has been informed that the licensed facility of KILT will not be available for use after this weekend. Therefore special temporary authority for operation nondirectionally with 915 watts full time from the #1 tower (ASR 1039493) at the site of the outstanding construction permit BP-20211101AAI is requested. The filtering and detuning apparatus for the implementation of the permit facilities has been installed and tuned and nondirectional operation at this location will be straightforward. This tower is 111.7 degrees tall at 610 kHz.
