

Assignee – Multiple Ownership Compliance & NCE Qualification

The station authorization that will be assigned as part of the proposed transaction is currently commercial but will be converted to noncommercial educational and therefore does not implicate the FCC's radio station ownership restrictions. *See* 47 CFR §73.3555(f). The NCE conversion application is being filed in conjunction with this assignment application, and the grant of both the NCE conversion and assignment applications are conditions of the closing.

The proposed assignee is the licensee of numerous NCE stations and was previously approved by the FCC as qualified to be an NCE licensee in BPED-19890609MD.
