Extension of Existing Engineering STA

This is an extension of an existing STA for KKLS(AM). The STA was originally filed in CDBS (See File No. BSTA-20190429ABG).

Februrary 2024 Update:

Licensee engaged an outside engineer to develop a plan for transitioning to a non-directional antenna and filed a Minor Modification Application (See File Number 0000235057) on January 9, 2024. Licensee is currently awaiting Commission grant for said application. As such, Licensee respectfully request the extension of this STA an additional 6 months to allow Licensee to be granted permission to become non-directional and build out per the construction permit. Said extension is in the public interest.
