

KRTN-TV

EEO Public File Reports

The licensee acquired Station KRTN-TV, Durango, Colorado, FID: 82613, on October 4, 2021. See Assignment Application, File No. 0000154602, granted September 15, 2021 and Notification of Consummation, File #0000162914. KRTN-TV is commonly owned with the following stations:

- KASA-TV, Santa Fe, NM
- KUPT, Hobbs, NM
- KTEL-TV, Carlsbad, NM
- KTEL-CD, Albuquerque, NM

All stations, including KRTN-TV, are assigned to the Albuquerque Designated Market Area in New Mexico and comprise an employment unit for purposes of the FCC's EEO rules. Although EEO public file reports for stations located in Colorado must be filed in online public inspection files annually by December 1, EEO public file reports for stations located in New Mexico are required to be filed annually by June 1.

Because KRTN-TV, KASA-TV, KUPT, KTEL-TV and KTEL-CD comprise a single employment unit, the annual EEO public file report for KRTN-TV was filed on May 27, 2021, by the prior licensee. The next annual EEO public file report for KRTN-TV will be posted and uploaded on June 1, 2022, rather than December 1, 2021, as part of the EEO public file report for the Albuquerque employment unit.
