**GENESIS BROADCASTING NETWORK CORP.**  
**WGES FM RADIO STATION**  
**CH 215C2 - 90.9 MHz - 29.0 kW DA - 87 m HAAT**  
**KEY LARGO, FLORIDA**  
**July 2002**

**TECHNICAL STATEMENT**

This Technical Statement and attached exhibits were prepared on behalf of Genesis Broadcasting Network Corp. ("Genesis"), permittee of FM Radio Station WGES, Channel 215C2, Key Largo, Florida. Genesis holds an outstanding construction permit BPED-19950513MG, expiring May 25, 2004. Due to unforeseen circumstances, Genesis must relocate the station to a new transmitter location. This application, therefore, relocates the transmitter location and slightly reduces the antenna Height Above Average Terrain.

Genesis proposes to locate WGES on a new tower. Therefore, the Federal Aviation Administration has been notified of the proposed construction. Upon receipt of the Determination of No Hazard, Genesis will register the tower with the FCC.

All exhibits called for on FCC Form 340, Section VII, are attached hereto. All other exhibits used to certify the application have been forwarded to Genesis and are available for submission to the Commission upon request.
