Re: Consent Agreement Concerning Minor Change Application  
WPOZ(FM), Union Park, Florida (Fac. ID No. 9876)

Dear Mr. Hoge:

This letter reflects an agreement between Post-Newsweek Stations, Orlando, Inc., licensee of WKMG-TV, Orlando, Florida ("WKMG"), and Central Florida Educational Foundation, Inc., licensee of WPOZ(FM), Union Park, Florida ("CFEF") regarding CFEF's proposed application to the Federal Communications Commission ("FCC") for a minor change to the authorized facilities of WPOZ(FM).

CFEF proposes to request that the FCC authorize the station to operate on Channel 202 (88.3 MHz) from a site located at 28° 34' 07" North Latitude and 81° 03' 16" West Longitude. The proposed facility would operate at 409 meters height above mean sea level and up to 100 kW effective radiated power with horizontal directional polarization.

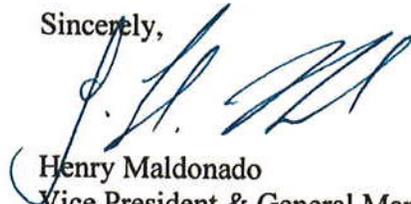

WKMG consents to CFEF's proposed application, subject to the following conditions:

1. If CFEF is notified that its operation creates any interference to WKMG's viewers, CFEF will, at its own expense, take all steps necessary to correct the interference as quickly as possible, but in any event no later than 30 days after initial notification. If it receives this notification from any source other than WKMG, CFEF will notify WKMG within 24 hours of the complaint.
2. This consent is specific to the proposed facilities described above. WKMG does not consent to operation from any tower site other than the site described above, nor does it consent to operation with specifications that differ from those described above.
