Engineer Affidavit, WRNM/ BPED-20171207ACH

I, James Larner, am a broadcast engineer with experience in installing multiple broadcast facilities, including others using Shively custom directional arrays. I have now served as the supervising installation engineer for WRNM, Ellsworth, Maine.

I am familiar with the terms of WRNM's construction permit and with its antenna proof of performance, and hereby declare that the antennas have been installed in accordance with both the terms of the FCC Construction Permit, and with the antenna manufacturer's instructions.

Respectfully Submitted,

James A. Larner
