In re: WSSH(FM), Lisbon, NH  
Nostalgia One Public Radio, Inc.  
Facility ID No.: 176846  
BPED-20140103AJT

Dear Mr. Lunderville:

This letter is in reference to the above-captioned minor change application for noncommercial educational FM Station WSSH(FM) to increase the effective radiated power from 0.13 kilowatt to 5 kilowatts and install a directional antenna.

The proposal would receive prohibited contour overlap from the licensed facility (File No. BMLED-20120821ABT) of first-adjacent channel Class B FM Station WVPR(FM), Windsor, Vermont (Facility ID No.: 69951) on Channel 208. Specifically, WVPR's 54 dBu interfering contour would overlap the proposed 60 dBu protected contour by as much as 1.15 kilometers. This overlap is in violation of 47 C.F.R. § 73.509(a).

Accordingly, Application File No. BPED-20140103AJT IS HEREBY DISMISSED, pursuant to 47 C.F.R. § 73.3566(a), as unacceptable for filing. This action is taken pursuant to 47 C.F.R. § 0.283.

Sincerely,

*Arthur E. Doak*
