

DUOPOLY SHOWING

The Nielsen ratings organization has acquired Arbitron, whose definitions of "radio metro markets" have been definitive for Section 73.3555 radio multiple ownership studies submitted to the FCC. The most recent Arbitron market definition available to us (2012) defined the Portland radio metro market as consisting of the following six counties: in Oregon, Clackamas, Marion, Multnomah, Washington and Yamhill; and in Washington, Clark.

Pursuant to Section 73.3555(a)(i), a party may own up to five stations in any one service (and eight stations overall) where the relevant radio market contains at least 45 full-power commercial and non-commercial AM and FM radio stations. Excluding the three full-power commercial AM broadcast stations licensed to Mr. Distell (KWBX(AM), Woodburn, OR; KCKX(AM), Stayton, OR; and KZGD(AM), Salem, OR), there are a total of 56 full-power commercial and non-commercial AM and FM stations licensed to communities located within the six counties of the Portland radio metro market. A list of these stations is contained on the following pages.

As a result, the proposed transaction complies with Section 73.3555 of the Commission's Rules, and a grant of this application would serve the public interest, convenience and necessity.

	CALL	FREQUENCY	CITY	COUNTY	STATE	FCC ID
1.	KPOJ	620 kHz	Portland	Multnomah	OR	53069
