**Re: KWMS-LP Tower Discrepancy**  
Facility ID: **131349**

KWMS-LP is an existing licensed facility that is currently authorized to transmit on channel 17.

KWMS-LP's licensee, SonRise Communications, LLC, applied and constructed a tower in 2001 at grid coordinates (NAD 83) 32-30-07.2 N 092-07-35.4 W. When KWMS-LP moved their transmission facility to this tower, they overlooked the NAD 83 to NAD 27 conversion. This has been corrected in this application to show Coordinates in NAD 27.
